Appleton, 2003

Annotation Searching for Their Places is a collection inspired by the Fifth Southern Conference on Women's History. The essays in this volume are particularly astute in assessing the ways in which southern women have claimed power or searched for their places and suggests how southern women individually and collectively have sought to empower themselves. The essays written by outstanding historians in this field represent some of the freshest and most exciting scholarship about women in the South. They convincingly illustrate how the national experience looks different when southern women become the focus. The essayists use extensive analyses of primary source materials to examine a variety of issues that have confronted women in the South from the days of English colonialization through the civil rights struggles of the post World War II era. The collection is well balanced in its periodization with four essays on the antebellum years, one on the Civil War, three on the immediate postbellum era, and four based in the twentieth century. Studying women of every color, background, and station across the region and across four centuries, Searching for Their Places will appeal to the general reader and anyone interested in women's studies.

How to Play Video Games Matthew Thomas Payne, Nina B. Huntemann, 2019-03-26
Forty original contributions on games and gaming culture. What does Pok mon Go tell us about globalization? What does Tetris teach us about rules? Is feminism boosted or bashed by Kim Kardashian Hollywood? How does BioShock Infinite help us navigate world building? From arcades to Atari and phone apps to virtual reality headsets, video games have been at the epicenter of our ever evolving technological reality. Unlike other media technologies, video games demand engagement like no other, which begs the question: what is the role that video games play in our lives, from our homes to our phones and on global culture writ large? How to Play Video Games brings together forty original essays from today's leading scholars on video game culture, writing about the games they know best and what they mean in broader social and cultural contexts. Read about avatars in Grand Theft Auto V or music in The Legend of Zelda Ocarina of Time. See how Age of Empires taught a generation about postcolonialism and how Borderlands exposes the seedy underbelly of capitalism. These essays suggest that understanding video games in a critical context provides a new way to engage in contemporary culture. They are a must read for fans and students of the medium.

Toronto & Niagara Colourguide Mark Grzeskowiak, 2008-04-16
This fully updated edition of the Toronto Niagara Colourguide is written entirely by knowledgeable local contributors and illustrated with more than 400 full colour photographs. The guide explores Toronto's vibrant culture, cuisine, nightlife, and shopping, and provides an insider's view of the city's annual events, neighbourhoods, theatre, and sports. The expanding Niagara region, a wine, food, and cultural destination, is extensively covered. Like other Colourguides, this volume emphasizes cultural and heritage attractions, including the recently expanded Royal Ontario Museum and the revamped and greatly enhanced Art Gallery of Ontario. The listings section gives complete details and contact information about every attraction discussed.
