Persistent Permeability? Bassel F. Salloukh, 2017-03-02 With the collapse of the Middle East peace process the war on terrorism and US led intervention in Iraq the question of Middle East regionalism's has reached a new salience Will such developments usher in a new wave of transnational politics as events reverberate through a Middle East made even more permeable by new information technologies and transregional religious networks Or will authoritarian states successfully insulate themselves from such

Foyle, 1999-05-06 Does the public alter American foreign policy choices or does the government change public opinion to support its policies In this detailed study Douglas Foyle demonstrates that the differing influence of public opinion is mediated in large part through each president's beliefs about the value and significance of public opinion Using archival collections and public sources Foyle examines the beliefs of all the post World War II presidents in addition to the foreign policy decisions of Presidents Dwight Eisenhower Jimmy Carter Ronald Reagan George Bush and Bill Clinton He finds that some presidents are relatively open to public opinion while others hold beliefs that cause them to ignore the public's view Several orientations toward public opinion are posited the delegate Clinton favors public input and seeks its support the executor Carter believes public input is desirable but its support is not necessary the pragmatist Eisenhower Bush does not seek public input in crafting policy but sees public support as necessary and finally the guardian Reagan neither seeks public input nor requires public support The book examines the public's influence through case studies regarding decisions on the Formosa Straits crisis intervention at Dien Bien Phu the Sputnik launch the New Look defense strategy the Panama Canal Treaties the Soviet invasion of Afghanistan the Strategic Defense Initiative the Beirut Marine barracks bombing German reunification the Gulf War intervention in Somalia and intervention in Bosnia *Security Policy Dynamics* Byung-ok Kil, 2017-10-05 This title was first published in 2001 Byung-ok Kil's thorough analysis deals with both the broad area of public policy and the specific topic of national security policy change in Korea Using an historical comparative approach he tests the relative importance of international and domestic developments as determinants of security policy change Drawing extensively on carefully selected sources of quantitative and qualitative data including original documents and interviews this engaging text is of theoretical methodological and applied policy relevance to the academic community and of substantive interest to a broader audience of governmental officials in national security and related policy areas
