Directory of Indexing and Abstracting Courses and Seminars Maryann Corbett,1998 No matter what you want to learn about abstracting or indexing this guide will help you find out where to learn it Library professionals online information designers abstractor and indexer freelancers and publishers staffs can all find courses that suit their needs in the Directory Included are courses from public private and proprietary institutions in the U S and Canada   *Travels in the Trench Between Child Welfare Theory and Practice* George Thomas,1994 Travels in the Trench Between Child Welfare Theory and Practice examines how the child welfare field s rush to establish credibility and permanence through program growth during the post World War II era gave rise to a massive but fragile conglomerate unprepared to prove its merits when challenged by an increasingly dubious public Author George Thomas proposes a broad based shift from program growth to knowledge based growth in policy management education research and information technology initiatives to revitalize performance and restore public confidence in the system Thomas s book proposes to shift the leadership emphasis away from the big business flavor of child welfare and re define it into a mediator role of trusting worker and client competencies Travels in the Trench Between Child Welfare Theory and Practice shows how the two sides merge and concentrate on five key issues Policy Contrasts the impact of the two orientations on shaping the field s sense of mission defining its role establishing its priorities for growth relative to size specialization and knowledge base and stimulating or reducing client adversarialism and public perceptions of chronic mission failure Management Examines how the priorities of the two orientations differ relative to preserving hierarchical authority rewarding work that exceeds mandates promoting innovation and experimentation and relying on process as distinct from client outcome accountability Education Examines how the priorities of the two orientations differ relative to relying on manpower and brain power on one right way of doing things versus doing what is legal and ethical Research Examines how the priorities of the two orientations differ relative to confirming the rightness of the field s existing knowledge base and testing it to expand its scientifically validated portion through discovery Information Technology Explores how the priorities of the two orientations differ relative to disclosing and preserving privileged communications developing common and specialized language and breaking down or protecting authority and status differentials This historical and cross sectional analysis forms a framework proposing that the field s future value in meeting

the nation s child welfare needs must have a willingness to shift its commitments from problem to competency oriented theory and practice to accept a de emphasis on growth and a reduction in specialization and to redirect investments in education research and information technology According to Thomas this enables readers to revitalize practice wisdom grow the scientifically validated portion of the field s knowledge base and begin to restore public confidence in the system The book s contents are presented in interview style to enliven the material and make it more accessible to a wide audience The reader determines the sense and direction of the analysis and the appropriateness of the questions from which it flows Travels in the Trenches is intended to promote critical analysis of the link between long range vision and its impact on daily practice <u>Applied Languages: Theory and Practice in ESP</u> Jordi Piqué Angordans,David J. Viera,1997 Today more and more linguists and language specialists the world over are acknowledging the vital role of ESP within the English language teaching and learning area Consequently teachers and learners alike are discovering that there is a wider scope available to them in the field Hopefully the joint effort that went into the publishing of this volume will serve to motivate others to continue working in this direction **Encyclopedia of Library and Information Sciences** John D.
