Abortion and the right of a woman to control her fertility cross boundaries of race ethnicity and social class In this revealing and in depth study Jean P Peterman focuses on a group of Puerto Rican women in Chicago whose decisions about abortion highlight the contradictions between the sexually conservative ethnic and religious beliefs of this community and the fact that Latina women including Puerto Rican women have abortions at a rate one and a half times as high as non Latinas For more than half the women Peterman interviewed their decision to have an abortion allowed them to maintain opportunities for themselves or to resist male control Despite their resistance to traditional gender roles their Puerto Rican identity remains strong The term cultural story coined by sociologist Laurel Richardson explains how cultures create and support their social worlds their cultural and social frameworks as well as beliefs about home community sex roles and family A collective story is an oppositional story a form of resistance and a catalyst for change In this book the stories recounted by these women involve struggles against barriers intrinsic to their social structure such as poverty prejudice and discrimination that ultimately shape newfound feelings of independence inner strength and control over their own fertility and their lives

Marriage from the Heart Donald R. Downing, 2010-04 Marriage is God's idea He has no bad ideas He brought Eve to Adam married them and they lived as husband and wife for over 900 years Genesis 2:21-25 and 5:5 By this we can conclude that divorce was not God's idea but Satan's idea to destroy God's ideas plans and purpose of marriage between a man and a woman We seek to find the right person when the greater picture is to be the right person Man sets the time for the wedding but God sets the time for the marriage There is a great difference between a wedding and a marriage Many walk down the aisle to be wedded for all the wrong reasons Saying I do and placing wedding rings upon fingers does not always mean they are married within their hearts This book reveals that a man and a woman may marry and yet not be a true husband and wife It stresses the importance of friendship courtship engagement and being married from the heart Introducing a revolutionary approach to the covenant of marriage this book addresses commitment romance love keeping a right heart a sound mind and a pure relationship Dr Donald R Downing is a heart physician and specialist from God to the body of Christ He has written over 12 books and considers Marriage from the Heart to be one of his most important writings He believes the only way to defeat the high rate of divorce and separation is to restore romance to the relationship and to be truly married from the heart

Rethinking Therapeutic Culture Timothy Aubry, Trysh Travis,2015-06-05 Social critics have long lamented America s descent into a culture of narcissism as Christopher Lasch so lastingly put it fifty years ago From first world problems to political correctness from the Oprahfication of emotional discourse to the development of Big Pharma products for every real and imagined pathology therapeutic culture gets the blame Ask not where the stereotype of feckless

overmedicated half paralyzed millennials comes from for it comes from their parents therapist s couches Rethinking Therapeutic Culture makes a powerful case that we ve got it all wrong Editors Timothy Aubry and Trysh Travis bring us a dazzling array of contributors and perspectives to challenge the prevailing view of therapeutic culture as a destructive force that encourages narcissism insecurity and social isolation The collection encourages us to examine what legitimate needs therapeutic practices have served and what unexpected political and social functions they may have performed Offering both an extended history and a series of critical interventions organized around keywords like pain privacy and narcissism this volume offers a more nuanced empirically grounded picture of therapeutic culture than the one popularized by critics Rethinking Therapeutic Culture is a timely book that will change the way we ve been taught to see the landscape of therapy and self help

Gendered Pathologies Sondra Archimedes, 2005-09-08 *Gendered Pathologies* examines nineteenth century literary representations of the pathologized female body in relation to biomedical discourses about gender and society in Victorian England According to medical and scientific views of the period the woman who did not conform to the dictates of gender ideology was biologically speaking aberrant a deviation from the norm Yet although marginalized in a social sense the deviant woman was central as a literary and cultural trope Analyzing novels by Charles Dickens H Rider Haggard and Thomas Hardy alongside Foucault s notion of perverse sexualities and Herbert Spencer s model of the social organism Archimedes argues that the pathologized female body displaces or resolves on a narrative level larger cultural anxieties about the health of the British as a species While earlier feminist investigations asserted that bourgeois ideology helped to construct scientific discourses about female sexuality and social behavior this study takes these assertions as a starting point Examining incest racial stereotyping and neurasthenia *Gendered Pathologies* attempts to shed light on the ways in which biological thinking permeated British culture in the second half of the nineteenth century
