Lighten Up Free Yourself From Clutter:

Lighten Up: Free Yourself from Clutter Michelle Passoff, 1998 The author takes you step by step through the process of lightening up First she helps you identify what you want to make room for in your life then she outlines how to overcome the physical obstacles that get in the way of achieving your goals This book shows how to do away with piles of paper choose the right filing system for your needs find the courage to toss out clothes you never wear distinguish memorabilia from useless junk create rooms in which you can relax and much much more Cover **Lighten Up** Peter Walsh, 2011-01-01 In Enough Already Clearing the Mental Clutter to Become the Best You the process was taken a step further exploring the impact that clutter has in our emotional and spiritual lives The big question is Now what You ve decluttered your home but what are you left with For many people it s some of the same feelings of wanting more and feeling deprived that you can t have everything you wish for Many of us have never in our entire lives had to make the tough decisions about how to buy less consume less live with less and embrace the entire concept of less is more Today with the changes in the economy affecting our very homes and livelihoods less is no longer a choice but a necessity Lighten Up offers a roadmap for all those struggling with the lingering desire for too much stuff on the one hand and too little resources on the other which leads to a life that is essentially a financial and emotional lie This is a book for each of us now called by choice or force of circumstances to make significant changes in our long term habits of over consumption and mindless acquisition of the more Peter Walsh starts the process by explaining that in order to know what you need you have to know what you have He asks readers to take 3 audits a life audit your overall goals and how close you are to them a home audit what do you own and what is it costing you and a financial audit how honest are you about what you make what you own and what you owe These audits and Peter s step by step direction help readers to clearly see how to clear up their financial clutter and any emotional baggage that goes with it so they can reframe how they view what they own what they can afford and how to prioritize what matters most for them and their families **Clear Your Clutter with Feng Shui (Revised and Updated)** Karen Kingston, 2016-01-05 In this revised and updated edition of her classic bestselling book Karen Kingston draws on her wealth of experience as a clutter clearing space clearing and feng shui practitioner to show you how to transform your life by letting go of clutter Her unique approach lies in understanding that clutter is stuck energy that has far reaching physical mental emotional and spiritual effects You ll be motivated to clutter clear as never before when you realize just how much your junk has been holding you back You will learn Why people keep clutter How clutter causes stagnation in your life How to clear clutter quickly and effectively How to live clutter free *Gig* John Bowe, Marisa Bowe, Sabin Streeter, 2009-02-04 An engaging humorous revealing and refreshingly human look at the bizarre life threatening and delightfully humdrum exploits of everyone from sports heroes to sex workers Douglas Rushkoff author of Coercion Ecstasy Club and Media Virus This wide ranging survey of the American economy at the turn of the millennium is stunning surprising and always entertaining It gives us an unflinching view of the

fabric of this country from the point of view of the people who keep it all moving The more than 120 roughly textured monologues that make up Gig beautifully capture the voices of our fast paced and diverse economy The selections demonstrate how much our world has changed and stayed the same in the three decades prior to the turn of the millennium If you think things have speeded up become more complicated and more technological you re right But people s attitudes about their jobs their hopes and goals and disappointments endure Gig s soul isn t sociological it s emotional The wholehearted diligence that people bring to their work is deeply inexplicably moving People speak in these pages of the constant and complex stresses nearly all of them confront on the job but nearly universally they throw themselves without reservation into coping with them Instead of resisting work we seem to adapt to it Some of us love our jobs some of us don t but almost all of us are not quite sure what we would do without one With all the hallmarks of another classic on this subject Gig is a fabulous read filled with indelible voices from coast to coast After hearing them you ll never again feel quite the same about how we work
