In The Eyes Of The Ancestors:

In the Eyes of the Ancestors June Nash,1970 **A Line in the Sand: River of Blood** Richard Brighton,2011-05-10
These are the collected stories of People of the Tribes People of the Nations settlers and those Texians who were defenders at the Alamo They speak of how all paths converge The footsteps of the hesitant meet those of the brave and any day is but a moment when a person is faced with making a stand These stories show what led to the battle of the Alamo and they are written in the manner in which they were told to be read like campfire stories when the shadows of the day blend into the darkness of night It is here where Spirits live and travelers seek their destiny The Ancestor's Tale Richard Dawkins,2004
Renowned biologist and thinker Dawkins presents his most expansive work yet a comprehensive look at evolution ranging from the latest developments to his own provocative views and loosely based on the form of Chaucer's Canterbury Tales

Eternal Ancestors Barbara Drake Boehm, 2007. Many masterpieces of central African sculpture were created to amplify the power of sacred relics that affirm a family's vital connection to its ancestral heritage. This important volume, focusing on some 130 works representing a diverse variety of regional genres, illuminates the purpose and significance of these icons of African art, which first came to prominence because of their appeal to the Western avant-garde. While providing an overview of sources ranging from colonial explorers, missionaries, critics, artists, and art historians, the book breaks new ground in its examination of the complex aesthetic and spiritual dimensions of the reliquaries. Its interdisciplinary approach brings together the perspectives of scholars in African and medieval art history along with those in African history, religion, and ethnography.
