In Search of God in the Hebrew Bible Tryggve N. D. Mettinger, 2005-06-01 Tryggve Mettinger's much praised work analyzes the major names for God in the Old Testament to trace through the many confrontations and challenges of individuals and groups that mark Israel's story the historical development of Israel's conception of God **The Splintered Divine** Spencer L. Allen, 2015-03-05 This book investigates the issue of the singularity versus the multiplicity of ancient Near Eastern deities who are known by a common first name but differentiated by their last names or geographic epithets It focuses primarily on the I tar divine names in Mesopotamia Baal names in the Levant and Yahweh names in Israel and it is structured around four key questions How did the ancients define what it meant to be a god or more pragmatically what kind of treatment did a personality or object need to receive in order to be considered a god by the ancients Upon what bases and according to which texts do modern scholars determine when a personality or object is a god in an ancient culture In what ways are deities with both first and last names treated the same and differently from deities with only first names Under what circumstances are deities with common first names and different last names recognizable as distinct independent deities and under what circumstances are they merely local manifestations of an overarching deity The conclusions drawn about the singularity of local manifestations versus the multiplicity of independent deities are specific to each individual first name examined in accordance with the data and texts available for each divine first name Word Biblical Themes Collection Leslie C. Divine Doppelgänger Collin Cornell, 2020-03-16 The Bible says that YHWH alone is God and that there is none like him but texts and artwork from antiquity show that many gods looked very similar In

this volume scholars of the Hebrew Bible and its historical contexts address the problem of YHWH's ancient look-alikes providing recommendations for how Jews and Christians can think theologically about this challenge. Sooner or later whether in a religion class or a seminary course students bump up against the fact that God the biblical God was one among other comparable gods. The ancient world was full of gods including great gods of conquering empires, dynastic gods of petty kingdoms, goddesses of fertility and personal spirit guardians. And in various ways these gods look like the biblical God. Like the God of the Bible they too controlled the fates of nations, chose kings, bestowed fecundity and blessing and cared for their individual human charges. They spoke and acted. They experienced wrath and delight. They inspired praise. All of this leaves Jews and Christians in a bind: how can they confess that the God named YHWH was and is the true and living God in view of this God's profound similarities to all these others? The essays in this volume address the theological challenge these parallels create providing reflections on how Jews and Christians can keep faith in YHWH as God while acknowledging the reality of YHWH's divine doppelgängers. It will be welcomed by undergraduates, studying religion seminarians and graduate students of Bible theology and the ancient world and adult education classes.

Biblical Theology Andreas J. Köstenberger, Gregory Goswell, 2023-02-23. A Clear Careful Textbook to Help Bible Students Interpret Scripture. Pastors, thoughtful Christians and students of Scripture must learn how to carefully read and understand the Bible but it can be difficult to know where to start. In this clear logical guide Andreas J. Köstenberger and Gregory Goswell explain how to interpret Scripture from three effective viewpoints: canonical, thematic and ethical. Biblical Theology is arranged book by book from the Old Testament using the Hebrew order through the New Testament. For each text Köstenberger and Goswell analyze key biblical theological themes, discussing the book's place in the overall storyline of Scripture. Next they focus on the ethical component showing how God seeks to transform the lives of his people through the inspired text. Following this technique readers will better understand the theology of each book and its author. A Clearly Written Guide on Biblical Theology Analyzes all 66 books of the Bible with emphasis on the coherent unified framework of Scripture. Helps Readers Thoughtfully Interpret Scripture. Provides an essential foundation for a valid theological understanding of Scripture that informs Christian doctrine and ethics. Ideal for Pastors, Academics and Other Serious Students of Scripture. This clear, thoroughly researched guide can be used as a textbook in seminary classes studying biblical theology or the Old and New Testaments.

Hermeneutic of the Christian Symbol of Divine Suffering, Volume One Jeff B. Pool, 2009-01-01 This book constitutes the first volume of a three volume study of Christian testimonies to divine suffering God's Wounds Hermeneutic of the Christian Symbol of Divine Suffering Divine Vulnerability and Creation This study first develops an approach to interpreting the contested claims about the suffering of God Thus the larger study focuses its inquiry into the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God Through this approach this volume of studies into the Christian symbol of divine suffering then investigates the two major presuppositions that the larger family of testimonies to divine suffering normally hold an understanding of God through the primary metaphor of love God is love and an understanding of the human as created in the image of God with a life though finite analogous to the divine life the imago Dei as love When fully elaborated these presuppositions reveal the conditions of possibility for divine suffering and divine vulnerability with respect to creation

Pool, 2010-01-01 This book constitutes the second volume of a three volume study of Christian testimonies to divine suffering God's Wounds Hermeneutic of the Christian Symbol of Divine Suffering vol 2 Evil and Divine Suffering The larger study focuses its inquiry into the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely then to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God This second volume of studies proceeds on the basis of the presuppositions of this symbol those implicit attestations that provide the conditions of possibility for divine suffering that which constitutes divine vulnerability with respect to creation as identified and examined in the first volume of this project an understanding of God through the primary metaphor of love God is love and an understanding of the human as created in the image of God with a life though finite analogous to the divine life the imago Dei as love The second volume then investigates the first two divine wounds or modes of divine suffering to which the larger family of testimonies to divine suffering normally attest 1 divine grief suffering because of betrayal by the beloved human or human sin and 2 divine self sacrifice suffering for the beloved human in its bondage to sin or misery to establish the possibility of redemption and reconciliation Each divine wound thus constitutes a response to a creaturely occasion The suffering in each divine wound also occurs in two stages a passive stage and an active stage In divine grief God suffers because of human sin betrayal of the divine lover by the beloved human divine sorrow as the passive stage of divine grief and divine anguish as the active stage of divine grief In divine self sacrifice God suffers in response to the misery or bondage of the beloved human's infidelity divine travail focused on the

divine incarnation in Jesus of Nazareth as the active stage of divine self sacrifice and divine agony focused on divine suffering in the crucifixion of Jesus of Nazareth as the passive stage of divine self sacrifice 1 & 2 Samuel (Teach the Text Commentary Series) Robert B.
