The World Republic of Letters Pascale Casanova, 2004 The world of letters has always seemed a matter more of metaphor than of global reality In this book Pascale Casanova shows us the state of world literature behind the stylistic refinements a world of letters relatively independent from economic and political realms and in which language systems aesthetic orders and genres struggle for dominance Rejecting facile talk of globalization with its suggestion of a happy literary melting pot Casanova exposes an emerging regime of inequality in the world of letters where minor languages and literatures are subject to the invisible but implacable violence of their dominant counterparts Inspired by the writings of Fernand Braudel and Pierre Bourdieu this ambitious book develops the first systematic model for understanding the production circulation and valuing of literature worldwide Casanova proposes a baseline from which we might measure the newness and modernity of the world of letters the literary equivalent of the meridian at Greenwich She argues for the importance of literary capital and its role in giving value and legitimacy to nations in their incessant struggle for international power Within her overarching theory Casanova locates three main periods in the genesis of world literature Latin French and German and closely examines three towering figures in the world republic of letters Kafka Joyce and Faulkner Her work provides a rich and surprising view of the political struggles of our modern world one framed by sites of publication circulation translation and efforts at literary annexation

The Latin American Ecocultural Reader Jennifer French, Gisela Heffes, 2020-11-15 The Latin American Ecocultural Reader is a comprehensive anthology of literary and cultural texts about the natural world The selections drawn from throughout the Spanish speaking countries and Brazil span from the early colonial period to the present Editors Jennifer

French and Gisela Heffes present work by canonical figures including Jos Mart Bartolom de las Casas Rub n Dar o and Alfonsina Storni in the context of our current state of environmental crisis prompting new interpretations of their celebrated writings They also present contemporary work that illuminates the marginalized environmental cultures of women indigenous and Afro Latin American populations Each selection is introduced with a short essay on the author and the salience of their work the selections are arranged into eight parts each of which begins with an introductory essay that speaks to the political economic and environmental history of the time and provides interpretative cues for the selections that follow The editors also include a general introduction with a concise overview of the field of ecocriticism as it has developed since the 1990s They argue that various strands of environmental thought recognizable today as extractivism eco feminism Amerindian ontologies and so forth can be traced back through the centuries to the earliest colonial period when Europeans first described the Americas as an edenic New World and appropriated the bodies of enslaved Indians and Africans to exploit its natural bounty

Handbook of the Arts in Qualitative Research ,2022 **A Study Guide for Octavio Paz's "Fable"**
Gale, Cengage Learning,2016 Written in Exile Ignacio Lopez-Calvo,2019-07-16 On September 11 1973 Chile s General Pinochet led a quick and brutal military coup ousting the Allende government Ignacio Lopez Calvo argues that the rise of the Pinochet dictatorship and the subsequent imprisonment of any Allende sympathizers shaped Chilean narrative into two structural forms liberationist narrative cathartic journalistic testimonies that provide models for revolutionary behavior against authoritarianism and demystifying narrative which uses the events of 1973 as well as the colonial aspirations of European countries as a Paradise Lost backdrop in which the characters of this type of fiction are able to create their non political realities that become models of democratization

Octavio Paz Nicholas Caistor,2008-02-15 Both an artist and activist Octavio Paz won the Nobel Prize for literature in 1990 This recognition was the culmination of decades of work as Paz strove to marry traditional Mexican poetry with distinctly surrealist and Spanish influences Along with his work Paz s contribution to the intellectual debates of his time such as those over the role of Mexican art in national identity cannot be overemphasized In Octavio Paz Nicholas Caistor takes a fresh look at Paz s exquisite poetry and fascinating life Born during the Mexican Revolution Paz spent his youth fighting to free Mexico from the ideologies of both the left and right He traveled to the United States then to Spain where he fought with the Republicans against Franco s Nationalists He eventually served as a diplomat in India before returning to his homeland in 1968 where he again became a vocal opponent of the government As Caistor demonstrates Paz s personal journey in those years was as exciting as his public life He details here the multiple marriages and passionate friendships that inevitably made their way into Paz s poetry Both concise and insightful Octavio Paz reveals the life that informs a poetry that is deeply expressive and distinctly political

State Out of the Union Jeff Biggers,2012-09-25 State Out of the Union is award winning journalist and historian Jeff Biggers riveting account of Arizona the famed frontier state whose conflict over immigration and state s rights has become a national bellwether Biggers shows

how Arizona's long history of labor and civil rights battles its contentious entry into the union as well as cyclical upheavals over immigration rights place the state front and center in a greater American story playing out across the United States. From President Eisenhower's Operation Wetback to the legacy of Arizona native son César Chávez to the powerful influence of the state's politicians like Sen. Barry Goldwater and Tea Party President Russell Pearce, Biggers reveals how Arizona has played a pivotal role in determining the nation's conservative and liberal agendas. Today more than 25 state legislatures have introduced anti-immigration bills that are virtual copies of Arizona's controversial SB 1070. The state is ground zero in the clash over a historic demographic shift taking place across the country with the rise of a newly empowered Latino electorate. But Arizona is not only home to some of the most virulent anti-immigration legislation in the country; it is also the birthplace of a new movement of young Latino activists and allies who have not only challenged the self-proclaimed architect of SB 1070 in a historic recall election but are also mobilizing to defend the state's education system from censorship. A lasting and important work of cultural history, *State Out of the Union* vividly unveils the showdown over the American Dream in Arizona and its impact on the future of the nation.

The Nobel Prize and the Formation of Contemporary World Literature Paul Tenngart, 2023-10-05. An exploration of the history, ambitions, and impact of the Nobel Prize in literature as it gained a central position in 20th-century global literary culture. Few scholars would deny that the Nobel Prize is the most prestigious literary award in the world. But what mechanisms made it possible for 18 Swedish intellectuals to become the world's most influential literary critics? Paul Tenngart argues that the Nobel Prize in literature has become a special kind of international canonization exerted from a non-central, semi-peripheral position; the award sometimes confirms and reinforces hierarchical relations between literary languages and cultures and sometimes disturbs established patterns of dominance and dependence. Drawing from a wide range of contemporary theories and methods, this multifaceted history of the Nobel Prize questions how the Swedish Academy has managed to keep the prize's global status through all the violent international crises of the last 120 years; how the selection of laureates shaped the idea of universal literary values and defined literary quality across languages and cultures; and what impact the prize has had on the distribution and significance of particular works. *The Nobel Prize and the Formation of Contemporary World Literature* explores the history and impact of the Nobel Prize in literature from the first award in 1901 through recent controversies involving Bob Dylan and MeToo, arguing that the prize is a unique performative act that has been and still is central in our continual and collective construction of world literature.

Octavio Paz Oliver Kozlarek, 2015-07-15. Octavio Paz is one of the most recognized Latin American writers. His essays offer a sophisticated critique of global modernity. Although his work has advanced many of the arguments that orient our contemporary debates in the social sciences and in philosophy, it has hardly ever been seriously taken into consideration in these disciplines. The volume suggests that this may have been a mistake. Its authors indicate ways in which Paz's essays can be read as substantial contributions to the

contemporary debates in various fields The aim of this book is to present to a non Spanish speaking audience some of the discussions about Paz offerings to the ongoing debates It also wants to make a clear statement a critique of our contemporary modernity must go hand in hand with a non exclusive intercultural understanding of Humanism Max Jacob and the Poetics of Play Anna J. Davies,2011 Max Jacob central figure of early 20th century Parisian bohemia along with Picasso and Apollinaire was active at the emergence of Fauvism Cubism Futurism Dada and Surrealism But in spite of his close connections with modernism epitomized by his seminal book of prose poems *Le Cornet* a des 1916 Jacob remains a marginal figure His Breton Jewish otherness conversion to Catholicism and death under the Nazis in 1944 adds to the enigma and shifts the critical focus further still But Jacobs poetic playfulness his many faceted irony wordplay narrative heterogeneity tragi comedy self reflexivity and polyphony may begin to offer insights into his esprit createur which true to the post modernist vision is not to be found in the usual ways For the aim of Max Jacob connoisseur of traditional storytelling as well as spearhead of the literary vanguard is to jolt the unconscious the energetic kernel of creativity *The Larger Conversation* Tim Lilburn,2017-03-24 Philosophical commentaries on the difficult task of forming a deep respectful relationship with the land **Theory in the "Post" Era** Christian Moraru,Andrei Terian,Alexandru Matei,2021-08-26 Shortlisted for the AATSEEL 2022 Award for Best Edited Multi Author Scholarly Volume AATSEEL is The American Association of Teachers of Slavic and East European Languages Theory in the Post Era brings together the work and perspectives of a group of Romanian theorists who discuss the morphings of contemporary theory in what the editors call the post era Since the Cold War s end and especially in the third millennium theorists have been exploring the aftermath and sometimes just the after of whole paradigms the crisis or passing of anthropocentrism the twilight of an entire ontological and cultural condition as well as the corresponding rise of an antagonist model of an anti meta or neo alternative with examples ranging from posthumanism and post postmodernism to post aesthetics postanalog interpretation or digicriticism post presentism post memory post or neo critique and so forth It is no coincidence the contributors to this volume argue that this post moment is also a time when theory is practiced as a world genre If theory has always been a worlded enterprise a quintessentially communal cross cultural and international project this is truer at present than ever Perhaps more than other humanist constituencies today s theorists work and belong in a theory commons that is transnational if still uneven economically politically and otherwise Theory in the Post Era reports the results of Romanian theory experiments that join efforts made in other places to foster a theory for the post age
