In The Shadow Of Plenty:

In the Shadow of Plenty George Grant,1986 In the Shadow of Plenty G Grant,1988-10-01 *In the Shadow of Plenty: Biblical Principles of Welfare and Poverty* ,1996 The Institute for Christian Economics ICE in Tyler Texas presents the full text of *In the Shadow of Plenty Biblical Principles of Welfare and Poverty* as part of the ICE FreeBooks resource The book written by George Grant was originally published in 1986 and is available online in HTML or PDF format The book discusses the how the Church could help end poverty **In the Shadow of Plenty** George Grant,1986 **Oversight on Federal Nutrition Programs** United States. Congress. Senate. Committee on Agriculture, Nutrition, and Forestry. Subcommittee on Nutrition,1982 In the Shadow of Plenty George Grant,2018-11-10 The war on poverty was supposed to reform the entire social fabric of our nation The hungry were to be fed The naked were to be clothed The homeless were to be sheltered The jobless were to be employed The helpless were to be protected Blacks Hispanics Indians women and the elderly all were to be brought to full equality Through legislation and litigation through education and communication through taxation and distribution the disadvantaged were to be unshackled from structural poverty But the war on poverty has failed The war on poverty has become a war on the poor It has actually added to the structures of structural poverty It has created a permanent underclass and reinforced the divide between the haves and the have nots Three decades ago the first edition of this book was written to propose an alternative to the failed welfare system and a practical approach to restoring the old consensus of faith family and work Although much has changed in American life and culture in the intervening years the principles highlighted here are as relevant as ever Indeed these principles are eternal because they are drawn from the Bible All Scripture is breathed out by God and profitable for teaching for reproof for correction and for training in righteousness that the man of God may be complete equipped for every good work 2 Timothy 3 16 17 Thus to attempt the good work of poverty relief without taking heed of the dear instructions of the Bible is utter foolishness Romans 1 18 23 It is to invite inadequacy and incompetency Deuteronomy 28 15 All such attempts are doomed to frustration and failure as the war on poverty has so amply and aptly proven Humanism and its various programs policies and agendas can t work because humanism is out of touch with reality Ephesians 5 6 It is fraught with fantasy Colossians 2 8 Only the Bible can tell us of things as they really are Psalm 19 7 11 Only the Bible faces reality squarely practically completely and honestly Deuteronomy 30 11 14 Thus only the Bible can illumine genuine solutions to the problems that plague mankind Psalm 119 105 This book s primary intention is to look simply and briefly at what the Bible says about poverty relief What does Scripture teach concerning welfare Or work Or charity Or entitlement programs What about the civil government s role Or that of private initiative Or the churches And what about income redistribution What does the Bible really say about justice mercy and compassion Or civil rights and affirmative action Or oppression and bondage Once a clear picture has been drawn of the Bible s principles for relief then and only then can specific policy recommendations be made Deuteronomy 15 4 8 Only then

can strategies be outlined tactics designed and programs initiated Joshua 1 8 But please don't get the idea that simply because this book focuses most of its attention on Biblical principles that it is a book of theory and not a book of practice Because the Bible is itself by nature practical Proverbs 3 5 6 this book is inevitably practical as well In fact we hope that it will prove to be helpful as a manual for action James 1 22 The Internationalists Oona Anne Hathaway, Scott J. Shapiro, 2017-09-12 A bold and provocative history of how an overlooked 1923 treaty was among the most transformative events in modern history On a hot summer afternoon in 1928 the leaders of the world assembled in Paris to outlaw war Within the year the treaty signed that day known as the Peace Pact had been ratified by nearly every state in the world War for the first time in history had become illegal the world over But the promise of that summer day was fleeting Within a decade of the signing of the Pact each state that had gathered in Paris to renounce war was at war And in the century that followed the Peace Pact was dismissed as an act of folly and an unmistakable failure This book argues that that understanding is inaccurate and that the Peace Pact ushered in a sustained march toward peace that lasts to this day This book tells the story of the Peace Pact by placing it in the long history of international law from the seventeenth century through the present It details the brutal world of conflict the Peace Pact helped extinguish and the subsequent era where tariffs took the place of tanks Accessible and gripping this book will change the way we view the history of the twentieth century and show how we must work together to protect the global order the internationalists fought to make possible Jacket
