## **In There With The Kids:**

I Know You're in There Marcia Hinds, 2020-01-28 This isn't just another one of those autism books for parents. Rather, this book is a groundbreaking guide that will give both parents and doctors treating autism tools and a pathway to help your child. There was something wrong with Ryan. His parents knew it before the psychiatrist predicted he would end up in an institution. Ryan was diagnosed as autistic at age four. He wouldn't look people in the eye, had troubles with socialization, difficulties with language, and more like most kids that range from mild to severe autism or even asperger's. Like all parents who receive this diagnosis that day changed everything as your ticket is punched to autism island population one or two. There was no understanding your child with autism, no manual for parenting autism, recovery from autism, there was no cure, there was no hope. Or was there? I Know You're in There tells the true story of how, through diet, applied behavior analysis, ABA, consistent and rigorous medical treatment, and more, Ryan's family took the jump and was able to work on healing the symptoms known as autism and ultimately to overcome autism. It took a lot of trial and error, but today Ryan isn't just high functioning on the autism spectrum disorder, but rather uniquely human and is an aerospace engineer, has friends, relationships, and lives a happy, typical life. His recovery wasn't miraculous, but instead the result of getting proper medical care and his parents never taking no for an answer. This book provides an early start for your child with autism. Marcia sincerely provides real world examples and actionable steps to take to get your child the treatment and care that could help them beat autism. If your child has been diagnosed with autism or the warning signs are there, which are also covered here, I Know You're in There is an indispensable resource in your fight against autism spectrum disorder.

In Their Voices Rhonda M. Roorda, 2015-11-03 While many proponents of transracial adoption claim that American society is increasingly becoming color blind, a growing body of research reveals that for transracial adoptees of all backgrounds, racial identity does matter. Rhonda M. Roorda elaborates significantly on that finding, specifically studying the effects of the adoption of black and biracial children by white parents. She incorporates diverse perspectives on transracial adoption by concerned black Americans of various ages, including those who lived through Jim Crow and the Civil Rights era. All her interviewees have been involved, either personally or professionally, in the lives of transracial adoptees, and they offer strategies for navigating systemic racial inequalities while affirming the importance of black communities in the lives of transracial adoptive families. In Their Voices is for parents, child welfare providers, social workers, psychologists, educators, therapists, and adoptees from all backgrounds who seek clarity about this phenomenon. The author examines how social attitudes and federal policies concerning transracial adoption have changed over the last several decades. She also includes suggestions on how to revise transracial adoption policy to better reflect the needs of transracial adoptive families. Perhaps most important, In Their Voices is packed with advice for parents who are invested in nurturing a positive self image in their adopted children of color and the crucial perspectives those parents should consider when raising their children. It offers adoptees of color encouragement

in overcoming discrimination and explains why a race neutral environment maintained by so many white parents is not ideal for adoptees or their families      Corrections in Montana United States Commission on Civil Rights. **Child Poverty in New Zealand** Jonathan Boston, Simon Chapple, 2014-06-16 Jonathan Boston and Simon Chapple have written the definitive book on child poverty in New Zealand Dr Russell Wills Children's Commissioner Between 130,000 and 285,000 New Zealand children live in poverty depending on the measure used These disturbing figures are widely discussed yet often poorly understood If New Zealand does not have third world poverty what are these children actually experiencing Is the real problem not poverty but simply poor parenting How does New Zealand compare globally and what measures of poverty and hardship are most relevant here What are the consequences of this poverty for children their families and society Can we afford to reduce child poverty and if we can how Jonathan Boston and Simon Chapple look hard at these questions drawing on available national and international evidence and speaking to an audience across the political spectrum Their

analysis highlights the strong and urgent case for addressing child poverty in New Zealand Crucially the book goes beyond illustrating the scale of this challenge and why it must be addressed to identifying real options for reducing child poverty A range of practical and achievable policies is presented alongside candid discussion of their strengths and limitations These proposals for improving the lives of disadvantaged children deserve wide public debate and make this a vitally important book for all New Zealanders Docklands Janet Foster,2020-10-21 This text is a sociological study of a community in transition and the impact of urban regeneration The process of change on the Isle of Dogs is revealed from the differing perspectives of Islanders developers and business and yuppies attracted to the area The book is intended for undergraduate and postgraduate courses in urban sociology social geography cultural and community studies housing and urban planning race and ethnic studies and broader market including Open University courses A level courses and general interest One Year in Uvalde John Quiñones,María Elena Salinas,2024-05-07 From award winning journalists John Qui ones and Mar a Elena Salinas comes One Year in Uvalde a narrative that builds on year long ABC News reporting from Uvalde Texas chronicling how the community is forging on through grief with hope and activism in the shadow of tragedy Uvalde 365 was a continuing ABC News series led by the network s Investigative Unit As part of the initiative ABC opened a local satellite news bureau in Uvalde Texas in the aftermath of the tragic mass shooting at Robb Elementary School that hosted a rotating crew of correspondents producers writers and technical staff Their gripping vital reporting has been featured across all programs and platforms from Good Morning America to World News Tonight with David Muir Award winning journalists John Qui ones and Mar a Elena Salinas became immersed in the Uvalde community as their field reporting brought them ever closer to the people of this Texas city Qui ones Salinas and other ABC reporters and producers on the ground documented the lives of victims families covered local community events followed city council school board and Texas Legislature meetings and attended congressional hearings in Washington D C where victims families have been advocating for gun reform One Year in Uvalde synthesizes this year long story into a timely humane and important look at a community s activism and resiliency as it follows several families and residents while events continue to unfold in the community The intimate sensitive reporting of Qui ones Salinas and the ABC News team examines a specific time and place in American life thereby highlighting challenges that we face as a nation The authors will be making donations to the following charities that serve the Uvalde community The Uvalde CISD Moving Forward Foundation <https://UvaldeCISDMovingForward.org> The Uvalde Forever Fund of the Community Foundation of the Texas Hill Country [www.CommunityFoundation.net](http://www.CommunityFoundation.net) Uvalde High School Athletic Department <https://Athletics.UCISD.net> *HOW TO USE GOD'S LIFETIME WARRANTY IN YOUR MARRIAGE* Dr. Amos Adeniyi,2014-08-28 The idea to write fictional letters to marital couples on how to use God s lifetime warranty on their marriages came into being in the process of a sermon preparation as a guest pastor for a local church in November 2011 I prayed about which message to deliver for many days About two days before Sunday I had a dream that a young lady

participated during my sermon After the sermon her family greeted me well and said I made her speak in public for the first time and I gave her the encouragement that she needs for the rest of her life Then I woke up On the actual Sunday service during the sermon I asked the congregation how many of them had a dog or a cat A young lady a 17 year old said she had a cat I asked if she ever took her cat for a walk she said no I asked why not She replied Nobody does Then I said people take their dogs for walks but this does not mean that dogs are more important or better than cats Cats have their own usefulness God who created us knows that we are not the same and that we cannot function in the same way One should not be boasting that s he is better than the other After the service the grandfather of the cat owner who spoke during my sermon and her aunt came to me and thanked me for the opportunity given to the young lady to talk for the first time in public which would enable her to express herself publicly When I was praying at home after the sermon I had the feeling that God wanted me to tell people to try out what seems to be unusual for them It has been my concern for many years that many couples don t take their wedding vows seriously It is affecting children a great deal many children have two or three stepparents Those children without stepparents seem to be the odd ones among their peers In Canada about 50% of first marriages may likely end up in divorce One may presume that the rate of divorce in second marriages would be lower but instead it is higher at 72% while third marriages have the highest divorce rate of 85% Comparative Annual Divorce Rate in Canada Similarly in America the first marriage divorce rate ranges from 41 50% second marriage divorce rate is between 60 67% and third marriage is between 73 74% Information on Divorce Rate and Statistics This book is fictional The stories are not real stories They are about my past experiences with heterosexual couples in my counseling or pastoral care I do not have a particular person or couple in mind No names in the book are real names If anybody s name or any couples have the same names as used in the book I would like them to know that I am not telling their particular story or using them as an example The Holy Spirit inspired the writers of the bible stories instructions messages and the same Holy Spirit is still talking to us today I believe I was inspired to write the book I will encourage anyone or couple whose story or stories are similar to what s in the book not to be too critical but to take it the book as a means through which God is speaking to them to change No marriage is too bad that God cannot change for better Don t fold your arms and accept your troubled marriage as a done deal I will advise the readers to call upon the author of marriage God through Jesus Christ to fix their marriages He is able Since the idea of letter writing is becoming obsolete one may be wondering why letters to marital couples and not email text or any other modern means of communication Letter writing is an old form of communication which is to inform correct and educate In the New Testament there are many letters written by Paul the apostle and others to individuals and churches to deal with issues circumstances and problems faced by the recipients We never read about their responses or their initial letters to the Apostles Similarly only letters written to the couples are featured in this book Most of the Letters in this book are long term correspondence with the imaginary couples The objectives of the letters are to 1 Encourage couples not to give up on their

dream of having a successful marriage and to continue fighting until the victory is won 2 Enable the counsellors pastors to keep their counselees hope alive as long as they are still interested in counselling 3 Help families and friends to keep on supporting the couples in crises Note that some of the letters end with prayer while some didn't The idea is we don't have to impose prayer on people Praying with people is as important as praying for people in absentia We need permission to pray with people but we don't need permission to pray for people while they are not there In both my pastoral and counselling ministries the most prevalent issues are marriage and family matters This book thus serves as a handbook to help couples in crises or prevent couples from getting into a marital mess It can be used in marriage enrichment groups or as a counsellor Pastor's handbook The group Leaders Counsellors or Pastors should not use the book as a weapon of judgment against anyone but as a means of correction and education The book is calling people who just want a family and not a marriage Many couples lose love in their marriages Love is the greatest gift God gives to people but many people do not accept it They choose anger instead of peace or love from God The book is calling the readers who are making wrong decisions for wrong reasons We should not let bitterness anger frustration alcohol drugs etc ruin our marital relationships The principles of marital solutions in the book focus on God May God bless you as you read the it Shalom
