In Search Of Belief:

In Search of Belief Joan Chittister, 1999 In this stirring testament to the resiliency of the Christian faith Joan Chittister spells out the meaning of the Apostles Creed phrase by phrase For her this testament is not an index of dogmas but a catalog of choices an inventory of possibilities a roster of visions *In Search of Faith* Howard W. Roberts, 2010-01-01 Explore several of the stories of biblical characters who were seekers The search by some of these people became watersheds for later seekers For example Abraham s search resulted in a clear understanding of radical monotheism Ruth s seeking and searching challenged the notion that God s love and acceptance were tied to racial purity Allow yourself to be a seeker as you read May part of your seeking be to consider where your story and each of these stories intersect and may those intersections be places where you seek God and discover that already God is seeking you from the Preface *In Search of Faith* is an exploration of biblical characters who struggled to define their faith Roberts help readers to identify with biblical characters to discover kinship with seekers of another era and to read about themselves in the stories Some of the biblical characters discussed include Ruth Jacob Peter and Hosea The stories of these biblical characters can be used in a sermon series or a course of study for a small group *In Search of Faith* can be a guiding force in the daily lives of seekers by addressing the quest for personal meaning and the desire to belong in community ***In Search Of The Mind***

Grigorian, 2009 *In Search of Deep Faith* Jim Belcher, 2013-11-19 Follow pastor Jim Belcher and his family as they take a pilgrimage through Europe seeking substance for their faith in Christianity s historic civilizational home What they find in places like Lewis s Oxford and Bonhoeffer s Germany are glimpses of another kind of faith one with power to cut through centuries and pierce our hearts today *In Search of Belief* Joan D. Chittister, 1999 *In Search of Mary* Sally Cunneen, 2010-12-15 Mary relic of the religious past or beacon of the future Mary is more alive today than she was in the early Christian church surfacing in art and worship in almost every culture on earth Her appeal bridges the gap between the devotional and the secular the uneducated and the sophisticated But who is Mary and what exactly does she symbolize How did a humble Jewish girl become the most honored woman in human history Why is there so little about Mary in the Bible and so much about her in the art and history of Christianity East and West And why in an age dominated by science and technology does devotion to Mary persist *In Search of Mary* is Sally Cunneen s provocative response to these questions As Cunneen eloquently points out in order to see Mary whole it is important to look at all the different visions and versions of her revisiting history through the eyes of a present day searcher Including the latest findings by historians anthropologists and psychologists as well as art historians and religious scholars *In Search of Mary* reveals what we know about the life of Mary follows the history and development of her image over the last two thousand years and explores the different ways that Mary has transformed the lives of people today As we struggle for greater unity in a divided world *In Search of Mary* shows us a woman who can touch all people regardless of their backgrounds She is a profound reminder of the presence of the holy

in ordinary life **In Search of Certainty** Josh McDowell, Thomas Williams, 2003 This seeker friendly book invites readers to discover that certainty involves some absolutes It addresses postmodernists view of truth pointing to the absolute truth in the person of Jesus **In Search of God** J. Gregory Steiner, 2022-06-27 In Search of God invites you to enhance your faith in a new way J Gregory Steiner draws on his personal and religious life as a vehicle to seek wisdom on the nature of God divinity the Son of God and eternity He considers questions such as How can Christians express new ideas without being disowned as true believers Does faith need to move in a new direction to attract people searching for God in their lives Should our understanding of dogma and doctrine change as we grow into adulthood and beyond It is easy to discuss on a philosophical and theological level the need to change our ideas about creation incarnation and redemption in today s world However it is quite a challenge to deal with these needs from a kneeling position in a church pew Join the author as he explores how to navigate questions about religion and move the church forward *Parapsychology* Caroline Watt, 2017-07-05 Many people believe that they have experienced paranormal phenomena and others claim to possess psychic abilities For the past hundred years or so researchers have undertaken systematic and scientific work into these alleged experiences and abilities This collection of articles provides readers with a general sense of the methods used in this research the findings that have been obtained and the controversies generated by this work They cover a wide range of issues including the psychology of paranormal belief investigations into ghosts and hauntings laboratory research into extra sensory perception and psychokinesis and controlled tests of psychics and mediums An introductory essay sets each of the selected papers in context and provides additional references for those wishing to delve deeper into the issues surrounding each of the areas covered **In Search of "Truth, Beauty and Goodness"** Peter Moss, 2011-10-27 Striving only for material wealth is incompatible with our latent personal longing for love and recognition Simons discourse identifies a remedy available to all of us that of adopting an attitude of love and then putting that love into action in whatever way is open to each of us We admire and appreciate those among us who overcome the natural impulse toward individual comfort Currently the organization of Doctors Without Borders people who have eschewed financial gain and devoted themselves to bringing medical care to others in disease ridden and war torn areas accepting danger and poor living conditions as they do so is an example Two individuals also come to mind The late Mother Theresa practiced love as few in history have done and remained an outspoken advocate for the poor and oppressed throughout her life Canadian Stephen Lewis who works tirelessly for the people of Africa who suffer the consequences of the AIDS epidemic is another such person But few of us are able to enact such extreme values We have our familial commitments our societal demands our need to ensure that we ourselves will not become a drain to others and these hold us in a sense of impotent guilt and envy The answer Start small with ourselves Live in and through an attitude of love Become channels through which Universal Love can flow toward our families our neighbors our friends and our fellow people Marnie Atkinson M A Ed *In Search of Walid Masoud* Jabra Ibrahim

Jabra,2000-08-01 Walid Masoud disappears A Palestinian intellectual he has been living in Baghdad since the first Israeli War of 1948 As a member of an organization engaged in the armed struggle against Israel suspicion arises that he has gone underground as part of a political movement Masoud leaves behind a lengthy but disconnected tape recording of garbled utterances through which Jabra Ibrahim Jabra artfully crafts the basis for the narration He transforms the transcription of the tape by each of Masoud s comrades into a study of character Through a series of monologues each becomes a narrator of his own experience Readers of *The Ship* also translated by Adnan Haydar and Roger Allen will remember the ingenious way the political themes emerge through the dialogue between passengers on a ship crossing the Mediterranean from the Arab to the European world This novel echoes identical subjects the misperceptions between Western and Islamic cultures personal landscape as a shaper of culture and the necessity of political commitment A tour de force that places the evolution of the Faulknerian style into a political register this book is a testament to the brilliance of one of Palestine s preeminent writers

The Integrated Life Walt F.J. Goodridge,2021-06-09 In the pursuit of economic survival bodily sustenance and social acceptance people often 1 disregard their passion in order to focus on a practical career 2 allow their food choices to undermine their health and 3 deny their gender wiring in order to conform to societal expectations Therein lies the majority of unhappiness in our modern life People are not living *The Integrated Life* 120 pp 6 x 9 ISBN 978 1517297077 Read more and take the test at www.passionprofit.com/integratedlife Read more at <https://www.waltgoodridge.com/books> *In Search of Radical Theology* John D. Caputo,2020-10-06 These sparkling essays from a seasoned scholar are a great breath of fresh air in our claustrophobic and catastrophic time Cornel West Capturing a career s worth of thought and erudition this rich volume treats readers to creative thought careful argumentation and sophisticated analysis transmitted through the lucid accessible prose that has earned the author a wide readership of academics and non academics alike In tackling radical theology John D Caputo has in mind the deeper stream that courses its way through various historical and confessional theologies upon which these theologies draw even while it disturbs them from within They are well served by this disturbance because it keeps them on their toes When we read about professional theologians losing their jobs in confessional institutions the chances are that by earnestly digging into what is going on in their tradition they have hit upon radical theological rock Unlike modernist dismissals of religion radical theology does not debunk but re-invents the theological tradition Radical theology Caputo says is a double deconstruction of supernatural theology on the one hand and of transcendental reason on the other and therefore of the settled distinctions between the religious and the secular Caputo also addresses the challenge for radical theology to earn a spot in the curriculum given that the radical makes it suspect among the confessional seminaries while the theology renders it suspect among university seminars Journeying from the academy to contemporary American culture *In Search of Radical Theology* includes a captivating presentation of radical political theology for the time of Trump This utterly unique volume not only brings readers on an enlightening tour of Caputo

s thought but also invites us to accompany the author as he travels into intriguing new territories *The Cognitive Science of Belief* Julien Musolino, Joseph Sommer, Pernille Hemmer, 2022-11-17 An integrative exploration of the concept of beliefs and their applications as studied across the cognitive sciences *The Elements of Parapsychology* K. Ramakrishna Rao, 2017-10-12 Psychic phenomena recorded throughout human history remained a mystery or a matter of faith rather than a subject of serious study until scientists began to investigate them roughly a century and a half ago Systematic experimentation began with the work of J B Rhine at Duke University resulting in the publication of *Extra Sensory Perception* 1934 followed by *Extra Sensory Perception After Sixty Years* 1940 Rhine and researchers who came after him struggled to present sufficient evidence to gain scientific credibility for the existence of extrasensory abilities Yet despite tight experimental controls and numerous significant results the subject remains controversial Parapsychologists argue that the impasse is not due to a lack of evidence but to the challenge their claims pose to the worldview of science in general This comprehensive overview of the discipline of parapsychology written by one of its most notable investigators offers the reader a full understanding of both its concepts theories and methods and its controversies problems and prospects *Saving Christianity* Hilary Wakeman, 2012-10-04 I believe because it is impossible Tertullian 2nd century Some of the statements of belief that Christians are required to assent to such as the Virgin Birth and the bodily Resurrection of Jesus are driving many of them out of the Catholic and Protestant churches and preventing new people from coming in Yet those statements were formulated nearly two thousand years ago in a time when people understood the world very differently For over 150 years theologians of all denominations have been warning the Church that if it is not to become extinct it needs to look for the truths that lie behind those ancient formulations and find new ways of presenting them But their words have been ignored by the church authorities and by priests and ministers preferring not to disturb the present faith of their congregations And so the gap between the theologians and the people in the pews continues to widen Now many Christians are taking their beliefs into their own hands Increasingly they are meeting in small groups and communities without formal leadership and without formal doctrine ignoring denominational differences yet bringing the best of their various traditions with them Is this the Christianity of the future In this book Hilary Wakeman a recently retired priest in the Church of Ireland talks about the difference between right brain and left brain approaches to faith and religion and considers some of the ways that the core doctrines of Christianity can be re stated so that they can be expressed with honesty and integrity *The Latter-Day Saints'* *Millennial Star* ,1852 **Good Faith and Other Essays** Joseph S. Catalano, 1996 Noted scholar Joseph S Catalano here brings together his new work on Sartre s ethics with five of his classic essays on Sartre s moral thought In an extended opening essay Catalano uses Sartre s notion of mediation as a means to integrate the entire range of the French philosopher s moral insights In the second half of the book Catalano attempts to delineate a viable notion of good faith and to distinguish between good and bad faith on the one hand and authenticity and inauthenticity on the other hand **Faith of Our Fathers**

Eamon Duffy,2006-04-10 Distinguished scholar addresses the key issues an intelligent person needs to tackle in making sense of being a Catholic today *Truth Is Law, Faith Is Flaw* Dr. Ahmed Sayeed,2021-01-01 The knowledge of truths unlike the knowledge of things has an opposite namely error So far as things are concerned we may know them or not know them but there is no positive state of mind which can be described as erroneous knowledge of things so long at any rate as we confine ourselves to knowledge by acquaintance
