Architecture, Aesthetics, and the Predicaments of Theory Amir H Ameri, 2021-12-23 Architecture Aesthetics and the Predicaments of Theory offers a critical analysis of the methodological constants and shared critical strategies in the history of theoretical discourse on Western architecture Central to these constants is the persistent role of aesthetics as a critical tool for the delimitation of architecture This book analyzes the unceasing critical role aesthetics is given to play in the discourse of architecture The book offers a close and critical reading of three seminal texts from three different periods in the history of theoretical discourse on Western architecture the Renaissance the Enlightenment and 19th century Romanticism The first text is Leone Battista Alberti's Ten Books on Architecture of 1452 the next Marc Antoine Laugier's An Essay on Architecture of 1753 and last John Ruskin's The Seven Lamps of Architecture of 1849 Additional influential texts from among others the 20th and 21st centuries are engaged with along the way to locate and contextualize the arguments within the broader discursive tradition of Western architecture The book will interest scholars and students of architecture architectural history and theory as well as scholars and students of cultural studies aesthetic philosophy art history literary criticism and related disciplines

Intersecting Realities Hak Joon Lee, 2018-11-13 Experiencing racial marginalization in society and pressures for success in family Asian American Christian young adults must negotiate being socially underpowered culturally dissonant and politically marginal To avoid misunderstandings and conflicts within and without their communities more often than not they hide their true thoughts and emotions and hesitate to engage in authentic conversations outside their very close knit circle of friends In addition these young adults might not find their church or Christian fellowship to be a safe and hospitable place to openly struggle with all of these sorts of questions all the while lacking adequate vocabulary or resources to organize their thoughts This book responds to these spiritual moral struggles of Asian American young people by theologically addressing the issues that most intimately and immediately affect Asian American youths sense of identity God race family sex gender friendship money vocation the model minority myth and community uniquely and consistently from the contexts of Asian American young adult life Its goal is to help young Asian Americans develop a healthy balanced organic sense of identity grounded in a fresh and deeper understanding of the Christian faith

Bradley and the Problematic Status of Metaphysics Damian Ilodigwe, 2005 Bradley is a much neglected philosopher The neglect is hardly justifiable considering what Bradley actually wrote However the situation has improved in the last couple of decades as there are signs of renewed interest in Bradley Indeed a basic consensus among Bradley scholars is the need for a reassessment of his philosophy and his place in the history of philosophy In this interpretive and critical work Ilodigwe undertakes an appraisal of Bradley's philosophy He argues that Bradley's metaphysics of the absolute is the core of his philosophical system This means that we cannot understand Bradley's philosophy unless we do justice to this aspect of his thought Nor would it be possible to gain a full conspectus of the varied ramification of his thought if dissociated from the larger milieu relative to which they subsist and have their being

Unfortunately much of the contemporary rejection of Bradley TM s metaphysics is predicted on this sort of fragmentary appreciation as evidenced by Russell and James TM s reception of Bradley Bradley and the Problematic Status of Metaphysics tries to redress this imbalance Ilodigwe here makes a case for a fundamental reassessment of Bradley TM s philosophy by taking his account of the Absolute as point of reference for receiving other aspects of his thought In keeping with this strategy Part 1 and 2 focuses on a number of themes in Bradley TM s philosophy such as his account of immediate experience his theory of Judgement his analysis of the essence of thought and his account of truth as appearance In each case Ilodigwe shows how the themes illustrate a two fold thesis that permeate Bradley TM s thought the claim as to the immanence of the Absolute in its appearances and the further claim that the Absolute is irreducible to to any of its appearances Part 3 relates Bradley TM s philosophy to the situation of contemporary philosophy by assessing Russell and James TM s appraisal of Bradley

The Politics of Dialogue Ranabir Samaddar,2017-07-05 Offering a detailed analysis of post colonial South Asia The Politics of Dialogue discusses the creation and impact of borders and the pervasive tension between the new nations Neither all out war nor complete peace this fragile condition makes political leaders and strategists feel claustrophobic a war produces an end result but peace allows the rulers to carry out their policies for governing along their preferred path of development The book shows how cartographic communal and political lines are not only dividing countries but that they are being replicated within countries creating new visible and invisible internal frontiers It argues that in a situation where geopolitics constrains democracy the political class becomes incapable of coping with the tension between the inside outside eg democracy appears as an internal problem and geopolitics appears as a problem related to the outside
