Stephen Sandy Grace Schulman Robyn Selman Alan Shapiro Reginald Shepherd Anglea Sorby Laurel Trivelpiece Paul Violi Arthur Vogelsang David Wagoner Charles H Webb Ed Webster David Wojahn Jay Wright Stephen Yenser      **The State of the Art** David Lehman, 2015-04-21 The acclaimed annual The Best American Poetry is the most prestigious showcase of new poetry in the United States and Canada Each year since the series began in 1988 David Lehman has contributed a foreword and this has evolved into a sort of state of the art address that surveys new developments and explores various matters facing poets and their readers today This book collects all twenty nine forewords including the two written for the retrospective Best of the Best volumes for the tenth and twenty fifth anniversaries Beginning with a new introduction by Lehman and a foreword by poet Denise Duhamel guest editor for The Best American Poetry 2013 the collection conveys a sense of American poetry in the making year by year over the course of a quarter of a century      **Performing the Literary Interview** John Rodden, 2001-01-01 When authors are interviewed about their books or themselves much more is going on than a simple conversation The interview becomes a performance space for authorial orchestration and self promotion and interviewers in turn respond to such self display and theatrics Featuring absorbing conversations with nine well known authors including poets Richard Howard and Gerald Stern novelist Isabel Allende and scholar intellectual Camille Paglia Performing the Literary Interview is the first in depth look at this type of performance art Interviews with poets fiction writers and intellectuals enable John Rodden to identify a range of rhetorical strategies and their effects and to formulate a typology for appreciating the various roles that interviewers and interviewees assume Traditionalists foreground their work rather than themselves raconteurs are storytellers who skillfully spin anecdotes and creatively showcase their personalities and advertisers more explicitly use the literary interview to promote and sell themselves This pioneering persuasive study stakes a claim to a new area of scholarly inquiry in the humanities The literary interview can no longer be considered only as a voyeuristic window on an author or a celebrity vehicle or even an entertaining diversion but should also be approached as a serious genre meriting scholarly attention and analysis      **Poetry and Revelation** Kevin Hart, 2017-04-20 Religious poetry has often been regarded as minor poetry and dismissed in large part because poetry is taken to require direct experience whereas religious poetry is taken to be based on faith that is on second or third hand experience The best methods of thinking about experience are given to us by phenomenology Poetry and Revelation is the first study of religious poetry through a phenomenological lens one that works with the distinction between manifestation in which everything is made manifest and revelation in which the mystery is re veiled as well as revealed Providing a phenomenological investigation of a wide range of religious poems some medieval some modern some written in English others written in European languages some from America some from Britain and some from Australia Kevin Hart provides a unique new way of thinking about religious poetry and the nature of revelation itself      AIDS Narratives Steven F. Kruger, 2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse

on AIDS has reflected ideologies of gender and sexuality such as the construction of AIDS as a disease of gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual's bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it

**How Poets See the World** Willard Spiegelman, 2005-06-23 Although readers of prose fiction sometimes find descriptive passages superfluous or boring description itself is often the most important aspect of a poem This book examines how a variety of contemporary poets use description in their work Description has been the great burden of poetry How do poets see the world How do they look at it What do they look for Is description an end in itself or a means of expressing desire Ezra Pound demanded that a poem should represent the external world as objectively and directly as possible and William Butler Yeats in his introduction to *The Oxford Book of Modern Verse* 1936 said that he and his generation were rebelling against inter alia irrelevant descriptions of nature in the work of their predecessors The poets in this book however who are distinct in many ways from one another all observe the external world of nature or the reflected world of art and make relevant poems out of their observations This study deals with the crisp elegant work of Charles Tomlinson the swirling baroque poetry of Amy Clampitt the metaphysical meditations of Charles Wright from a position in his backyard the weather reports and landscapes of John Ashbery and the new way of looking that Jorie Graham proposes to explore in her increasingly fragmented poems All of these poets plus others Gary Snyder Theodore Weiss Irving Feldman Richard Howard who are dealt with more briefly attend to what Wallace Stevens in a memorable phrase calls the way things look each day The ordinariness of daily reality is the beginning of the poets' own idiosyncratic indeed unique visions and styles

**The Oxford Book of American Poetry** David Lehman, 2006 Redefines the great

canon of American poetry from its origins in the 17th century right up to the present      *Contemporary Gay American Poets and Playwrights* Emmanuel S. Nelson, 2003-06-30 Gay presence is nothing new to American verse and theater Homoerotic themes are discernible in American poetry as early as the 19th century and identifiably gay characters appeared on the American stage more than 70 years ago But aside from a few notable exceptions gay artists of earlier generations felt compelled to avoid sexual candor in their writings Conversely most contemporary gay poets and playwrights are free from such constraints and have created a remarkable body of work This reference is a guide to their creative achievements Alphabetically arranged entries present 62 contemporary gay American poets and dramatists While the majority of included writers are younger artists who came of age in the post Stonewall U S some are older authors whose work has continued or persisted into recent decades A number of these writers are well known including Edward Albee Harvey Fierstein and Allen Ginsberg Others such as Alan Bowne Timothy Liu and Robert O Hara merit wider recognition Each entry is written by an expert contributor and includes a biography a discussion of major works and themes an overview of the author's critical reception and primary and secondary bibliographies      What is a Book? David Kirby, 2002 In *What Is a Book* David Kirby addresses the making and consuming of literature by redefining the four components of the act of reading writer reader critic and book He discusses his students his work and his practice as a teacher writer critic and reader and positions his theories and opinions as products of real life as much as academic exercise Among the ideas animating the book are Kirby's beliefs that devotion is more important than dissection and practice is more important than theory Covering an impressive range of writers from Emerson Poe and Melville to James Dickey Charles Wright Richard Howard Susan Montez and others Kirby considers the evolution of critical theory from the nineteenth century to the late twentieth and explores the role of criticism in contemporary culture Drawing from his experience writing poetry and reading to children at a local housing project he answers two of his four central questions What is a reader and What is a writer In the largest section of the book *What Is a Critic* Kirby demonstrates his passionate engagement with the function of the critic in literary culture and offers both overviews and close examinations of literary theory book reviewing and the historical background of criticism from its earliest beginnings In the final section of the book he addresses the question What is a book with an examination of the reading preferences of older readers Kirby's analysis of those responses along with his own notions of the literary canon is an insightful excursion into how books are valued Deeply learned and wonderfully entertaining *What Is a Book* is a lucid look at the whole of literary culture Kirby makes us think about the books we love and why we love them
