Lighter Than A Feather:

Lighter Than a Feather David Westheimer, 1971 **Jenny in the Cornpatch** Black Jack Davy, 2019-07-15 A collection of songs written and recorded by David Fletcher aka BlackJack Davy from 1969 2019 For 50 years BlackJack has honed his craft into a fine art **Collected Works of Erasmus** Desiderius Erasmus, 2016-01-01 These volumes are the first in a series containing works by Erasmus that concern literature and education interests which to him were scarcely separable The aim of Erasmian education was a civilized life expressed in Christian piety and the fulfilment of public and private duties and embellished by learning and literature Towards these ends the soundest training for youth was what Erasmus often called *bonne litterae* good letters a literary and rhetorical training based on Greek and Latin authors For centuries the classical curriculum was the core of liberal education and Erasmus was long regarded as its exemplar Though never a university teacher except briefly at Cambridge 1311 14 he was a teacher of teachers through his treatises on pedagogy and rhetoric and his many works of scholarship The four works presented here in annotated translations are characteristic expressions of his dedication to learning and his confidence in the values of classical literature for the modern world of his time *Antibarbari* 1520 translated and annotated by Margaret Mann Phillips is a defence of the humanities against ignorant and misguided critics who question both their supposed worth and the appropriateness of pagan writings for Christian pupils The reply of Erasmus becomes a manifesto on behalf of reason scholarship and literature As for paganism he insists that if secular knowledge is used properly it cannot harm but must help Christians None of the liberal disciplines is Christian because they all antedated Christianity yet they all concern Christ because they can be put to Christian uses *Parabolae* 1514 translated and annotated by R A B Mynors a work that contributes eminently to style is a collection of similitudes drawn from observations of men customs and nature Many are culled from Plutarch and Seneca but for those from Seneca and from Aristotle the moral applications are added by Erasmus As an exercise in the rhetoric of moral philosophy many jewels in one small box Erasmus terms it this book quickly became popular and long remained so *De copia* 1512 translated and annotated by Betty I Knott is not a plan for the entire curriculum but a treatise on the abundant or rich style in writing and speaking Latin a guide to attaining fluency and variety in discourse As a manual for students *De copia* broke new ground It was a remarkably successful work used in schools in many lands for generations From 1312 to 1600 more than 130 printings are recorded *De ratione studii* 1312 translated and annotated by Brian McGregor furnishes a concise but clear exposition of the curriculum text and methods of Erasmus programme for liberal studies in grammar schools Here as in all of his writings on education language is the heart of the matter The main goals are accurate effective expression and communication in Latin though Erasmus expects much besides literature to be learned from the study of literature He emphasizes the necessity for competent and sympathetic teachers Each translation is introduced by the translator and a general introduction by the editor discusses the significance of each of the works its relation to the others and its subsequent fortunes Wallace K Ferguson

Ellis,2015-05-01 The first edition of A Symphony of Silence An Enlightened Vision was inspired by the desire to share with humanity through multiple voices the ineffable beauty we experience in our lives when the veil of ignorance is pulled back and the wonder of our essential nature is revealed The voices emerging from these pages add vitality and validity to our shared experience of the silence of the transcendent It is not something beyond our reach but a reality that has always been with us quietly awaiting an opportunity to unfold In this second edition of A Symphony of Silence several new voices are added to the chorus of the first edition A Catholic priest tells us of using TM as part of his inspired vision of the power of love to transform the lives of abused and destitute children from the streets of South America The founding director of an orphanage and school in Uganda who likewise brings TM to children in need describes to us his compassionate resolve to eradicate suffering within his community A poet expresses for us in verse the joy of a seeker reaching for the light A scientist and his colleagues show us the power of TM to reduce stress and alleviate PTSD in the field of law enforcement An actor director producer and entrepreneur explores with us his innovative projects for inner city students through Edutainment Women who for decades dedicated themselves to introducing the TM program to their multicultural community share with us delightful and very personal stories A pioneering social activist brings us into the conversation he had with Maharishi in 1968 at a conference in Squaw Valley California He talked candidly with Maharishi about the need to introduce TM as a tool to bring inner freedom to the inner cities helping to fulfill the quest for true civil rights The voices in A Symphony of Silence create a glimpse into the vast impact that Maharishi has on many lives throughout the world **Fuel Magazine** ,1910
