woman's struggle to care for her seriously ill husband and a revealing look at the role unpaid family caregivers play in a society that fails to provide them with structural support Already Toast shows how all consuming caregiving can be how difficult it is to find support and how the social and literary narratives that have long locked women into providing emotional labor also keep them in unpaid caregiving roles When Kate Washington and her husband Brad learned that he had cancer they were a young couple professionals with ascending careers parents to two small children Brad's diagnosis stripped those identities away he became a patient and she his caregiver Brad's cancer quickly turned aggressive necessitating a stem cell transplant that triggered a massive infection robbing him of his eyesight and nearly of his life Kate acted as his full time aide to keep him alive coordinating his treatments making doctors appointments calling insurance companies filling dozens of prescriptions cleaning commodes administering IV drugs She became so burned out that when she took an online quiz on caregiver self care her result cheerily declared You're already toast Through it all she felt profoundly alone but as she later learned she was in fact one of millions an invisible army of family caregivers working every day in America their unpaid labor keeping our troubled healthcare system afloat Because our culture both romanticizes and erases the realities of care work few caregivers have shared their stories publicly As the baby boom generation ages the number of family caregivers will continue to grow Readable relatable timely and often raw Already Toast with its clear call for paying and supporting family caregivers is a crucial intervention in that conversation bringing together personal experience with deep research to give voice to those tasked with the overlooked vital work of caring for the seriously ill The Wilderness Within Kristina K.

Groover,1999-01-01 America's literature is notably marked by a preoccupation with the spiritual quest Questing heroes from Huck Finn to Nick Adams have undertaken solitary journeys that pull them away from family and society and into a transformative wilderness that brings them to a new understanding of the spiritual world Women however have not often been portrayed as questing heroes Bound to home and community they have been more frequently cast as representatives of that stifling world from which the hero is compelled to flee Are women in American literary texts thus excluded from spiritual

experience Kristina K Groover in examining this question finds that books by American women writers offer alternative patterns for seeking revelation patterns which emphasize not solitary journeys but the sacredness of everyday life Drawing on the work of feminist theorists and theologians including Carol Gilligan Naomi Goldenberg and Rosemary Ruether Groover explores the spiritual nature and force of domesticity community storytelling and the garden in the works of such writers as Toni Morrison Katherine Anne Porter Kaye Gibbons and Alice Walker Ordinary personal experience in these works becomes a source for spiritual revelation Wisdom is gained lessons are learned and lives are healed not in spite of home and communal ties but because of them Thus American women writers Groover argues make alternative literary and spiritual paradigms possible Similarly Kristina K Groover in this lucid and groundbreaking work opens up new fields of exploration for any reader interested in women s spirituality or in the rich diverse field of American literature

Let Us Explore the Inevitable Zorain Collier-Carter, 2022-07-26 We will all travel our own individual roads to the Inevitable. Let's learn how to talk about it comfortably and start early teaching our children and others how to engage the subject of death without fear or distress. It's all around us. So much that it is almost overwhelming. You no longer have to read the newspaper or a magazine to learn about a death; there is Social Media and now on television constantly. Breaking News and most of the time it is a killing of some sort or the death of a well-known person. The more we share with others, the more we become at ease with the subject. A lot of stress is released, and if it is personal, you may receive a great deal of comfort. So let's start to talk about the inevitable appropriately. *Ebony Jr.*, 1983-02
