**Collieries of Wales** Stephen R. Hughes,1994 The purpose of this publication is to portray the main surface elements of working Welsh collieries as they survived into the 1980s and 1990s almost invariably multi period complexes with structures adapted and re adapted during successive rebuildings and enlargements This book seeks to portray in simple terms the technology used in relation to these structures and buildings and also to place them in a historical context It is hoped that others will be encouraged to explore in greater depth the archives which have been safeguarded and to interpret further the archaeology of what was one of the most significant industries in the formation of modern Wales Contents Preface Introduction The Planning and Design of Collieries Collieries Underground Colliery Headframes Winding Coal Water Pumping Mine Ventilation The Use of Compressed Air Preparation of Coal for Sale Workshops and Stores Colliery Offices Pithead Baths Conclusion Glossary Surviving Colliery Machinery Gazetteer of Protected Colliery Sites Index

**Second Stages in Researching Welsh Ancestry** John Rowlands,Sheila Rowlands,1999 Anyone who has had any success in researching their Welsh ancestry will know that a grasp of specialized Welsh genealogical methods and sources is only one of several factors that contributed to that success They will know for example how important it is in Welsh research to have some understanding of the social cultural religious and economic background of the communities in which those ancestors lived This book attempts to broaden that understanding especially for the period prior to 1800 when most researchers begin to experience difficulties In addition it aims to make readers more aware of some little known sources and the special uses that may be applied to the information found in these sources

*The Nanteos Grail* John Matthews,Ian Pegler,Fred Stedman-Jones,2022-03-15 Did seven monks carry The Grail from Glastonbury Abbey at the time of the Dissolution of the Monasteries in 1539 to the Cistercian Abbey of Strata Florida in Mid Wales The mystery of the Nanteos Cup and its healing powers has fascinated and intrigued for 300 years

**British and Irish Archaeology** ,1994 Lost Sounds Alan Renton,2001 *Lost Sounds* visits a number of lighthouses at different times over the last 130 years to reveal the philanthropic scientific and romantic story of the fog signal how it came about how the machinery worked and for the mariner and the keeper what it sounded like The development of fog signals complemented the expansion of lighthouse construction worldwide from the last quarter of the 19th century and represented the attempt to provide a vital navigation aid to mariners when the beam of light from the lighthouse lens was obscured by fog *Lost Sounds* reveals the practical development of sound signals from the early percussion instruments to the later succession of compressed air sirens and diaphones through to the last remaining electric emitters But it is much more than that it is a

record of another part of maritime history      *Wales from the Air* Chris Musson,1994      Preserving Historic Lighthouses,1989      **Rock Lighthouses of Britain** Christopher P. Nicholson,1995 When waves higher than the vessels that sail upon them smash against the half submerged rocks at the extremities our coastline the whole ocean becomes a raging foam which continues to claim the lives of unwary navigators Man s struggle to build a permanent and durable structure such as a lighthouse on these sites is a story that cannot fail to stir the emotions of anyone who enjoys tales of endeavour ingenuity and dogged determination In this second edition of his book Christopher Nicholson vividly describes the construction and history to the present day of some of the world s most famous lighthouses Book jacket      Lighthouses of the Florida Keys Love Dean,1998 An updated historical account of the Florida Keys lighthouses full of history and legend      Bibliography of Nautical Books Alan Obin,2000-02 This is the 15th annual edition of the Bibliography of Nautical Books a reference guide to over 14 000 nautical publications It deals specifically with the year 2000      *Scientific Computing and Cultural Heritage* Hans Georg Bock,Willi Jäger,Michael J. Winckler,2012-10-22 The sheer computing power of modern information technology is changing the face of research not just in science technology and mathematics but in humanities and cultural studies too Recent decades have seen a major shift both in attitudes and deployment of computers which are now vital and highly effective tools in disciplines where they were once viewed as elaborate typewriters This revealing volume details the vast array of computing applications that researchers in the humanities now have recourse to including the dissemination of scholarly information through virtual co laboratories data retrieval and the modeling of complex processes that contribute to our natural and cultural heritage One key area covered in this book is the versatility of computers in presenting images and graphics which is transforming the analysis of data sets and archaeological reconstructions alike The papers published here are grouped into three broad categories that cover mathematical and computational methods research developments in information systems and a detailed portrayal of ongoing work on documenting restoring and presenting cultural monuments including the temples in Pompeii and the Banteay Chhmar temples of the Angkorian period in present day Cambodia Originally presented at a research workshop in Heidelberg Germany they reflect the rapidly developing identity of computational humanities as an interdisciplinary field in its own right as well as demonstrating the breadth of perspectives in this young and vibrant research area      Archaeologia Cambrensis ,2005      The Archaeology of Medieval England and Wales John Steane,2014-10-30 In the preceding 25 years to this book s publication in 1985 there was an extensive and unprecedented burst of archaeological activity in evidence from below ground deposits above ground structures and artefacts During the boom of the late 1960s and 1970s which led to go much central town redevelopment it was buried remains which yielded the most dramatic information In the recession of the 1980s it was realised that upstanding remains had a lot to offer as well and they were being subject to ever more sophisticated study techniques This book examines those recent developments in archaeology and assesses their bearing on the study of medieval English and Welsh history Taking a

series of important themes such as government religion and the countryside the book offers a chronological approach from the coming of the Vikings 850 AD to the Reformation in 1530 This approach focuses on the impact of man on the urban and rural landscape An important text for students of ancient history      **Handbook for British and Irish Archaeology** ,1997 A one stop truly comprehensive dedicated and reliable sourcebook for archaeology      **Architectural Publications Index** ,1996      **Transactions** Ancient Monuments Society,1995      Journal of the Architectural, Archaeological, and Historic Society for the County and the City of Chester and North Wales Architectural, Archaeological, and Historic Society for the County and the City of Chester and North Wales,Chester Archaeological Society,Chester and North Wales Architectural, Archaeological, and Historic Society,1908      The Golden Age Ian Inkster,2017      Law and Economics Jenny B. Wahl,2013-09-13 This title aims to explain and criticize the economic approach to law by covering economic analysis in property and criminal law To save the time of the reader not wanting to relearn multivariate calculus with each section this title provides comprehensive bibliographies and highlights major contributions in the introductions to each volume A key overview for students of economy and law to gain a broad understanding of how to approach these themes in practice
