In The Window Glows Hazes:

Crimson Glow Jolene Howard, 2021-03-12 Maura Delaney is just your average sarcastic chain smoking young woman who happens to moonlight as a vigilante assassin Through the use of advanced technology her mission is to dispose of the human monsters who plague our communities every day We re talking murderers rapists pedophiles the worst of the worst Seems like a dream job right Of course everything doesn t always go according to plan especially with a best friend constantly playing matchmaker a hard nosed boss breathing down her neck and an obsessed coworker who doesn t understand the term friend zoned The malfunctioning of her ability to inconspicuously dispose of the bad guys suddenly throws Maura for a loop And the appearance of a handsome stranger amid the chaos really throws a wrench in the cogs Who is this enigmatic man and why does he make Maura s palms sweat There s something peculiar and yet absolutely magnetizing about him that she can t seem to shake To top things off a serial murderer is on the loose and without Maura s disposal mechanism running at full capacity the bodies may really begin to stack up It s a high stakes race to stop a killer with quite a few speed bumps school zones and construction detours along the way *Glow* Tim Jordan, 2021-02-23 A man battles his addiction to a devastating nanotech drug that steals identities and threatens the survival and succession of mankind as a galactic species After the Nova Insanity shattered Earth s civilization the Genes and Fullerenes Corporation promised to bring humanity back from the brink Many years later various factions have formed challenging their savior and vying for a share of power and control *Glow* follows the lives of three very different beings all wrestling mental instability in various forms Rex a confused junkie battling multiple voices in his head Ellayna the founder of the GFC living on an orbital satellite station and struggling with paranoia and Jett a virtually unstoppable robotic assassin questioning his purpose of creation All of them are inextricably linked through the capricious and volatile *Glow* an all controlling nano tech drug that has the ability to live on through multiple hosts cutting and pasting memories and personas in each new victim In this tech crazed world where nothing seems impossible many questions are posed what makes us who we are What is our ultimate purpose and place in this world And most frightening of all what are we capable of doing to survive *File Under Science Fiction* *Hivemind One More Fix No Escape Run Like Hell* **Sapphire's Glow** Rissa Cassandra, 2014-04-01 Left in the dark all her life 18 year old Sapphire Green discovers she attracts blood craving soul consuming parasites called Nerriphs otherworldly creatures With the *Glow* she possesses her Aunt Paulina best friend Courtney McCall and new mysterious crush Damien Ashton all help to keep her from harm On the run to somewhere safer Sapphire and Damien declare their feelings for one another But is it true or just false attraction he has from the Nerriph in him And will everything go completely wrong for Sapphire Northern Lights T. Rico, 2013-05 It was past midnight in Norway when Dante awoke to find his wife Hannah standing by the bedroom window She was mesmerized by the red glare and high winds pouring into the bedroom from the Northern Lights The freakish red tornado that touched down in the small town of Fredrikstad on this particular evening

brought with it much more than just a delightful display from the Aurora Borealis Follow the story of Hannah and Dante as they become chosen by the forerunners to save as many people as they can from the horror that awaits them Mutations now walk the planet under the emerald colored sky as the battle between good and evil ensues who will prevail in this story of love and disaster Editor s comments The pleasure of this novel is that it is vividly imagined The reader senses that the writer is really seeing the things he is describing That s no small feat He also has a good instinct for pacing and maintaining suspense This book was so good that I got to within 15 pages of the end of the book and decided I didn t want it to end so I started from the beginning and read it a second time just to prolong the ending **So We Can Glow** Leesa
