In The Beginning Selected Studies In Genesis And John:

The Composition of John's Gospel David E. Orton, 2024-01-08 In the Beginning E. L. Lovering, 1985-01-01 Readers of the Fourth Gospel have always been moved to the use of superlatives in its exposition. The most fascinating of the Gospels in so many ways has been the subject of enquiry by many of the best minds in biblical scholarship in the past decades and this is amply illustrated in the pages of Novum Testamentum This selection of essays on John presents a tapestry of critical insights into the origins and composition of the Gospel from the hands of many of the world's leading Johannine scholars writing since the Second World War A number of these articles have been seminal for a generation of scholarship in the field Taken together they constitute a treasury of insights and a representative grounding in the critical study of the Gospel since Bultmann Canadian Books in Print. The Johannine Prologue and its Resonances ,2024-06-24 The Prologue to John's Gospel has been an enigmatic object of inquiry in the history of biblical scholarship This volume reengages readers with thirteen essays from various perspectives on the Prologue These perspectives include source oriented approaches form oriented approaches functional approaches and alternative non traditional approaches This book attempts to pave new paths to understanding the Prologue and cause readers to think more deeply about the beginning of John's Gospel Canadian Books in Print 2002 Edited by Butler Marian, Marian Butler, 2002-02 Containing more than 48000 titles of which approximately 4000 have a 2001 imprint the author and title index is extensively cross referenced It offers a complete directory of Canadian publishers available listing the names and ISBN prefixes as well as the street e mail and web addresses Peloubet's Select Notes on the International Bible Lessons for Christian Living Alice Peloubet Norton, 1899 Michigan Christian Advocate, 1904 Select Notes Mary Abby Thaxter Peloubet, 1898 The Danielic Eschatological Hour in the Johannine Literature Stefanos Mihalios, 2011-03-17 Stefanos Mihalios examines the uses of the hour in the writings of John and demonstrates the

contribution of Danielic eschatology to John's understanding of this concept Mihalios begins by tracing the notion of an

eschatological time in the Old Testament within expressions such as in that time and time of distress which also appear in the book of Daniel and relate to the eschatological hour found in Daniel Mihalios finds that even within the Jewish tradition there exists an anticipation of the fulfillment of the Danielic eschatological time since the eschatological hour appears in the Jewish literature within contexts that allude to the Danielic end time events Mihalios moves on to examines the Johannine eschatological expressions and themes that have their source in Daniel finding evidence of clear allusions whenever the word hour arises Through this examination he concludes that for the Johannine Jesus use of the term hour indicates that the final hour of tribulation and resurrection as it is depicted in Daniel has arrived Exploring the Composition of the Pentateuch L. S. Baker Jr., Kenneth Bergland, Felipe A. Masotti, A. Rahel Wells, 2020-12-11 For many years the historical critical quest for a reconstruction of the origin's and development of the Pentateuch or Hexateuch has been dominated by the documentary hypothesis the heuristic power of which has produced a consensus so strong that an interpreter who did not operate within its framework was hardly regarded as a scholar However the relentless march of research on this topic has continued to yield new and refined analyses data methodological tools and criticism In this spirit the contributions to this volume investigate new ideas about the composition of the Pentateuch arising from careful analysis of the biblical text against its ancient Near Eastern background Covering a wide spectrum of topics and diverging perspectives the chapters in this book are grouped into two parts The first is primarily concerned with the history of scholarship and alternative approaches to the development of the Pentateuch The second focuses on the exeges of particular texts relevant to the composition of the Torah The aim of the project is to foster investigation and collegial dialogue in a spirit of humility and frankness without imposing uniformity In addition to the editors the contributors include Tiago Arrais Richard E Averbeck John S Bergsma Joshua A Berman Daniel I Block Richard Davidson Roy E Gane Duane A Garrett Richard S Hess Benjamin Kilch r Michael LeFebvre Ji Moskala and Christian Vogel The Writings of John Fiske ... John Fiske, 1902 The Miscellaneous Writings of John Fiske John Fiske, 1902 Robotic Persons Joshua K. Smith, 2021-02-26 Robotic Persons will introduce the evangelical community to the journey of Robotic Futurism and how current and forthcoming AI driven robots will impact human value and dignity This book will consider three key areas of robotic development and the existential risks on the horizon for humans in the fields of work war and sex There are risks in the fields of work because there is a temptation to replace human workers with automation Current arguments for the benefit of war fighting robots posit that these robots will eliminate war and the risk of war but there is much more to the story Arguments for sex and companion robots proffer that they will benefit the fringe community or help those who do not have a relative to care for them but again there are many ethical and philosophical problems with these arguments Robotic Persons not only introduces the reader to these issues but also gives an evangelical response to each There is presently no evangelical work addressing these critical issues Robotic Persons will argue that granting legal personhood to qualified robots will further prevent dehumanizing use of robots and protect human dignity and
