Robin Maxson,Garry Friesen,2014-04-01 I want to get married If you re a Christian single chances are good that thought has crossed your mind You think about getting married and wonder if someday God will lead you to the soul mate He s chosen specially for you But decisions about whether to marry and whom to marry have never been more complicated Opinions about singleness dating sex and marriage have undergone tremendous changes as our culture continues to move away from biblical values and practices Given the current complexity it s vital that you find sure footed answers to two key questions What does the Bible say about marriage How do I discover God s will for me when it comes to finding a mate I Do or Do I is the ideal guide to help you answer these questions It will equip you to think about marriage within the whole scope of your relationship with God and will enable you to discover your unique place in His world whether single or married **James** Chris A. Vlachos,2013-01-01 *The Exegetical Guide to the Greek New Testament* James is the second book in a projected series of twenty volumes that seeks to bring together classroom study and pulpit by providing the student or pastor with information that is helpful to understand and expound the Greek text of the New Testament Author Chris Vlachos aims to close the gap between grammatical analysis and exegesis leading readers into an in depth understanding of the New Testament Greek text by guiding them through an exegetical process that flows into sermon construction Each volume provides the following for the biblical book or books on which it is written Brief introduction on authorship date occasion and purpose List of recommended commentaries Extensive exegetical notes Comprehensive exegetical outline **Why I Became an Atheist** John W. Loftus,2012-10-10 For about two decades John W Loftus was a devout evangelical Christian an

ordained minister of the Church of Christ and an ardent apologist for Christianity With three degrees in philosophy theology and philosophy of religion he was adept at using rational argumentation to defend the faith But over the years doubts about the credibility of key Christian tenets began to creep into his thinking By the late 1990s he experienced a full blown crisis of faith In this honest appraisal of his journey from believer to atheist the author carefully explains the experiences and the reasoning process that led him to reject religious belief The original edition of this book was published in 2006 and reissued in 2008 Since that time Loftus has received a good deal of critical feedback from Christians and skeptics alike In this revised and expanded edition the author addresses criticisms of the original adds new argumentation and references and refines his presentation For every issue he succinctly summarizes the various points of view and provides references for further reading In conclusion he describes the implications of life without belief in God some liberating some sobering This frank critique of Christian belief from a former insider will interest freethinkers as well as anyone with doubts about the claims of religion

How Then Should We Choose? Douglas S. Huffman, Henry and Richard Blackaby Garry Friesen and Gordon T Smith present three principal views on God's will and how his will should affect our everyday decisions as Christians

Challenged: Living Our Faith in a Post Modern Age John King, 2019-12-03 My wife and I love our sons unconditionally and equally Talking with one of them about his atheism has brought me to a new dimension in my relationship with him to a review of my own christian beliefs to a more critical examination of the church and to a different understanding of ministry in today's world As personal as I make this all sound my family represents a thousand families a hundred thousand and more who have sat in painful silence because religious differences have taken away their voice They tire of confrontation angry discussions verse hurling and jabbing one another with theories over every conceivable divisive issue It is a powerful idea that those who do not share our faith should know that we do not so much in our argument as in our love It is time to listen Decision Making and the Will of God Garry Friesen, J. Robin Maxson, 2009-10-07 Does God Have a Perfect Will for Your Life Does God have a perfect will for each Christian Can you be absolutely certain of God's specific will for your life In this expanded twenty fifth anniversary edition of his highly acclaimed work Garry Friesen examines the prevalent view on God's will today and provides a sound biblical alternative to the traditional teaching of how God guides us This new edition includes these helpful resources Study guide for small groups Responses to Frequently Asked Questions Guide to painless Scripture memorization Friesen tackles the very practical issues of choosing a mate picking a career and giving in this fresh and liberating approach to decision making and the will of God Story Behind the Book Most Christians have been taught how to find God's will yet many are still unsure whether they've found it God does guide His people but the question is How does He guide After putting out a fleece to decide which college to attend Garry Friesen began pondering why it was so hard to find God's will when he had so sincerely sought it Was he the only one who did not have 100 percent clarity for every decision Then a new possibility struck perhaps his understanding of the nature of God's

will was biblically deficient Maybe there was a better way to understand HOW God guides **The Christian Life** Steven A. Hein, Rick Ritchie, 2021-08-24 This book offers a radically different perspective from that of many best selling authors concerning how the Christian should measure and evaluate travel along God's path of righteousness It will endeavor to persuade the reader that by feeding regularly on the Gospel in the Preached Word and The Supper God promises to have His way with the Christian and He alone will accomplish all that is needed for life in Him to be complete He is not waiting or requiring you to do anything first during or after to provide you with every blessing of the Gospel The Gaggling of God D. A. Carson, 2009-09-01 The Gold Medallion Award winning book that presents a persuasive case for Christ as the only way to God in light of contemporary religious pluralism A great majority of social commentators attempting to define modern Western culture land on a common characteristic pluralism This isn't unique to secular culture Many modern approaches to Christian hermeneutics or biblical interpretation have given credence to contemporary pluralism What began as a refreshing restraint and humility in modern theology has fallen more and more into irresoluteness It's no secret that the contemporary challenges to Christianity are complex and serious Yet far from simple fear mongering or cultural warmongering The Gaggling of God takes a hard look at the background and intricacy of pluralism postmodernity and hermeneutics and equips thoughtful Christians to have intelligent culturally sensitive and passionate fidelity to the gospel of Jesus Christ In his contemplative even handed approach Carson provides a structure of Christian thought capable of facing the philosophies of today and piercing their surface It invites Christians to grapple responsibly with urgent questions of biblically grounded theology spirituality and the defining lines of Christianity along with its range of challenges from without and within The Gaggling of God offers an in depth look at the big picture shows how the many ramifications of pluralism are all parts of a whole and provides a systematic Christian response People Under Construction Edwin Zackrison, Ph.D., 2020-01-16 People under Construction By Edwin Zackrison Ph D The issue of recovery is not new to twenty first century human beings We struggle with the need for recovery from injury disease and pain These are largely medical concerns and they can fill our lives with details People under Construction deals with spirit and relationship Often a self help book presents a series of steps and secrets This is not a self help book and the author does not plan to present many steps or secrets Every chapter will deal with the Spirit and build an understanding of what Christianity does to show the working of the Spirit **The Debaters of This Age** Steven H Propp, 2019-02-05 It is June 2018 as an unusual group of scholars professors lecturers and students gather in a California hotel They are all attendees of an Apologetics conference intended to join qualified representatives of Christian Deist and Atheist thought for a two week no holds barred debate and discussion of their respective positions that will ultimately be included in a book published after the conference Evangelical Christianity is represented by advocates of Evidentialist and Presuppositionalist approaches to Apologetics Catholicism liberal Christianity and Deism are also well supported The Atheist perspective is advocated by a polemical author and a college professor

notorious for attacking the views of his Christian students As the participants argue over controversial issues such as cosmology evolution The Bible historical evidence for Jesus the resurrection biblical prophecies and the problem of evil intellectual fireworks result But what will result when such a volatile and eclectic group is placed face to face for more than two weeks The Debaters of this Age is the tale of what happens inside a California hotel in 2018 when a group of intellectuals gather to vigorously discuss the religious issues of our time

God's Outrageous Claims Lee Strobel, 2009-05-26 Lose your life to save it The first will be last The meek will inherit the earth Many of Jesus claims clashed with common sense and turned logic on its head But these are the very things that are so compelling about following him the very things that can change the entire trajectory of your life Lee Strobel author of the bestselling book The Case for Christ burrows deep into the wildest claims of the Bible about life with God how we can grow in virtue relate to others with authenticity earn a living with integrity and make a difference even in the midst of a culture that s unraveling at the seams Starting with the incredible freedom found in forgiving your enemies you ll encounter thirteen counter cultural seemingly contradictory beliefs that even many Christians find difficult to wrap their minds around claims such as A dose of doubt may strengthen your faith God has a cure for your secret loneliness You can make a difference that will last for eternity Playing it safe is the most dangerous way to live God s Outrageous Claims will not only challenge your existing presuppositions this book offers a fresh enlightening perspective on a purposeful and fulfilling life journey guided by God s teachings A profound read for both believers and skeptics alike

The New Testament and Intellectual Humility Grant Macaskill, 2019-01-03 This study examines how the New Testament scriptures might form and foster intellectual humility within Christian communities It is informed by recent interdisciplinary interest in intellectual humility and concerned to appreciate the distinctive representations of the virtue offered by the New Testament writers on their own terms It argues that the intellectual virtue is cast as a particular expression of the broader Christian virtue of humility something which itself proceeds from the believer s union with Christ through which personal identity is reconstituted by the operation of the Holy Spirit This demands that we speak of virtue in ways determined by the acting presence of Jesus Christ that overcomes sin and evil in human lives and in the world The Christian account of the intellectual virtue of humility is framed by this conflict as the minds of believers who live together within the Christian community struggle with natural arrogance and selfishness and come to share in the mind of Christ The new identity that emerges creates a fresh openness to truth as the capacity of the sinful mind to distort truth is exposed and challenged This affects not just knowledge and perception but also volition for these ancient writers a humble mind makes good decisions that reflect judgements decisively shaped by the sacrificial love of Jesus Christ By presenting humility of mind as a characteristic of the One who is worshipped Jesus Christ the New Testament writers insist that we acknowledge the virtue not just as an admission of human deficiency or limitation but as a positive affirmation of our rightful place within the divine economy

Teaching for Commitment Elmer John Thiessen, 1993 Elmer Thiessen provides a comprehensive critical survey of the debate concerning indoctrination especially in the context of confessional religious education His central aim is to establish that indoctrination as a result of religious instruction is neither inevitable nor as probable as is often assumed by advocates of liberal education Thiessen recognizes that indoctrination can occur in Christian homes and schools He believes however that before the charge of indoctrination can be correctly evaluated we need to develop a more coherent concept of the term He provides a critical examination of the four criteria traditionally associated with indoctrination content method intention and consequences and of the institutional context of indoctrination
