Empirical Studies In Institutional Change:

Empirical Studies in Institutional Change Lee J. Alston, Þráinn Eggertsson, Douglass C. North, 1996-07-28 Empirical Studies in Institutional Change is a collection of nine empirical studies by fourteen scholars Dealing with issues ranging from the evolution of secure markets in seventeenth century England to the origins of property rights in airport slots in modern America the contributors analyse institutions and institutional change in various parts of the world and at various periods of time The volume is a contribution to the new economics of institutions which emphasises the role of transaction costs and property rights in shaping incentives and results in the economic arena To make the papers accessible to a wide audience including students of economics and other social sciences the editors have written an introduction to each study and added three theoretical essays to the volume including Douglass North's Nobel Prize address which reflect their collective views as to the present status of institutional analysis and where it is headed

Empirical Studies in Institutional Change Lee J. Alston, Þráinn Eggertsson, Douglass C. North, 1996-07-28 Empirical Studies in Institutional Change is a collection of nine empirical studies by fourteen scholars Dealing with issues ranging from the evolution of secure markets in seventeenth century England to the origins of property rights in airport slots in modern America the contributors analyze institutions and institutional change To make the papers accessible to a wide audience the editors have written an introduction to each study and added three theoretical essays to the volume including Douglass North's Nobel Prize address that reflect their collective views as to the present and future status of institutional analysis

Empirical Studies in Institutional Change China Edition Lee J. Alston, Þráinn Eggertsson, Douglass C. North, 2016-12-01 This collection of empirical studies analyses historical and contemporary institutions and institutional change in various parts of the world

Institutional Change Sven-Erik Sjostrand, 2016-06-16 This book brings together some 15 papers drawn from the 330 papers presented at the Third Annual Conference of the Society for the Advancement of Socio Economics in Stockholm Sweden in June 1991 Part 1 outlines a basic theory of institutional change Parts 2 and 3 examine case studies in international experience with institutional change The authors of the original papers include Douglas North Amitai Etzioni Oliver Williamson as well as eminent scholars from Eastern and Western Europe representing views and analyses from ten different countries

Handbook of Organizational Change and Innovation Marshall Scott Poole, Andrew H. Van de Ven, 2004-08-26 In a world of organizations that are in constant change scholars have long sought to understand and explain how they change This book introduces research methods that are specifically designed to support the development and evaluation of organizational process theories The authors are a group of highly regarded experts who have been doing collaborative research on change and development for many years

Dynamics of Institutional Change in Emerging Market Economies Nezameddin Faghih, Ali Hussein Samadi, 2021-04-08 Economic social political and cultural institutions and institutional change reflect shared journeys of humanity throughout history This edited volume explores dynamics trends and implications of institutional

change in emerging markets by focusing on theories concepts and mechanisms of institutional development Presenting research by eminent scholars and experts engaged in education and research they address and discuss the most recent issues in the field reveals new insights into the dynamics of institutional change for researchers interested in development of new theories and comparative studies especially in the era of emerging markets Topics range from dynamics of institutional change and development within the Group of Twenty G20 and the European Union with an assessment of Brexit impact to institutional quality measurement public administration reforms as well as emergent topics such as the effects of energy and globalization It provides new international business theories and sheds light on the way to global peace by producing a better understanding of the dynamics of historical change The book is intended for a wide range of global audience and should serve as a useful reference in education and research offering innovative and productive discussions as well as satisfy scholarly and intellectual interests regarding institutional development and a broad spectrum of its interactions with functioning of markets and economies Innovation, Science, and Institutional Change Jerald Hage, Marius

Meeus, 2006-10-26 Innovation is central to the dynamics and success of organizations and society in the modern world the process famously referred to by Schumpeter as gales of creative destruction This ambitious and wide ranging book makes the case for a new approach to the study of innovation It is the editors conviction that this approach must accomplish several objectives it must recognise that innovation encompasses changes in organizations and society as well as products and processes it must be genuinely interdisciplinary and include contributes from economics sociology management and political science It must be international to reflect both different patterns or systems of innovation and different research traditions and it must reflect the fundamental changes taking place in science research and knowledge creation at all levels To this end they have gathered together a distinguished group of economists sociologists political scientists and organization innovation and institutional theorists to both assess current research on innovation and to set out a new research agenda This has been achieved through careful planning and development of the project and also through the ensuing structure of the book which looks in turn at Product and Process Innovation perhaps the best established focus of existing research on innovation Scientific Research assessing the changing character of basic research and science policy Knowledge Dynamics in Context encompassing organizational learning in all its aspects and Institutional Change an analysis of the institutional context that can shape enable and constrain innovation This carefully integrated and wide ranging book will be an ideal reference point for academics and researchers across the Social Sciences interested in all dimensions of innovation be they in the field of Management Studies Economics Organization Studies Sociology Political Science and Science and Technology Studies

Institutional Change and Industrial Development in Central and Eastern Europe Anne Lorentzen, Brigitta Widmaier, Mihály Laki, 2018-12-21 Published in 1999 this is a collection of recent research results by acknowledged researchers in the field of enterprise transformation and industrial development in Central and Eastern Europe

Institutional Change in Japan Magnus Blomström, Sumner La Croix, 2006-08-21 This is a new analysis of recent changes in important Japanese institutions It addresses the origin development and recent adaptation of core institutions including financial institutions corporate governance lifetime employment and the amakudari system After four decades of rapid economic growth in Japan the 1990s saw the country enter a prolonged period of economic stagnation Policy reforms were initially half hearted and businesses were slow to restructure as the global economy changed The lagging economy has been impervious to aggressive fiscal stimulus measures and has been plagued by ongoing price deflation for years Japan's struggle has called into question the ability of the country's economic institutions originally designed to support factor accumulation and rapid development to adapt to the new economic environment of the twenty first century This book discusses both historical and international comparisons including Meiji Japan and recent economic and financial reforms in Korea Scandinavia Switzerland and New Zealand placing the current institutional changes in perspective The contributors argue that contrary to conventional wisdom that Japanese institutions have remained relatively rigid there has been significant institutional change over the last decade

Institutional Change and Healthcare Organizations W. Richard Scott, 2000-05 The changes in the US healthcare system since World War II are documented here from new technologies service delivery arrangements to financing mechanisms and underlying sets of organizing principles The authors illustrate the work with five types of healthcare organizations

Microfoundations of Institutions Patrick Haack, Jost Sieweke, Lauri Wessel, 2019-11-25 The notion of microfoundations has received growing interest in neo institutional theory along with an interest in microfoundational research in disciplines such as strategic management and economics
