Keeping the Light in Your Eyes: A Guide to Helping Teachers Discover, Remember, Relive, and Rediscover the Joy of Teaching Beth Hurst, Ginny Reding, 2018-03-29 The authors of this inspirational new book were on a mission While much has been written about teacher burnout and the day to day problems teachers face little has been written about how teachers who deal with these problems overcome them and continue to enter the classroom each morning with enthusiasm for their calling To discover such teachers the authors interviewed over 70 teachers in communities across the country to find teachers who in a profession characterized by pressure stress and little reward still find teaching an enjoyable fulfilling career The book includes over 150 teacher narratives of their real life classroom experiences The narratives provide unique insights into creating a teaching mission setting up a community of learners discovering the rewards of diversity balancing personal and professional time turning mistakes into excellence using laughter to create rapport with students and using discipline to create an atmosphere of trust and cooperation in the classroom From these inspirational stories emerges a vision of the joys and rewards of working with children and a portrait of the teachers who have made a difference in the lives of their students and a contribution to their community The quotes stories and advice written in the teachers own words are interwoven with practical suggestions for ideas to make the classroom an inspirational environment for students and teachers alike

The Experimental Impulse in George Meredith's Fiction Richard C. Stevenson, 2004 This book argues that George Meredith as a writer of Victorian fiction is most critical for us today because of the ways in which he wrote against convention The focus is on seven novels An Essay on Comedy The Ordeal of Richard Feverel The Adventures of Harry Richmond The Egoist One of Our Conquerors Lord Ormont and His Aminta and The Amazing Marriage which clearly illuminate the experimental and transgressive impulse in Meredith as seen in his treatment of controversial contemporary themes in his departures from conventions of genre and in his innovations with narrative technique and the representation of consciousness canonical writers we now associate with the first wave of modernism in the English novel James and then Woolf Forster Lawrence Conrad Ford and Joyce to varying degrees all saw Meredith as an influence to be reckoned with in their own novelistic experimentation an influence this book proposes essential to understanding the modernist translation of nineteenth century realism into new formal thematic and psychological realms twentieth century British novel at the University of Oregon

Fecal Matters in Early Modern Literature and Art Jeff Persels, Russell Ganim, 2017-03-02 Feces urine flatus phlegm vomitus unlike ourselves our most educated forebears did not disdain these functions and further they employed scatological references in all manner of works This collection of essays was provoked by what its editors considered to be a curious lacuna the relative academic neglect of the copious and ubiquitous scatological rhetoric of Early Modern Europe here broadly defined as the representation of the process and product of elimination of the body's waste products The contributors to this volume examine the many forms and functions of scatology as literary and artistic trope and reconsider this last taboo in the context of Early Modern European expression They address unflinchingly both the objective reality of the scatological as part and parcel of material culture inescapably a much larger part a much heavier parcel then than now and the subjective experience of that reality among contemporaries

The Humor of Humanity Pasquale De Marco, 2025-07-16 From the earliest cave paintings to the latest viral memes humor has been an integral part of the human experience It can lighten our darkest moments bring us together and help us make sense of the world around us In this thought provoking and entertaining book we explore the many facets of humor from its biological and psychological roots to its role in culture society and everyday life We also take a look at the different types of humor from slapstick to satire and how they can be used to achieve different effects One of the most fascinating things about humor is its universality People from all over the world regardless of their culture or background can appreciate a good joke This suggests that there is something innately human about humor Perhaps it is our ability to laugh at ourselves or our tendency to find joy in the unexpected Whatever the reason humor is a powerful force for good in the world It can help us to cope with stress build relationships and connect with others It can also be a tool for social change helping us to challenge injustice and promote understanding In this book we celebrate the humor of humanity We explore the different ways that people use humor to make sense of the world and we see how humor can be a force for good in our lives

This book is perfect for anyone who is interested in humor laughter and the human condition It is also a great read for anyone who is looking for a way to add more joy and laughter to their life If you like this book write a review *The Leisure Hour* ,1882 **Prayers to a Dying God** Pasquale De Marco,2025-07-25 In *Prayers to a Dying God* Pasquale De Marco embarks on a literary pilgrimage exploring the profound and multifaceted nature of death its impact on our lives our relationships and our perceptions of the world around us Through a chorus of voices each offering a unique perspective on the human journey we traverse the desolate landscapes of grief and loss discovering the transformative power of memory the resilience of the human spirit and the enduring bonds that connect us to those who have passed beyond our physical reach As we wander through the labyrinth of time we contemplate the fleeting nature of existence the ephemeral beauty of each moment and the significance of the choices we make along the way Time both a healer and a relentless adversary becomes a mirror reflecting the fragility of our lives and the urgency with which we must embrace each precious breath Through the prism of introspection we explore the masks we wear the facades we construct to conceal our true selves from the world Yet beneath these disguises lies the yearning for authenticity the desire to shed our protective layers and embrace our vulnerabilities In the crucible of self discovery we learn to confront our shadows to forgive our past transgressions and to emerge as beings who are both deeply flawed and beautifully human The journey we undertake in this book is not one of despair but of awakening It is an invitation to confront the reality of death with courage compassion and a profound appreciation for the gift of life For within the embrace of mortality lies the seed of our humanity the spark that ignites our passions fuels our creativity and drives us to seek meaning in a world that often seems indifferent to our existence As we navigate the uncharted waters of the human experience may these words serve as a beacon illuminating the path towards a deeper understanding of ourselves our place in the grand scheme of things and the profound beauty that can be found even in the face of our inevitable end If you like this book write a review Connection Katherine F.
