*The Bullet's Song* William Pfaff, 2004-11-04 Publisher Description      **Where Have All the Heroes Gone?** Bruce Peabody, Krista Jenkins, 2017-02-14 From the men and women associated with the American Revolution and Civil War to the seminal figures in the struggles for civil and women's rights Americans have been fascinated with icons of great achievement or at least reputation But who spins today's narratives about American heroism and to what end In *Where Have All the Heroes Gone* Bruce Peabody and Krista Jenkins draw on the concept of the American hero to show an important gap between the views of political and media elites and the attitudes of the mass public The authors contend that important changes over the past half century including the increasing scope of new media and people's deepening political distrust have drawn both politicians and producers of media content to the hero meme However popular reaction to this turn to heroism has been largely skeptical As a result the conversations and judgments of ordinary Americans government officials and media elites are often deeply divergent Investigating the story of American heroes over the past five decades provides a narrative that can teach us about such issues as political socialization institutional trust and political communication      *Home of the Brave* Caspar W. **Mindset** Corey Shaffer, 2024-10-15 We're all broken in some way but broken is not forever In fact it's just part of the story of how we build our legacies Entrepreneur and US Marine Corey Shaffer's road through life was tougher than most After returning from a harrowing tour of duty in Afghanistan and still aching from his troubled childhood and adolescence Shaffer felt his chance to leave something of value to the world might have passed But even in despair he knew that many did not return home at all or returned more broken than he was Determined that the wounded and fallen not be abandoned or forgotten Shaffer founded the Til Valhalla Project an organization devoted to honoring the fallen and preventing veteran suicides Til Valhalla unexpectedly proved to be Shaffer's salvation as well Sharing intimate details from his square peg

childhood reckless adolescence brotherhood seeking teen years and traumatic experiences in combat and back home Shaffer demonstrates that society doesn't dictate who we are or will be that is up to us The path to who we can become lies through careful daily exercise of will repetition and affirmation Shaffer is convinced that the discipline he drew from this struggle can be of use to others What it takes to overcome the broken state Shaffer contends is a willingness to face pain head on and use adversity as rocket fuel to regain purpose and create resilience In *Legacy Mindset Take Charge of Today and Build Extreme Resilience* Shaffer lays out the sinews and bones of the daily discipline that allowed him to repair what was broken and build upon it He challenges us to Evaluate whether our pain is constructive or destructive Reassess what things in life we assign value to Radically change our daily habits by practicing micro disciplines Trust our intuition when it is telling us to speak up Commit to excellence in everything we do even when no one is watching

**Homecomings** Frank Biess, 2021-07-13 This book focuses on one of the most visible and important consequences of total defeat in postwar Germany the return to East and West Germany of the two million German soldiers and POWs who spent an extended period in Soviet captivity These former prisoners made up a unique segment of German society They were both soldiers in the war of racial annihilation on the Eastern front and then suffered extensive hardship and deprivation themselves as prisoners of war The book examines the lingering consequences of the soldiers return and explores returnees

own responses to a radically changed and divided homeland Historian Frank Biess traces the origins of the postwar period to the last years of the war when ordinary Germans began to face the prospect of impending defeat He then demonstrates parallel East and West German efforts to overcome the German loss by transforming returning POWs into ideal post totalitarian or antifascist citizens By exploring returnees troubled adjustment to the more private spheres of the workplace and the family the book stresses the limitations of these East and West German attempts to move beyond the war Based on a wide array of primary and secondary sources Homecomings combines the political history of reconstruction with the social history of returnees and the cultural history of war memories and gender identities It unearths important structural and functional similarities between German postwar societies which remained infused with the aftereffects of unprecedented violence loss and mass death long after the war was over , **Framed** Orit Kamir,2006-01-19 Theorizes the emerging field at the intersection of law and film through a detailed feminist analysis of masterpiece films about law from around the world **Prisoner of Conscience** Frank Wolf,2011 Respected congressman and human and religious rights crusader Frank Wolf shows us what one person can do to fight injustice and relieve suffering In Prisoner of Conscience Wolf shares intimate stories of his adventures from the halls of political power to other dangerous places around the world what he has learned along the way and what you can do about it now *Carlyle's Works: Sartor resartus, Heroes and hero-worship* Thomas Carlyle,1892 *Carlyles' Works: Sartor Resartus.
