In The Mouth Of Madneb:

In the Mouth of Madness Michael Blyth, 2018-05-15 Neglected upon its initial release in 1995 John Carpenter's *In the Mouth of Madness* has since developed a healthy cult reputation. It now appears as one of his most thematically complex and stylistically audacious pieces of work, prescient and more essential than ever. This book seeks to position this overlooked masterpiece as essential Carpenter. *The Films of John Carpenter* John Kenneth Muir, 2015-09-15 The films of John Carpenter cover a tremendous range and yet all bear his clear personal stamp. From the horrifying *Halloween* to the touching *Starman* to the controversial *The Thing* to the comic *Big Trouble in Little China*, his films reflect a unique approach to filmmaking and singular views of humanity and American culture. This analysis of Carpenter's films includes a historical overview of his career and in-depth entries on each of his films from 1975's *Dark Star* to 1998's *Vampires*. Complete cast and production information is provided for each. The book also covers those films written and produced by Carpenter such as *Halloween II* and *Black Moon Rising*, as well as Carpenter's work for television. Appendices are included on films Carpenter was offered but turned down, the slasher films that followed in the wake of the highly successful *Halloween*, the actors and characters who make repeated appearances in Carpenter's films, and ratings for Carpenter's work. Notes, bibliography, and index are included.

Terrifying Texts Cynthia J. Miller, A. Bowdoin Van Riper, 2018-09-14 From *Faust* (1926) to *The Babadook* (2014), books have been featured in horror films as warnings, gateways, prisons, and manifestations of the monstrous. Ancient grimoires such as the *Necronomicon* serve as timeless vessels of knowledge beyond human comprehension, while runes, summoning diaries, and spell books offer their readers access to the powers of the supernatural, but at what cost? This collection of new essays examines nearly a century of genre horror in which

on screen texts drive and shape their narratives sometimes unnoticed The contributors explore American films like *The Evil Dead* 1981 *The Prophecy* 1995 and *It Follows* 2014 as well as such international films as Eric Valette's *Malefique* 2002 Paco Cabeza's *The Appeared* 2007 and Lucio Fulci's *The Beyond* 1981 *100 American Horror Films* Barry Keith Grant, 2022-03-24 A well plotted survey Total Film In *100 American Horror Films* Barry Keith Grant presents entries on 100 films from one of American cinema's longest standing most diverse and most popular genres representing its rich history from the silent era D W Griffith's *The Avenging Conscience* of 1915 to contemporary productions Jordan Peele's 2017 *Get Out* In his introduction Grant provides an overview of the genre's history a context for the films addressed in the individual entries and discusses the specific relations between American culture and horror All of the entries are informed by the question of what makes the specific film being discussed a horror film the importance of its place within the history of the genre and where relevant the film is also contextualized within specifically American culture and history Each entry also considers the film's most salient textual features provides important insight into its production and offers both established and original critical insight and interpretation The 100 films selected for inclusion represent the broadest historical range and are drawn from every decade of American film making movies from major and minor studios examples of the different types or subgenres of horror such as psychological thriller monster terror gothic horror home invasion torture porn and parody as well as the different types of horror monsters including werewolves vampires zombies mummies mutants ghosts and serial killers New York Magazine , 1995-02-06 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *The Cinema of John Carpenter* Ian Conrich, David Woods, 2004 The aim of this book is to give John Carpenter's output the sustained critical treatment it deserves It comprises essays that address the whole of Carpenter's work as well as others which focus on a small number of key films **The Theory of Livevolution** Robert Roselli, 2008-11 There is a drive for a New World Order afoot and it's not an accident The modern day descendants of the Moneychangers and allied fake religious leaders or Pharisees of Jesus day are tying up some loose ends 2008 The introduction lays the groundwork for the rest of the book Section 1 posted on my website THEorYofLIVEvolution.com for length purposes establishes the unique reality of Biblical Christianity This is very important since a firm belief in a benevolent Creator is the only thing that stands between us and Them at this point Section 2 points out the world is about to be plunged into a New World Order of Biblical proportions If you think this scenario is outlandish the free U S non coincidentally meets every one of the criteria for atheistic Communism listed in Marx's Communist Manifesto As Section 3 discusses what They have planned for you on Mother Earth if you're worthy of evolution at least is the Nazis on steroids My
