among the lowest states in education funding literacy and student achievement In *A History of Education in Kentucky* William E Ellis illuminates the successes and failures of public and private education in the commonwealth since its settlement Ellis demonstrates how political leaders in the nineteenth century created a culture that devalued public education and refused to adequately fund it He also analyzes efforts by teachers and policy makers to enact vital reforms and establish adequate equal education and discusses ongoing battles related to religious instruction integration and the Kentucky Education Reform Act KERA *A History of Education in Kentucky* is the only up to date single volume history of education in the commonwealth Offering more than mere policy analysis this comprehensive work tells the story of passionate students teachers and leaders who have worked for progress from the 1770s to the present day Despite the prevailing pessimism about education in Kentucky Ellis acknowledges signs of a vibrant educational atmosphere in the state By advocating a better understanding of the past Ellis looks to the future and challenges Kentuckians to avoid historic failures and build on their successes

Policy and Performance in American Higher Education Richard C. Richardson, Mario Martinez, 2009-06-15 This book examines how public policy influences institutional performance Public institutions of higher learning are called upon by state governments to provide educational access and opportunity for students Paradoxically the education policies enacted by state legislatures are often complex and costly to implement which can detract from that mission The authors evaluate the higher education systems of five states to explain how these policies are developed and how they affect the performance of individual institutions They identify the rules that are central to the coherence and performance of higher education systems that administrators apply to meet organizational goals within the constraints of changing sometimes conflicting federal and state policies
