Life, Times and Work of William Gillies, 1898-1973 Andrew McPherson, 2024-11-30 For seventy years William Gillies has been seen as a placid painter of landscape and decorative still life Andrew McPherson explodes this view to reveal a modernist whose response to the instabilities and violence of modernity touched universals of human experience Gillies idiom was shaped by institutions for artistic production unique to Scotland But it was the politics of Scotland's connections to the rest of the British Isles that produced his mythic and misleading reputation New paintings and new meanings are uncovered placing the micro effects of modernity on mental health family and community in the wider contexts of war nationalism and public patronage McPherson also shows how this changing world led Gillies towards new applications of modernist expression Lavishly illustrated and referencing almost one thousand works this major reappraisal is an indispensable source on the cultural politics of a four nation state and the reception of modernism in Britain **In the Dorian Mode** Brocard Sewell, 1983 Comparative Criticism: Volume 17, Walter Pater and the Culture of the Fin-de-Siècle E. S. Shaffer, 1995-11-16 Addresses literary theory and criticism comparative studies in terms of theme genre movement and influence and interdisciplinary perspectives *Masculinity and Spirituality in Victorian Culture* Andrew Bradstock, Sue Morgan, 2000-10-04 In its specially commissioned fourteen chapters this important book discusses an impressively wide range of issues around the theme of male spirituality in the nineteenth century drawing from history cultural studies art history and literary criticism Topics explored include ideological and iconographical representations of masculinity across the major Christian denominations militarism and hymnody male homosexuality and homoeroticism The book is not afraid to explore controversial areas nor to go beyond the generally acknowledged canon of prescribers of gender identity it includes for example leading nonconformist figures like William Booth and Charles Haddon Spurgeon and early gay writers like John Addington Symonds **The Unknowable in Literature and Material Culture** Margot Irvine, Jeremy Worth, 2019-10-08 Literature strives to interpret and explain the unknown and to propose ways in which to engage with it even if at least initially these keys exist only in the realm of the imagination This is one of the many important qualities that draw us to study literature and to marvel at the creative understandings that it offers However many questions call for further exploration how does something unknowable unspeakable become a subject that can be examined and debated How have literary and scientific communities entered into the dialogue and exchange that are crucial to the consolidation of knowledge By what processes can we come to know and understand that which remains hidden undocumented unspoken poorly understood the memories secrets unknowable and unspeakable truths of public and private human lives Inspired by questions such as these the contributors to this volume reflect on fin de siècle discourses around homosexuality and sexual inversion on Émile Zola as seeker of concealed truths and figure of scandal on the modes and crises of representing human experience in literary and visual forms and on the dialogic space between self and other Who's Who in Gay and Lesbian History Vol.1 Robert

Aldrich, Garry Wotherspoon, 2005-10-25 *Who's Who in Gay and Lesbian History From Antiquity to the Mid Twentieth Century* is a comprehensive and fascinating survey of the key figures in gay and lesbian history from classical times to the mid twentieth century. Among those included are Classical heroes Achilles, Aeneas, Ganymede; Literary giants Sappho, Christopher Marlowe, Arthur Rimbaud, Oscar Wilde; Royalty and politicians Edward II, King James I, Horace Walpole, Michel de Montaigne. Over the course of some 500 entries, expert contributors provide a complete and vivid picture of gay and lesbian life in the Western world throughout the ages.

*Sexual Sameness (Routledge Revivals)* Joseph Bristow, 2014-03-18 First published in 1992, *Sexual Sameness* examines the differing textual strategies male and female writers have developed to celebrate homosexuality. Examining such writers as E. M. Forster, James Baldwin, Sylvia Townsend Warner, and Audre Lorde, this wide-ranging book demonstrates how literature has been one of the few cultural spaces in which sexual outsiders have been able to explore forbidden desires. From the humiliating trials of Oscar Wilde to the appalling stigmatisation of people living with AIDS, *Sexual Sameness* reveals the persistent homophobia that has until recently almost completely inhibited our understanding of lesbian and gay writing. In opening up homosexual literature to informed and objective methods of reading, *Sexual Sameness* will be of interest to a large lesbian and gay readership as well as to students of gender studies, literary studies, and the social sciences.

**Same-Sex Desire in Victorian Religious Culture** F. Roden, 2002-10-23 *Same Sex Desire in Victorian Religious Culture* examines the role of Christian history in nineteenth-century definitions of homosexual identity. Roden charts the emergence of the modern homosexual in relation to religious, not exclusively sociological, discourses. Positing Catholicism as complementary to classical Greece, he challenges the separatism of sexuality and religion in critical practice. Moving from Newman and Rossetti to Hopkins, Wilde, and Michael Field, amongst others, *Same Sex Desire* claims a new literary history, bringing together gay studies and theology in Victorian literature.

*Queer Books of Late Victorian Print Culture* Frederick D. King, 2024-05-31 Queer books like LGBTQ people adapt heteronormative structures and institutions to introduce space for discourses of queer desire. *Queer Books of Late Victorian Print Culture* explores print culture adaptations of the material book, examining the works of Aubrey Beardsley, Michael Field, John Gray, Charles Ricketts, Charles Shannon, and Oscar Wilde. It closely analyses the material book, including the elements of binding, typography, paper, ink, and illustration, and brings textual studies and queer theory into conversation with literary experiments in free verse, fairy tales, and symbolist drama. King argues that queer authors and artists revised the Revival of Printing's ideals for their own diverse and unique desires, adapting new technological innovations in print culture. Their books created a community of like-minded aesthetes who challenged legal and representational discourses of same-sex desire with one of aesthetic sensuality.

*The Pen and the Cross* Richard Griffiths, 2010-02-09 An illuminating study looking at an influential group of Roman Catholic novelists and writers: Chesterton, Belloc, Waugh, Greene, Spark, and David Lodge, among others. Students and scholars at all levels of English Literature of the place of Catholicism in English society and any intelligent reader interested in the relationship between

religion and literature      **Victorian Christianity at the Fin de Siècle** Frances Knight, 2015-10-23 The period known as the fin de siècle defined in this groundbreaking book as chiefly the period between 1885 and 1901 was a fluid and unsettling epoch of optimism and pessimism endings and beginnings as well as of new forms of creativity and anxiety The end of the century has attracted much interest from scholars of literary and cultural studies who regard it as a critical moment in the history of their disciplines but it has been relatively ignored by religious historians Frances Knight here sets right that neglect She shows how late Victorian society often said to be one of the most intensely Christian cultures the world has ever seen reacted to the bold agendas being set by the thinkers of the fin de siècle and how prominent Church figures during the era first identified many of the concerns that have preoccupied Christians latterly These include an active interest in social justice and the creation of new types of communities increasingly open discussion of the sexual exploitation of children debates about society's decadence new ideas about the role of women and the belief in the redemptive powers of art pioneered by figures as diverse as P T Forsyth Percy Dearmer and Samuel and Henrietta Barnett Examining in particular the Christian world of fin de siècle London the author offers penetrating insights into a society in which the ritual and culture of Christianity sometimes permeated the aesthetic movement and where devotees of the aesthetic movement like Walter Pater Oscar Wilde and their disciples often revealed a fascination with Christianity She argues that the long 1890s was a decisive decade in which various sections of Christian opinion both on the progressive and the more conservative wings of the faith began to express views which set the tone for attitudes which would become commonplace in the twentieth century Victorian Christianity at the Fin de Siècle is the focussed treatment of religion and culture at the end of the nineteenth century that the field has long needed It will be welcomed by scholars of church history social and cultural history and the history of ideas
