A Lincoln Conscript Homer Greene, 1909 **A Lincoln Conscript** Homer Greene, 2024-11-24

On the second day of July in the year 1863 the Civil War in America was at its height Late in the preceding month Lee had turned his face northward and with an army of a hundred thousand Confederate soldiers at his back had marched up into Pennsylvania There was little to hinder his advance Refraining by reason of strict orders from wanton destruction of property his soldiers nevertheless lived on the rich country through which they passed York and Carlisle were in their grasp Harrisburg was but a day's march away and now on this second day of July flushed with fresh victories they had turned and were giving desperate battle through the streets and on the hills of Gettysburg to the Union armies that had followed them The old commonwealth was stirred as she had not been stirred before since the fall of Sumter Every town and village in the state responded quickly to the governor's call for emergency troops to defend the capital city Mount Hermon already depleted by generous early enlistments and by the draft of 1862 gathered together the bulk of the able-bodied men left in the village and its surroundings and sent them forth in defense of the commonwealth Not that Mount Hermon was in especial danger from Lee's invasion far from it Up in the northeastern corner of the state on a plateau of one of the low foot hills of the Moosic range sheltered by the mountains at its back it was well protected both by reason of distance and location from the advancing foe But Mount Hermon was intensely patriotic In the days preceding the Revolution the sturdy pioneers from Connecticut had met the equally sturdy settlers from the domain of Penn and on this plateau they had fought out their contentions and settled their differences the son of the Pennamite had married the daughter of the Yankee and the new race with love of country tingeing every drop of its blood a deeper red had stayed on and possessed the land So on this July day when the armies of North and South were striving and struggling with each other in bloody combat back and forth across the plain and up the hills of Gettysburg Mount Hermon's heart beat fast But it was not for themselves that these people were anxious It was for the fathers husbands sons lovers in that army with which Meade untried and unproven was endeavoring to match the strategy and strength of Lee News of the first day's skirmishing had reached the village and it was felt that a great battle was imminent In the early evening while the women were still busy at their household tasks the men gathered at the post office and the stores eager for late news anxious to discuss the situation as they had learned it In the meantime the boys of the town had congregated on the village green to resume the military drills which with more or less frequency they had carried on during the summer These drills were not wholly without serious intent It was play indeed but out of the ranks of these boys three of the older ones had already gone to the front to fight real battles and it was felt by the men of the town that the boys could not be too thoroughly imbued with the military spirit So on this July evening wakened into new ardor by the news from Gettysburg they had gathered to resume their nightly work and play There were thirty-three of them ranging in years all the way from eight to eighteen They were eager and enthusiastic At the command to fall in there was much pushing and

jostling much striving for desirable places and even the young captain with great show of authority could not quite adjust all differences to the complete satisfaction of his men Before the confusion had wholly ceased and while there were still awkward gaps in the ranks a tall straight shy mannered boy of seventeen who had remained hitherto on the outskirts of the group quietly slipped into one of the vacant places

Conscription Conscientious Objection and Draft Resistance in American History is the definitive history of conscription in America It is the first book ever to consider the entire temporal sweep of conscription from pre Revolutionary War colonial militia drafts through the end of the Vietnam era Each chapter contains an examination of that era s draft law the actual workings of the conscription machinery and relevant court decisions that shaped the draft in practice In addition the book describes the popular opposition to conscription organized and unorganized violent and nonviolent public and clandestine legal and illegal Using sources never before utilized by historians including government documents obtained in Freedom of Information Act requests the book demonstrates how anti conscription sentiment has been far deeper than is popularly appreciated

Lincoln's Supreme Court David Mayer Silver, 1998 More than four decades after its initial publication this book is still the only one to focus exclusively on President Abraham Lincoln s role in modifying the Supreme Court membership to secure the power he needed to save the Union

Youth's Companion, 1925 *American Leaders ...* Walter Lefferts, 1891 *Publication*, 1925 **Western Reserve Historical Society Publication**, 1925 **Lincoln's Loyalists** Richard Nelson Current, 1992 With this path breaking book Richard Nelson Current closes a major gap in our understanding of the important role of white southerners who fought for the Union during the Civil War The ranks of the Union forces swelled by more than 100 000 of these men known to their friends as loyalists and to their enemies as tories They substantially strengthened the Union weakened the

Confederacy and affected the outcome of the Civil War Despite the assertions of southern governors that Lincoln would get no troops from the South to preserve the Union every Confederate state except South Carolina provided at least a battalion of white troops for the Union Army The role of black soldiers including those from the South continues to receive deserved attention Curiously little heed has been paid to the white southern supporters of the Union cause and nothing has been published about the group as a whole Relying almost entirely on primary sources Current here opens the long overdue investigation of these many Americans who at great risk to themselves and their families made a significant contribution to the Union s war effort Current meticulously explores the history of the loyalists in each Confederate state during the war Tennessee Virginia and West Virginia provided over 70 percent of the loyalist troops but 10 000 from Arkansas 7 000 from Louisiana and thousands from North Carolina Texas and Alabama volunteered as well The author weaves the separate state stories into an intriguing and detailed tapestry The loyalists served in a variety of capacities some performing mundane tasks some fighting with valor Whatever his individual role each southerner joining the Union constituted a double loss to the Confederacy a subtraction from its own ranks and an addition to the Union s Undoubtedly this played an important role in the Confederate defeat
