Emma And Clueless:

Emma by Jane Austen and Clueless Directed by Amy Heckerling Lindsay Green,2004 **Jane Austen and Co.** Suzanne R. Pucci,James Thompson,2012-02-01 Jane Austen and Co explores the ways in which classical novels particularly but not exclusively those of Jane Austen have been transformed into artifacts of contemporary popular culture Examining recent films television shows Internet sites and even historical tours the book turns from the question of Austen s contemporary appeal to a broader consideration of other late twentieth century remakes including Dangerous Liaisons Dracula Lolita and even Buffy the Vampire Slayer Taken together the essays in Jane Austen and Co offer a wide ranging model for understanding how all of these texts visual literary touristic British American French reshape the past in the new fashions styles media and desires of the present Contributors include Virginia L Blum Mike Crang Madeline Dobie Denise Fulbrook Deidre Lynch Sarah Maza Ruth Perry Suzanne R Pucci Kristina Straub James Thompson Maureen Turim and Martine Voiret *Updating Emma: Clueless* Lena Ostermann,2008-03-07 Seminar paper from the year 2007 in the subject Cultural Studies Empiric Cultural Studies grade 1 3 University of L neburg Angewandte Kulturwissenschaften course Jane Austen Goes To Hollywood language English abstract Emma Woodhouse handsome clever and rich with a comfortable home and happy disposition seemed to unite some of the best blessings of existence and had lived nearly twenty one years in the world with very little to distress or vex her Austen p 5 Cher Okay so you re probably going Is this like a Noxema commercial or what But seriously I actually have a way normal life for a teenage girl Clueless Some things don t ever seem to change whether it is England in 1816 or Holly wood in 1995 the stories of Emma Woodhouse and Cher Horowitz have a lot in common Of course the first one was written as a novel by Jane Austen and the other one is a movie directed by Amy Heckerling one takes place in Highbury around the landed gentry of 19th century England and the other one is set in 1990 s Beverly Hills but when you take a closer look the similarities are stunning Even though it never was officially credited it is clear that Clueless is a contemporary adaption or as Lesley Stern chose to call it an update of Austen s Emma In the same time it is the first one released during the 1990 s being followed by no less than ten different adaptations of Austen s work amongst them Ang Lee s Sense and Sensibility 1995 as well the BBC miniseries of Pride and Prejudice 1995 two other versions of Emma both 1996 and the latest Hollywoods success with Keira Knightly Pride and Prejudice 2005 This Austen movie trend does not seem to stop the Internet Movie Database names two tv productions already completed for 2007 and another three one Bollywood and two tvproductions being in production But what is it that makes Austen s six novels and especially three of them so popular as draft for screenplays for visual adaptations On the following pages I will take a closer look at the the update of Emma Amy Heckerling s Clueless Clueless Jane Mills,2004 **Recreating Jane Austen** John Wiltshire,2001-08-02 Recreating Jane Austen is a book for readers who know and love Austen s work Stimulated by the recent crop of film and television versions of Austen s novels John Wiltshire examines how they have been transposed and

recreated in another age and medium Wiltshire illuminates the process of recreation through the work of the psychoanalyst Donald Winnicott and offers Jane Austen's own relation to Shakespeare as a suggestive parallel Exploring the romantic impulse in Austenian biography Jane Austen as a commodity and offering a re-interpretation of *Pride and Prejudice* this book approaches the central question of the role Jane Austen plays in the contemporary cultural imagination **Adaptations**

Deborah Cartmell, Imelda Whelehan, 2013-06-17 *Adaptations* considers the theoretical and practical difficulties surrounding the translation of a text into film and the reverse process the novelisation of films Through three sets of case studies the contributors examine the key debates surrounding adaptations whether screen versions of literary classics can be faithful to the text if something as capsulated as Jane Austen's irony can even be captured on film whether costume dramas always of their own time and do adaptations remake their parent text to reflect contemporary ideas and concerns Tracing the complex alterations which texts experience between different media *Adaptations* is a unique exploration of the relationship between text and film **Jane Austen in Hollywood** Linda Troost, Sayre N. Greenfield, 2001-01-01 In 1995 and 1996 six film or television adaptations of Jane Austen's novels were produced an unprecedented number More amazing all were critical and or box office successes What accounts for this explosion of interest Much of the appeal of these films lies in our nostalgic desire at the end of the millennium for an age of greater politeness and sexual reticence Austen's ridicule of deceit and pretentiousness also appeals to our fin de siècle sensibilities The novels were changed however to enhance their appeal to a wide popular audience and the revisions reveal much about our own culture and its values These recent productions espouse explicitly twentieth century feminist notions and reshape the Austenian hero to make him conform to modern expectations Linda Troost and Sayre Greenfield present fourteen essays examining the phenomenon of Jane Austen as cultural icon providing thoughtful and sympathetic insights on the films through a variety of critical approaches The contributors debate whether these productions enhance or undercut the subtle feminism that Austen promoted in her novels From *Persuasion* to *Pride and Prejudice* from the three *Emmas* including *Clueless* to *Sense and Sensibility* these films succeed because they flatter our intelligence and education And they have as much to tell us about ourselves as they do about the world of Jane Austen This second edition includes a new chapter on the recent film version of *Mansfield Park* *Bicentennial Essays on Jane Austen's Afterlives* Annika Bautz, Sarah Wootton, 2020-05-21 This collection is concerned with the changing approaches to Jane Austen her writings and her afterlives over the past two hundred years It reflects on and broadens understanding of the cultural reach and reimaginings of Austen in view of the bicentennial celebrations of her published novels from 2011 to 2018 The ten contributors to this collection re-engage with key debates over Austen her continuing appeal and significance as an author and a lucrative brand and her cultural ubiquity These essays are concerned with Austen's national and international reputation her critical reception creative appropriations of her writings and Austen's afterlives in popular culture in visual media in ephemeral publications in stage in film and in musical versions Together these essays by experts

from across the UK North America Australia and Scandinavia advance innovative readings of Austen's novels and her transmedia legacies and shed new light on some of the complex reception processes that emerge from the study of this enduringly popular author They also set out possible paths for scholarship on Austen in coming years This book was originally published as a special issue of *Women's Writing*

Excel Essential Skills Derek Lewis, 2004

Movies as Literature Kathryn Stout, Richard Stout, 2002 This complete one year high school English course uses classic movies on video to introduce and study the elements of literary analysis Student discussion and composition questions are provided for each of 17 lessons several of which can also be used to supplement studies in grades 7 and 8 Also included are an extensive teacher's guide answer key plot summaries glossary of literary terms and final exam This course will not only give students the tools to appreciate good books more fully but will equip them with the ability to discern underlying messages in movies rather than simply absorb them The following 17 movies are covered by *Movies As Literature* *Shane* *Friendly Persuasion* *The Quiet Man* *Arsenic and Old Lace* *The Music Man* *E.T. the Extra Terrestrial* *The Maltese Falcon* *Rear Window* *Emma* *The Philadelphia Story* *The Journey of August King* *To Kill A Mockingbird* *A Raisin in the Sun* *Raiders of the Lost Ark* *Henry V* *A Man For All Seasons* and *Chariots of Fire*

Jane Austen in the Classroom Louise Flavin, 2004 Due in part to the many film and video releases in the last decade of the twentieth century there is a renewed interest in Jane Austen in high school and college classrooms As an educational resource *Jane Austen in the Classroom* helps teachers to guide readers who are being introduced to these novels as well as readers who know and love Austen's works through the process of viewing the novel reading Austen with an imaginative eye and reading the film analyzing the adaptations as re-creations of Austen's cultural and fictional worlds This book references the latest critical analyses of the novels and the videos As a pedagogical tool the text is a valuable resource for educators and students of the British novel and literature by women offering innovative approaches to discussion analysis writing and research

Transmedia Storytelling Jennifer Camden, Kate Faber Oestreich, 2018-12-14 This volume charts the evolution of Pemberley Digital's transmedia adaptations of nineteenth century novels in order to interrogate the uneasy relationship between transmedia storytelling and consumer culture It first examines two Austen centered films *Lost in Austen* and *Austenland* that present immersive Austen experiences that anticipate Pemberley Digital's transmedia adaptations bridging traditional film adaptations and transmedia's participatory culture Subsequent chapters turn to Pemberley Digital's transmedia adaptations of Austen's and Shelley's novels to argue that although such adaptations may appear feminist in their emphasis on female protagonists their larger narratives expose a subtext of anxiety about unstable gender roles financial vulnerability and the undervaluation of career specific skill sets both for the characters and the production company itself The study provides a robust theoretical framework within which to read transmedia adaptations of classic literature illuminating both the potential of and the challenges facing digital and transmedia storytellers and participants

The Postcolonial Jane Austen You-Me Park, Rajeswari Sunder

Rajan, 2015-03-24 This volume offers a unique contribution to both postcolonial studies and Austen scholarship by examining the texts to illumine nineteenth century attitudes to colonialism and the expanding Empire revealing a new range of interpretations of Austen's work each shaped by the critic's particular context exploring the ways in which the study of Austen's novels raises fresh issues for post colonial criticism Bringing together work by highly respected critics from four continents and a range of disciplines this newly paperbacked volume allows sometimes surprising and always fascinating new insights into some of the most frequently studied and best loved novels in the English language Configuring Romanticism Theo d'. Haen, Theo d' Haen, P. Th. M. G. Liebrechts, Wim Tigges, Colin J. Ewen, 2003 Configuring Romanticism focuses on the ways in which Romanticism continues to change shape in light of new discoveries new readings new approaches To this end some essays here gathered offer novel interpretations of Romantic classics such as Wordsworth Blake and Southey or discuss the Celtic roots of Romanticism Others address the relationship of Romantic literature particularly the work of Scott Shelley and De Quincey to issues of colonialism and imperialism Yet others trace the afterlife of Romanticism and the Romantics specifically Byron Shelley and Keats in the writings of Leigh Hunt Elizabeth Gaskell James Thomson Algernon Swinburne William Michael Rossetti James Clarence Mangan Francis Parkman Gilbert and Sullivan and T S Eliot as well as in Dutch nineteenth century criticism The volume closes with discussions of the Romantic aspects of World War II propaganda twentieth century translations of the Aeneid in view of Romantic principles the Romantic face of recent Quincey fiction and present day film versions of Jane Austen's Emma **Jane Austen on Screen** Gina MacDonald, Andrew MacDonald, 2003-10-09 This collection of essays explores the literary and cinematic implications of translating Austen's prose into film Contributors raise questions of how prose fiction and cinema differ of how mass commercial audiences require changes to script and character and of how continually remade films evoke memories of earlier productions The essays represent widely divergent perspectives from literary purists suspicious of filmic renderings of Austen to film makers who see the text as a stimulus for producing exceptional cinema This comprehensive study will be of interest to students and teachers alike *Current trends in anglophone studies: cultural, linguistic and literary research*: Javier GARCÍA RUANO, 2011 La publicaci n de este volumen representa un caso relativamente ins lito Un peque o grupo de j venes investigadores de menos de treinta a os convence a un grupo mucho m s numeroso de la misma edad para celebrar en Salamanca la First Conference of Young Researchers on Anglophone Studies El resultado es deslumbrante No solo demuestran una gran capacidad organizativa sino que los resultados individuales de las aportaciones cient ficas son sobresalientes Este volumen Current Trends in Anglophone Studies recoge una selecci n revisada de las propuestas presentadas en el Encuentro y gira en torno a una estructuraci n tripartita cl sica estudios culturales ling sticos y literarios En ella caben todos aquellos que se mueven en el campo de los estudios angl fonos Cada uno de estos campos podr a haber sido suficiente para celebrar un congreso pero parece razonable que en este tipo de encuentros tengan cabida todos De ese modo este volumen se convierte en un ejemplo

de aproximaci3n interdisciplinar a los estudios angl3fonos Desde un punto de vista cuantitativo los estudios culturales ocupan sin duda un espacio menor Sin embargo sobresale la variedad de temas tratados as como la internacionalizaci3n de los autores dentro de este apartado Estudiantes espa3oles e italianos acometen estudios relacionados con la m3sica la pintura el cine la traducci3n la marginalidad social o el impacto de las nuevas tecnolog3as en la producci3n art3stica Si no pareciera demasiado atrevido podr3a decirse que estos j3venes estudiosos ir3an m3s all de lo que un d3a ya lejano pudieron imaginar Richard Hoggard o Raymond Williams Los estudios aqu presentados reflejan sin duda la evoluci3n que la propia sociedad ha experimentado en estos l3timos cincuenta a3os y exploran la relaci3n entre las pr3cticas culturales la vida diaria y los contextos econ3micos pol3ticos e hist3ricos No es de extra3ar que una gran parte de las contribuciones presentadas en este volumen se centren en el estudio de la lengua ya que la demanda del ingl3s se ha incrementado de forma considerable en los l3timos a3os Sobresalen los an3lisis puramente filol3gicos y sobre todo los relacionados con el aprendizaje del ingl3s como segunda lengua Por eso destacan estudios que contemplan rasgos morfol3gicos l3xicos o sint3cticos Sin embargo el mayor n3mero de participaciones hace referencia al ya citado aprendizaje del ingl3s como L2 tanto desde el an3lisis de materiales como desde la pr3ctica oral o escrita Las contribuciones literarias ofrecen una evaluaci3n te3rica formal e interpretativa de distintas tendencias desde perspectivas tanto interdisciplinarias como interculturales Cronol3gicamente los estudios abarcan textos desde el siglo XVIII hasta nuestros d3as con un acento especial en los autores m3s contempor3neos y en el g3nero narrativo En general estos estudios se fijan en textos concretos y los analizan desde perspectivas culturales sociol3gicas o psicol3gicas Pero abundan menos las aproximaciones desde la teor3a literaria desde la t3cnica narrativa o como tal vez cabr3a esperar al tratarse de estudiantes tan j3venes desde la aplicaci3n de las nuevas tecnolog3as Por el contrario se repiten temas como los traumas heredados de la Guerra de Vietnam las cicatrices del 11 de septiembre o los problemas de g3nero

Sugar, Spice, and Everything Nice Frances K. Gateward, Murray Pomerance, 2002 A provocative contemporary anthology examining the construction of girls in modern cinema

The Economic Structure of Intellectual Property Law William M. LANDES, Richard A. Posner, 2009-06-30 This book takes a fresh look at the most dynamic area of American law today comprising the fields of copyright patent trademark trade secrecy publicity rights and misappropriation Topics range from copyright in private letters to defensive patenting of business methods from moral rights in the visual arts to the banking of trademarks from the impact of the court of patent appeals to the management of Mickey Mouse The history and political science of intellectual property law the challenge of digitization the many statutes and judge made doctrines and the interplay with antitrust principles are all examined The treatment is both positive oriented toward understanding the law as it is and normative oriented to the reform of the law Previous analyses have tended to overlook the paradox that expanding intellectual property rights can effectively reduce the amount of new intellectual property by raising the creators input costs Those analyses have also failed to integrate the fields of intellectual property law They have failed as well to integrate

intellectual property law with the law of physical property overlooking the many economic and legal doctrinal parallels This book demonstrates the fundamental economic rationality of intellectual property law but is sympathetic to critics who believe that in recent decades Congress and the courts have gone too far in the creation and protection of intellectual property rights
