Incompleat Nifft:

The Incompleat Nifft Michael Shea, 2000 Master thief Nifft the Lean and his companion Barnar Hammer Hand are in a lucrative proposition They are shipwrecked on the way to work in Costard's sap mine and hired by Bunt to bring back 20 gills of the ichor exuded only by the monstrous insectile queen Seems like easy money But even the best laid plans go astray

The Extra Michael Shea, 2010-02-02 Books and films have skewered Hollywood's excesses but none has ever portrayed one man's crazy vision of the future of big action adventure films as Michael Shea's *The Extra* does As over the top as Mel Brooks's *Blazing Saddles* as savagely dark as Robert Altman's *The Player* and more violent than *Rollerball* this is the story of the ultimate so insane it could only happen in Hollywood formula for success a brave new way to bring the ultimate in excitement to the silver screen Producer Val Margolian has found the motherlode of box office gold with his new live death films whose villains are extremely sophisticated electronically controlled mechanical monsters To give these live action disaster films greater realism he employs huge casts of extras in addition to the stars The large number of extras is important because very few of them will survive the shoot It's all perfectly legal with training for the extras and long detailed contracts indemnifying the film company against liability for the extras injury or death But why would anyone be crazy enough to risk his or her life to be an extra in such a potentially deadly situation The extras do it because if they survive they'll be paid handsomely and they can make even more if they destroy any of the animatronic monsters trying to stomp chew fry or otherwise kill them If they earn enough they can move out of the Zoo the vast slum that most of L.A. has become They're fighting for a chance at a reasonable life But first they have to survive At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied *Encyclopedia of Fantasy and Horror Fiction* Don

D'Amassa, 2015-04-22 Presents articles on the horror and fantasy genres of fiction including authors' themes significant works and awards Assault on Sunrise Michael Shea, 2013-08-13 Less than a hundred years in the future pollution economic disaster and the rapacious greed of the corporate oligarchy has brought America to its knees and created dystopian urban nightmares of which L.A. may be the worst Curtis Japh and Jool are film extras who with the help of a couple of very gutsy women survived being anonymous players in a live action film in which getting killed on screen meant getting killed for real Surviving the shoot made them rich enough to escape the post-apocalyptic Hell that L.A. has become But their survival was not what Panoply Studios CEO Val Margolian had in mind especially since it cost his company millions Now he's taking his revenge After several plainclothes police are found dead in the former extras' new home the bucolic peaceful town of Sunrise California the entire town is subjected to Margolian's invidious plan to punish the entire town and make a fortune doing it Margolian has created toxic murderous wasp-like mechanical creatures to set upon the people of Sunrise while his film crew captures the carnage in what promises to be the bloodiest live action film yet With their haven from L.A. besieged by the deadly assault the former extras and their fellow townspeople are faced with a grim task to defeat the creatures and
