

"Rich in historical and biographical detail...one of the strongest accounts I've read of the drive for Texas independence." —DAN RATHER, *The Wall Street Journal*

A LINE IN THE SAND

The Alamo in Blood and Memory

RANDY ROBERTS AND
JAMES S. OLSON

Line In The Sand The Alamo In Blood And Memory

Randy Roberts, James N. Olson

Line In The Sand The Alamo In Blood And Memory:

A Line in the Sand Randy Roberts, James S. Olson, 2001-08-03 Acclaimed historians Randy Roberts and James Olson use a wealth of archival sources including the diary of Jos Enrique de la Peña to retell the story of the Alamo for a new generation of Americans In late February and early March of 1836 the Mexican Army commanded by General Antonio López de Santa Anna besieged a small force of Anglo and Tejano rebels at a mission known as the Alamo The defenders faced a dire predicament lacking vital information about the events unfolding beyond the mission's walls They did not have much of an understanding of Santa Anna or of his government in Mexico City They sent out contradictory messages they received contradictory communications they moved blindly and planned in the dark And in the dark early morning of March 6 they died In that brief confusing and deadly encounter one of America's most potent symbols was born The story of the last stand at the Alamo grew from a Texas rallying cry to a national slogan to a phenomenon of popular culture and presidential politics Yet it has been a hotly contested symbol from the first Questions remain about what really happened The full story of the Alamo from the weeks and months that led up to the fateful encounter to the movies and speeches that continue to remember it today is a quintessential story of America's past and a fascinating window into our collective memory Historians Randy Roberts and James Olson explain what happened from the perspective of all parties not just Anglo and Mexican soldiers but also Tejano allies and bystanders They delve anew into the mysteries of Crockett's final hours and Travis's famous rhetoric Finally they show how preservationists television and movie producers historians and politicians have become the Alamo's major interpreters Walt Disney John Wayne and scores of journalists and cultural critics have used the Alamo to contest the very meaning of America and thereby helped us all to remember the Alamo

A Line in the Sand Randy Roberts, James N. Olson, 1999-11 **A Line in the Sand** Randy Roberts, James S. Olson, 2002-04-30 In late February and early March of 1836 a Mexican army led by General Antonio López de Santa Anna lay siege to a mission known as the Alamo held by a small band of rebels that included Davy Crockett James Bowie and William Travis In the dark early morning of March 6 all inside the fort were dead and one of America's most enduring legends was born Randy Roberts and James S. Olson retell the story of the Alamo from both the Mexican and the American perspectives delving into the historical accuracy of such myths as Bowie's famous line in the sand Crockett's celebrated fight to the death and the common portrayal of the Mexicans as ruthless killers Separating fact from fiction they trace how and why those fictions grew from the rapid spread of the rallying cry Remember the Alamo to the patriotic depictions of battle in American films and television to the potency of the Alamo as a symbol in Texas politics and American culture today

The Alamo Reader Todd Hansen, 2003 If everyone was killed inside the Alamo how do we know what happened This surprisingly simple question was the genesis for Todd Hansen's compendium of source material on the subject The Alamo Reader Utilising obscure and rare sources along with key documents never before published Hansen carefully balances the accounts against one another culminating in the definitive resource for Alamo

history *Contested Empire* Sam W. Haynes, Gerald D. Saxon, 2015-09-01 To a large degree the story of Texas secession from Mexico has been undertaken by scholars of the state Early twentieth century historians of the revolutionary period most notably Eugene Barker and William Binkley characterized the conflict as a clash of two opposing cultures yet their exclusive focus on the region served to reinforce popular notions of a unique Texas past Disconnected from a broader historiography scholars have been left to ponder the most arcane details of the revolutionary narrative such as the circumstances of David Crockett s death and whether William Barret Travis really did draw a line in the sand In *Contested Empire Rethinking the Texas Revolution* five distinguished scholars take a broader transnational approach to the 1835-36 conflict The result of the 48th Annual Walter Prescott Webb Memorial Lectures held at the University of Texas at Arlington in March 2013 these essays explore the origins and consequences of the events that gave birth to the Texas Republic in ways that extend beyond the borders of the Lone Star State

American Myths, Legends, and Tall Tales Christopher R. Fee, Jeffrey B. Webb, 2016-08-29 A fascinating survey of the entire history of tall tales folklore and mythology in the United States from earliest times to the present including stories and myths from the modern era that have become an essential part of contemporary popular culture Folklore has been a part of American culture for as long as humans have inhabited North America and increasingly formed an intrinsic part of American culture as diverse peoples from Europe Africa Asia and Oceania arrived In modern times folklore and tall tales experienced a rejuvenation with the emergence of urban legends and the growing popularity of science fiction and conspiracy theories with mass media such as comic books television and films contributing to the retelling of old myths This multi volume encyclopedia will teach readers the central myths and legends that have formed American culture since its earliest years of settlement Its entries provide a fascinating glimpse into the collective American imagination over the past 400 years through the stories that have shaped it Organized alphabetically the coverage includes Native American creation myths tall tales like George Washington chopping down his father s cherry tree and the adventures of King of the Wild Frontier Davy Crockett through to today s urban myths Each entry explains the myth or legend and its importance and provides detailed information about the people and events involved Each entry also includes a short bibliography that will direct students or interested general readers toward other sources for further investigation Special attention is paid to African American folklore Asian American folklore and the folklore of other traditions that are often overlooked or marginalized in other studies of the topic

Disasters, Accidents, and Crises in American History Ballard C. Campbell, 2008 Presents a chronologically arranged reference to catastrophic events in American history including natural disasters economic depressions riots murders and terrorist attacks

Memories of War Thomas A. Chambers, 2012-09-24 Even in the midst of the Civil War its battlefields were being dedicated as hallowed ground Today those sites are among the most visited places in the United States In contrast the battlegrounds of the Revolutionary War had seemingly been forgotten in the aftermath of the conflict in which the nation forged its independence Decades after

the signing of the Constitution the battlefields of Yorktown Saratoga Fort Moultrie Ticonderoga Guilford Courthouse Kings Mountain and Cowpens among others were unmarked except for crumbling forts and overgrown ramparts Not until the late 1820s did Americans begin to recognize the importance of these places In *Memories of War* Thomas A Chambers recounts America s rediscovery of its early national history through the rise of battlefield tourism in the first half of the nineteenth century Travelers in this period Chambers finds wanted more than recitations of regimental movements when they visited battlefields they desired experiences that evoked strong emotions and leant meaning to the bleached bones and decaying fortifications of a past age Chambers traces this impulse through efforts to commemorate Braddock s Field and Ticonderoga the cultivated landscapes masking the violent past of the Hudson River valley the overgrown ramparts of Southern war sites and the scenic vistas at War of 1812 battlefields along the Niagara River Describing a progression from neglect to the Romantic embrace of the landscape and then to ritualized remembrance Chambers brings his narrative up to the beginning of the Civil War during and after which the memorialization of such sites became routine assuming significant political and cultural power in the American imagination

Shots in the Dark Jadwiga Biskupska, Sara B. Castro, 2025-09-02 Brings together geographies and methodologies often kept apart by the difficulties of researching such a broad ranging topic as the war *Shots in the Dark* offers cutting edge scholarship across different subfields in World War II history revealing new insights into how this crucial conflict was planned experienced and fought Twelve chapters demonstrate the broad scope of wartime innovation and how the war functioned as a global turning point driving change at all levels of human society from government institutions to individual identities Contributors collaborated in a vibrant workshops series sponsored by the North American branch of the Second World War Research Group SWWRGNA an organization that emerged to nurture scholarship on the global war and unite scholars fragmented in narrower regional and methodological stovepipes to consider the war as a whole The SWWRGNA and this volume showcase the work of diverse historians across subfields operational cultural gender social intelligence and diplomatic history This approach exposes the Second World War as a catalyst for overlapping global changes that revolutionized the world after 1945 These scholars reveal continuities and parallels in wartime experiences that would remain invisible in narrowly focused projects The volume establishes three frameworks for understanding and interpreting changes the war provoked 1 institutional adaptation 2 totalization or the militarization of civilians and 3 cultural transformation Each of the three frameworks is explored from four vantage points Geographies are deliberately contrasted within each framework to examine the broad scope of that level of war driven change

Forgotten Futures, Colonized Pasts Cara A. Kinnally, 2019-05-17 *Forgotten Futures Colonized Pasts* traces the existence of forgotten histories of inter American alliance making transnational community formation and intercultural collaboration between Mexican and Anglo American elites Using close readings of literary texts including novels diaries letters newspapers political essays and travel narratives produced by nineteenth century writers throughout Greater Mexico Kinnally brings to light how

elite Mexicans and Mexican Americans defined themselves and their relationship with Spain Mexico the United States and Anglo America in the nineteenth century

Passionate Nation James L. Haley, 2022-05-15 Utilizing many sources new to publication James L Haley delivers a most readable and enjoyable narrative history of Texas told through stories the words and recollections of Texans who actually lived the state s spectacular history From Jim Bowie s and Davy Crockett s myth enshrouded stand at the Alamo to the Mexican American War and to Sam Houston s heroic failed effort to keep Texas in the Union during the Civil War the transitions in Texas history have often been as painful and tense as the normal periods in between Here in all of its epic grandeur is the story of Texas as its own passionate nation Texas native Haley does an outstanding job of narrating the outsized and dramatic history of the Lone Star State John Steinbeck observed Like most passionate nations Texas has its own private history based on but not limited by facts Cognizant of this Haley takes pains to separate folklore from fact He s a good storyteller but then it s hard to go wrong with the colorful characters he has to work with pioneer nationalists Sam Houston and Davy Crockett Quaker abolitionist Benjamin Lundy a wagonload of liquored up turn of the century oilmen and such latter day heroes as Lyndon Johnson John Connally and Janis Joplin Publishers Weekly Starred Review

Deep in the Heart James McEnteer, 2004-07-30 Cowboy politics is in When George W Bush announced a new American policy of pre emptive attack against potential enemies in 2002 he ushered in the triumph of Texas values over the American agenda This book traces in lucid and engaging style the fascinating influence of the Texas warrior culture from the Alamo to the present day This is not a history of Texas but much Texas history is entwined with American national politics This book locates such diverse phenomena as Cold War politics the Kennedy assassination U S Mexican immigration policies Texas death penalty practices and recent U S Middle East policy in the context of this Alamo attitude While the Texas influence has always been strong and has ebbed and flowed never has it been stronger especially as a guiding force in American foreign policy Today people around the world perceive this Manifest Destiny swaggering style in our foreign policy Because of its sheer size its border wars with Mexico its ten year history as an independent republic and its having been settled by a warrior culture originating in the English Scottish borderlands and arriving in Texas via the southern Appalachians Texas is unique in American politics The author does not assert that Texas causes or is the sole cause of our various policies or of so many violent events Rather he demonstrates convincingly that the Texas warrior culture provides a fascinating context for national politics in a way that no other state s political culture can claim

Prisons and Punishment in Texas Hannah Thurston, 2016-06-20 This book explores the identity of Texas as a state with a large and severe penal system It does so by assessing the narratives at work in Texas museums and tourist sites associated with prisons and punishment In such cultural institutions complex narratives are presented which show celebratory stories of Texan toughness in the penal sphere as well as poignant stories about the witnessing of executions comical stories that normalize the harsher aspects of Texan punishment and presentations about prison officers who have lost their lives in the

war on crime In analysing these representations the book shows that Texan history plays an important role in the production of Texan self identity and that to understand the Texan commitment to harsh punishment we must be prepared to focus on Texan myths and memories Prisons and Punishment in Texas draws on diverse interdisciplinary work including criminology cultural studies about Southern values as well as research on cultural memory and dark tourism Museums are shown to be under researched sites of criminological significance which offer rich evidence through which penal imaginaries and the cultural role of punishment can be explored The book will be of great interest to criminologists as well as scholars of sociology cultural studies museum studies and politics

Discovering Texas History Bruce A. Glasrud, Light Townsend Cummins, Cary D. Wintz, 2014-09-09 *Discovering Texas History* is a historiographical reference book that will be invaluable to teachers students and researchers of Texas history Chapter authors are familiar names in Texas history circles a who's who of high profile historians Conceived as a follow up to the award winning but increasingly dated *A Guide to the History of Texas* 1988 *Discovering Texas History* focuses on the major trends in the study of Texas history since 1990 In part one topical essays address significant historical themes from race and gender to the arts and urban history In part two chronological essays cover the full span of Texas historiography from the Spanish era to the modern day In each case the goal is to analyze and summarize the subjects that have captured the attention of professional historians so that *Discovering Texas History* will take its place as the standard work on the history of Texas history

The Conquest of Texas Gary Clayton Anderson, 2019-02-14 This is not your grandfather's history of Texas Portraying nineteenth century Texas as a cauldron of racist violence Gary Clayton Anderson shows that the ethnic warfare dominating the Texas frontier can best be described as ethnic cleansing *The Conquest of Texas* is the story of the struggle between Anglos and Indians for land Anderson tells how Scotch Irish settlers clashed with farming tribes and then challenged the Comanches and Kiowas for their hunting grounds Next the decade long conflict with Mexico merged with war against Indians For fifty years Texas remained in a virtual state of war Piercing the very heart of Lone Star mythology Anderson tells how the Texas government encouraged the Texas Rangers to annihilate Indian villages including women and children This policy of terror succeeded by the 1870s Indians had been driven from central and western Texas By confronting head on the romanticized version of Texas history that made heroes out of Houston Lamar and Baylor Anderson helps us understand that the history of the Lone Star state is darker and more complex than the mythmakers allowed

A Golden Haze of Memory Stephanie E. Yuhl, 2006-03-08 Charleston South Carolina today enjoys a reputation as a destination city for cultural and heritage tourism In *A Golden Haze of Memory* Stephanie E. Yuhl looks back to the crucial period between 1920 and 1940 when local leaders developed Charleston's trademark image as America's Most Historic City Eager to assert the national value of their regional cultural traditions and to situate Charleston as a bulwark against the chaos of modern America these descendants of old line families downplayed Confederate associations and emphasized the city's colonial and early national prominence They created a vibrant network of

individual artists literary figures and organizations such as the all white Society for the Preservation of Negro Spirituals that nurtured architectural preservation art literature and tourism while appropriating African American folk culture In the process they translated their selective and idiosyncratic personal familial and class memories into a collective identity for the city The Charleston this group built Yuhl argues presented a sanitized yet highly marketable version of the American past Their efforts invited attention and praise from outsiders while protecting social hierarchies and preserving the political and economic power of whites Through the example of this colorful southern city Yuhl posits a larger critique about the use of heritage and demonstrates how something as intangible as the recalled past can be transformed into real political economic and social power

Sport and the Color Line Patrick B. Miller, David K. Wiggins, 2004-06-01 The year 2003 marks the one hundredth anniversary of W E B Du Bois Souls of Black Folk in which he declared that the color line would be the problem of the twentieth century Half a century later Jackie Robinson would display his remarkable athletic skills in baseball s great experiment Now Sport and the Color Line takes a look at the last century through the lens of sports and race drawing together articles by many of the leading figures in Sport Studies to address the African American experience and the history of race relations The history of African Americans in sport is not simple and it certainly did not begin in 1947 when Jackie Robinson first donned a Brooklyn Dodgers uniform The essays presented here examine the complexity of black American sports culture from the organization of semi pro baseball and athletic programs at historically black colleges and universities to the careers of individual stars such as Jack Johnson and Joe Louis to the challenges faced by black women in sports What are today s black athletes doing in the aftermath of desegregation or with the legacy of Muhammad Ali s political stance The essays gathered here engage such issues as well as the paradoxes of corporate sport and the persistence of scientific racism in the athletic realm

Single Star of the West Kenneth W. Howell, Charles Swanlund, 2017-03-15 Does Texas s experience as a republic make it unique among the other states In many ways Texas was an accidental republic for nearly ten years until Texans voted overwhelmingly in favor of annexation to the United States after winning independence from Mexico Single Star of the West chronicles Texas s efforts to maneuver through the pitfalls and hardships of creating and maintaining the accidental republic The volume begins with the Texas Revolution and examines whether or not a true Texas identity emerged during the Republic era Next several contributors discuss how the Republic was defended by its army navy and the Texas Rangers Individual chapters focus on the early founders of Texas Sam Houston Mirabeau B Lamar and Anson Jones who were all exceptional men but like all men suffered from their own share of fears and faults Texas s efforts at diplomacy and persistence and transformation in its economy also receive careful analysis Finally social and cultural aspects of the Texas Republic receive coverage with discussions of women American Indians African Americans Tejanos and religion The contributors also focus on the extent that conditions in the republic attracted political and economic opportunists some of whom achieved a remarkable degree of success Single Star of the West also highlights how the Texas Republic was

established on American political ideology With the majority of the white settlers coming from the United States this will not surprise many scholars of the era In some cases the Texans successfully adopted American political and economic ideology to their needs while other times they failed miserably

Beyond Texas Through Time Walter L. Buenger,Arnoldo De León,2011-01-27 In 1991 Walter L Buenger and the late Robert A Calvert compiled a pioneering work in Texas historiography *Texas Through Time* a seminal survey and critique of the field of Texas history from its inception through the end of the 1980s Now Buenger and Arnoldo De Le n have assembled an important new collection that assesses the current state of Texas historiography building on the many changes in understanding and interpretation that have developed in the nearly twenty years since the publication of the original volume This new work *Beyond Texas Through Time* departs from the earlier volume s emphasis on the dichotomy between traditionalism and revisionism as they applied to various eras Instead the studies in this book consider the topical and thematic understandings of Texas historiography embraced by a new generation of Texas historians as they reflect analytically on the work of the past two decades The resulting approaches thus offer the potential of informing the study of themes and topics other than those specifically introduced in this volume extending its usefulness well beyond a review of the literature In addition the volume editors introduction proposes the application of cultural constructionism as an important third perspective on the thematic and topical analyses provided by the other contributors *Beyond Texas Through Time* offers both a vantage point and a benchmark serving as an important reference for scholars and advanced students of history and historiography even beyond the borders of Texas

A Year of Movies Ivan Walters,2015-11-12 While watching a movie how many viewers notice some of the finer details of the film such as the time of day during a scene or even the date itself For instance does anyone remember what day detention is served by the high schoolers in *The Breakfast Club* or can guess when aliens first make their presence known in *Independence Day* And perhaps only history buffs or fanatics of Leonardo DiCaprio can cite the exact date the Titanic sunk In *A Year of Movies 365 Films to Watch on the Date They Happened* Ivan Walters provides a selection for every day on the calendar in which at least some of the events in the film take place For some films the entire drama occurs on a very specific day For other films such as *The Right Stuff* the date in question is represented in a key scene or two or even for just a few pivotal seconds Certain films to be sure are obvious candidates for inclusion in this book What other movie would make sense to watch on February 2nd than *Groundhog Day* Is there a more appropriate film to consider for June 6th than *The Longest Day* Representing a variety of genres from comedies and dramas to westerns and film noir these films offer fans a unique viewing opportunity While helping viewers decide what to watch on a given day this book will also introduce readers to films they may not have otherwise considered Aimed at film buffs and casuals viewers alike *A Year of Movies* is also an ideal resource for librarians who want to offer creative programming for their patrons

Yeah, reviewing a books **Line In The Sand The Alamo In Blood And Memory** could ensue your near associates listings. This is just one of the solutions for you to be successful. As understood, talent does not suggest that you have wonderful points.

Comprehending as well as deal even more than other will manage to pay for each success. next-door to, the revelation as without difficulty as keenness of this Line In The Sand The Alamo In Blood And Memory can be taken as capably as picked to act.
