INCARNATION Alfred Corn,1990 **The Oxford Handbook of the Reception History of the Bible** Michael Lieb,Emma Mason,Jonathan Roberts,2013-01-10 This wide ranging volume looks at the reception history of the Bible's many texts Part I surveys the outline form and content of twelve key biblical books that have been influential in the history of interpretation Part II offers a series of in depth case studies of the interpretation of particular biblical passages or books *The Scandal of the Gospels* David McCracken,1994 This book argues that the gospels are in an important sense occasions for offense The Jesus of the gospels is a scandal skandalon in the original Greek and he is never more scandalous than when he is speaking in parables Interpreters of the gospels over the centuries have consistently labored to domesticate the offense or to eliminate it entirely David McCracken focusing on parables Matthew's narrative contexts and the gospel of John seeks to recover the gospels sense of Jesus as skandalon To this end he enlists the help of Kierkegaard the philosopher of offense and to a lesser extent that of Bakhtin both of whom prove to be surprisingly apt conversation partners for the evangelists Shapers of Baptist Thought (P247/Mrc) James E Tull,2000-09-05 The Indelible Image: The Theological and Ethical Thought World of the New Testament Ben Witherington III,2010-03-30 In the second volume of his two volume comprehensive overview of the theological and ethical thought world of the New Testament Ben Witherington III focuses on the collective witness of New Testament writers the convergences and divergences of their theological and ethical thought *Contemporary Gay American Poets and Playwrights* Emmanuel S. Nelson,2003-06-30 Gay presence is nothing new to American verse and theater Homoerotic themes are discernible in American poetry as early as the 19th century and identifiably gay characters appeared on the American stage more than 70 years ago But aside from a few notable exceptions gay artists of earlier generations felt compelled to avoid sexual candor in their writings Conversely most contemporary gay poets and playwrights are free from such constraints and have created a remarkable body of work This reference is a guide to their creative achievements Alphabetically arranged entries present 62 contemporary gay American poets and dramatists While the majority of included writers are younger artists who came of age in the post Stonewall U S some are older authors whose work has continued or persisted into recent decades A number of these writers are well known including Edward Albee Harvey Fierstein and Allen Ginsberg Others such as Alan Bowne Timothy Liu and Robert O'Hara merit wider recognition Each entry is written by an expert contributor and includes a biography a discussion of major works and themes an overview

H. Brazier, 2018-10-31 The theological and philosophical works of C.S. Lewis were grounded in the argument from reason As such reason is a form of revelation that predates nature and relates to the divine

the Word of God Christ the Logos These essays provide some understanding of the essentials to Lewis's philosophical theology that is the *essentia* in the highest degree Lewis's corpus can seem disparate but here we find unity in his aims objectives and methodology a consistency that demonstrates the deep roots of his philosophical theology in Scripture in Greek philosophy patristic and medieval theology and in some of the Reformers all framed by a reasoned discipline from a perceptive and critical mind method and form content and reason for the glory of God Here is the *essentia* of Lewis's thinking From an analysis of reason through a theoretically unified proposition for atonement to the evidence of Christ as the light of the world across human endeavors and religions to a doctrine of election to an understanding of Scripture to the Philosophy of the Incarnation as Lewis termed it through fundamental arguments with various modern liberal theologians we find evidence for the actuality of the incarnation the divinity of Christ *Encyclopedia of American Poetry: The Twentieth Century* Eric L.
