Cold Cold Heart John Leo Organ,2020-09-24 Maybe you were there Or you might be one of the many that young and old can t get enough of these true but fantasy like life stories involving Strange Places smiling Faces and Magical Times Stories about the Sixties bikers the Beatles soaring through High School the Seventies Rochdale College JFK the encroaching Counter Culture Our era of pure sex drugs and Rock n Roll RFK Woodstock LSD etcetera etcetera I am One of the Survivors of what Jerry Garcia referred to as a long strange trip We Baby Boomers were born with impeccable Timing from Elvis to Elvis Costello And beyond This is my story of growing up in a Cosmic Time that was despised by the Older Generation and enamored by the Young Prophets of Spiritual Adventurism To clarify this was an extraordinary and audacious Time of peace love and misunderstanding My collaborating colleagues and I learned street smarts in dark separate school hallways of rigorous vicissitudes Street smarts that prepared me for a career with the Attorney General in a Time that coincided with a Decade of Cocaine fast women bosomy beaches and Castles made of Sand If You have a sense of humour and a flare for the Dramatic then follow these journeys and escapades of this Paperback Writer through a Time and Space that will never be forgotten or authentically duplicated Read relax reload and Enjoy TAM KWONG Cameron Tam,2023-06-14 This biography is about the life s journey of the late TAM Kwong through the eyes of his children growing up in Hong Kong and Brisbane from the 1960s It entailed the times and life of a seafarer s journey sailing the seven sea from 1940s during the golden age in Shipping era and eventually settled in Brisbane in the 1970s The writer s recollections of memories of his late father throughout different timelines at Pearl Sea Zhuhai Sanzao Dao Guangzhou Hong Kong Brisbane was turned to a collection of flashbacks moments in time portraying a historical account of a life lived through hard work struggles and determination to succeed The gallery of historical account was partly based on a manuscripts hand written by TAM Kwong in 1965 and skillfully built up to form the comprehensive account of a life that set the cornerstone to the foundation of the TAM s Clan in Brisbane The book represents the culmination of years of research Diligently researched over the years and densely informative The author s work is a biography in full and particularly rich on his father s character personality and his way of

life The writer paints a vast canvas of his father but still maintains a sharp focus on his character his reactions to people and events around him Each chapter contains a wealth of fascinating historical Information It is especially touching to read his description of his father to whom the writer here offers a gracious tribute Perhaps the most poignant section of the book is a collection of essays and reviews about his father He has turned his memory of his father among many others into a virtual reality by display of various miniature models for those younger generations to capture their interest and brought his father s characteristic in exhaustive details A wonderful sense of narrative pace and style and surely a passion for his aim The writer succeeds in portraying his parents come to life in this clearly written while entertaining and well researched biography an extraordinary piece of family historical account pieced together from scratches over the years Overall the book is engaging Interspersed throughout the book are little asides of easy reading There may be sensitively written vignettes from the life of his late father that Cameron is writing about autobiographical episodes from his own life or fanciful stories or determination In short densely intertwined with tales makes it nearly impossible for readers once drawn in to lose interest an uncommon achievement of both style and substance The real stuff is in the writer s individual pieces passionate thoughtful and usually enlightening riveting The historical context of his father was well described by the writer while the strength of the book lies in the way he conveys his father s virtues and outlook on life which are inspirational and educational for his children and progeny to follow I would recommend that anyone living in Brisbane should read the book if they want to add or share the writer s memory of course in a less than pedantic way of the development history of Brisbane in the recent decades as witnessed by the writer over the years Looking back an account of the embryonic growth of Brisbane is particularly lively and informative from the perspective of an ordinary resident ever since living through his boyhood and growing up in this wonderful city There are many model displays of various scale for readers to visualize the scenes mentioned in the chapters and to capture readers attention on some history events places to arouse their interest from a historical perspective As Dad s grandchildren are all born in Australia hopefully the grandchildren and their progenies can get to know this mild mannered chef and pastry cook and learn how he shaped the family future in the land Downunder where Women glow and Men thunder
