strategies unique to children's literature. The volume is divided into four interrelated sections: Genre, Templates and Transformations, Approaches to the Picture Book, Narrators and Implied Readers, and Narrative Time. Mike Cadden's introduction considers the links between the various essays and topics as well as their connections with such issues as metafiction, narrative ethics, focalization, and plotting. Ranging in focus from picture books to novels such as *To Kill a Mockingbird* from detective fiction for children to historical tales from new works such as the Lemony Snicket series to classics like *Tom's Midnight Garden*, these essays explore notions of montage and metaphor, perspective and subjectivity, identification and time. Together they comprise a resource that will interest and instruct scholars of narrative theory and children's literature and that will become critically important to the understanding and development of both fields.

The Hebrew Bible in Contemporary Fiction and Poetry Lena-Sofia Tiemeyer, 2025-03-31 This book discusses 20th and 21st centuries literary retellings of biblical texts focusing on how fiction and poetry fill the extant narrative gaps present in the often sparse biblical accounts and align the narratives with theological and/or cultural expectations of modern interpreting communities. The chapters written by an international group of scholars explore biblical retellings in a variety of modern languages ranging from Korean and Chinese to Hebrew and Arabic. Most of the contributions deal with retellings of the narrative books: Genesis, Exodus, Judges, Ruth, 1 & 2 Samuel, Daniel, but a few are devoted to prophetic (Hosea) and poetic (Psalms) ones. Another set of articles looks beyond specific biblical books and instead analyses how the Bible has been retold in different literary genres: Children and YA literature, sci-fi and fantasy, Christian Inspiration, fiction and in modern political discourse, North and South Korea. All the chapters further highlight how literary retellings of the Bible form two-way movements. They reveal the often subversive quality of literary retellings: retellings not only emphasise those nuances in the biblical texts that create unease but also problematise their standpoint and question their moral and theological message. *The Hebrew Bible in Contemporary Fiction and Poetry* is suitable for students and scholars of biblical studies working on intertextuality and reception history. It is also of interest to those working on comparative literature particularly with regards to the Hebrew Bible in popular culture and literature.

Reimagining the Bible Howard Schwartz, 1998-01-15 *Reimagining the Bible* collects a dozen essays by Howard Schwartz. Together the essays present a coherent theory of the way in which each successive phase of Jewish literature has drawn upon and reimagined the previous ones. The book is organized into four sections: The Ancient Models, The Folk Tradition, Mythic Echoes, Modern Jewish Literature, and the Ancient Models. Within these divisions each of the essays focuses on a specific genre ranging from Torah and Aggadah to Kabbalah, fairy tales and the modern Yiddish stories of S. Y. Agnon and Isaac Bashevis Singer. Arguing the important thesis that there is a continuity in Jewish literature which extends from the Biblical era to our own times over a period of more than 3 000 years, this collection also serves as a guide to the history of that literature and to the genres it comprises.
