THE LIMITS OF HOBBESIAN CONTRACTARIANISM

Jody S. Kraus

Limits Of Hobbesian Contractarianism

Glen Newey

Limits Of Hobbesian Contractarianism:

The Limits of Hobbesian Contractarianism Jody S. Kraus, 2002 This book is the most comprehensive rigorous critique of contemporary Hobbesian contractarianism as expounded in the work of Jean Hampton Gregory Kavka and David Gauthier Professor Kraus argues that the attempts by these three philosophers to use Hobbes to answer current political and moral questions fail The reasons why they fail are related to fundamental problems intrinsic to Hobbesian contractarianism first the problem of collective action arising out of the tension in Hobbes theory between individual and collective rationality second the classical problem of explaining the normative force of hypothetical action a problem that can be traced to the conflicting strategies of hypothetical justification found in Rawls and Hobbes theories Given the deep interest in Hobbesian contractarianism among philosophers political theorists game theorists in economics and political science and legal theorists this book is likely to attract wide attention and infuse new life into the contractarian debate Hobbes and Political Contractarianism David Gauthier, 2022-02-18 This volume presents a selection of David Gauthier's writings on Thomas Hobbes 1588 1679 and the theory of political contractarianism The eight essays on Hobbes written over four decades represent the author's changing understanding of the moral and political theories since the publication of The Logic of Leviathan OUP 1969 These include essays on Hobbes on law challenging influential readings of his legal philosophy and a previously unpublished piece The True and Only Moral Philosophy providing a close reading of chapters 13 15 of Leviathan The four essays on social contract theory include an extended version of Political Contractarianism 1997 Gauthier's well known Public Reason 1994 and a paper previously available only in French and Spanish translations Philosophy GuideBook to Hobbes and Leviathan Glen Newey, 2008-01-07 Hobbes is one of the most important figures in the history of ideas and political thought and his book Leviathan is widely recognized as one of the greatest works of political philosophy In this GuideBook Glen Newey offers a balanced guide to this key text that explores both its historical and philosophical aspects The author introduces the relevance of Hobbes ideas to modern political thought the major interpretations of Leviathan Hobbes life and the background of Leviathan The Routledge Philosophy GuideBook to Hobbes and Leviathan is the ideal introduction for students who wish to understand more about this important philosopher and this classic work of philosophy The Routledge Guidebook to Hobbes' Leviathan Glen Newey, 2014-04-24 Hobbes is widely regarded as one of the most important figures in the history of ideas and political thought and his seminal text Leviathan is widely recognised as one of the greatest works of political philosophy ever written The Routledge Guidebook to Hobbes Leviathan introduces the major themes in Hobbes great book and acts as a companion for reading this key work examining The context of Hobbes work and the background to his writing Each separate part of the text in relation to its goals meanings and impact The reception the book received when first seen by the world The relevance of Hobbes work to modern philosophy it's legacy and influence With further reading included throughout this text follows Hobbes original work closely

making it essential reading for all students of philosophy and politics and all those wishing to get to grips with this classic Metaphysical Problems, Political Solutions Asaf Z. Sokolowski, 2010-12-16 In defiance of the predominant pattern of reading liberal political thought in isolation from the metaphysical and theological investigations of its classic thinkers Metaphysical Problems Political Solutions Self State and Nation in Hobbes and Locke seeks to place their writings in context Asaf Z Sokolowski demonstrates that the political measures offered by theorists to remedy the social state of instability known as the state of nature are intrinsically connected to distinctive metaphysical conceptions of the relationship between order and individuation In each system of thought the origin and role of the self are determined by a particular conception of a created and evolving universal order In turn each version of order must contend with the vital question of how the individual is able to sustain a continuous identity Thus contrary to conventional thinking it becomes apparent that the political theory developed by thinkers like Hobbes and Locke is predicated less on a security threat than on a debilitating insecurity concern derived from ontological identity difficulties. This identity focused reinterpretation of the liberal tradition transforms differences between key thinkers previously reduced to nuance into pivotal discords that shed a new light on the theoretical underpinnings of the self the state and the nation As such it will be valuable to scholars of political theory metaphysics theology social science and law A Contractarian Approach to Law and Justice William E. O'Brian Jr., 2020-05-20 This book presents a distinctive version of a contractarian approach to law and justice The work argues that law and justice are social norms that arise from a process of social evolution and are binding only if and to the extent that they are mutually beneficial It explicitly rejects accounts of law and justice that are based on morality on the basis that morality itself is only legitimately founded on mutual advantage But it also rejects most existing versions of contractarianism which are based on ideas of hypothetical agreements by rational contractors in favour of an approach that is based on actually existing social norms but advocates critically examining these norms and discarding those that are not truly mutually beneficial The first half of the book develops the approach while the second half explores some of its implications for law It argues for a left libertarian approach to property an approach largely based on the common law of tort contract and criminal law and a rejection of most statutory law which is based not on mutual advantage but rather on benefiting some at the expense of others However it ultimately recognises that there are those who want a more extensive state than this approach allows and advocates a strong form of federalism to allow this provided robust exit rights are provided The book combines political philosophy economics and law into an approach that is broadly libertarian but distinctive in many respects It will be of interest to scholars in all three of those disciplines Behemoth Teaches Leviathan Geoffrey M. Vaughan, 2007-03-01 Did Hobbes's political philosophy have practical intentions. There exists no Hobbist school of thought no new political order was inspired by Hobbesian precepts Yet in Behemoth Teaches Leviathan Geoffrey M Vaughan revisits Behemoth to reveal hitherto unexplored pedagogic purpose to Hobbes s political philosophy The work demonstrates Hobbes s firm commitment

to government and his attempts to create a system of political education to underpin his commitment to sovereignty Vaughan explore Hobbes's political education in detail and in an epilogue considers the resurgence of political education in contemporary liberal theory He discovers that contemporary political education has far more in common with Hobbes s system than it does with early liberalism Race and Ethnicity in Comparative Perspective Georgia A. Persons, 2018-04-24 Contradictory forces are at play at the close of the twentieth century There is a growing closeness of peoples fueled by old and new technologies of modern aviation digital based communications new patterns of trade and commerce and growing affluence of significant portions of the world's population Television permits individuals around the world to learn about the cultures and lifestyles of peoples of physically distant lands These developments give real meaning to the notion of a global village Peoples of the world are growing closer in new and increasingly important ways Nonetheless there are disturbing signs of a growing awareness of ethnic differences in all parts of the world the United States included and a concomitant rise in ethnic based conflicts many of them extraordinarily violent in nature Fear resentment intoler ance and mistreatment of the other abound in world news accounts Not only does this phenomenon pose an interesting juxtaposition to the concept of the emergent glo bal village but its emergence in the post cold war era internationally and the post civil rights era in the United States raises significant and compelling questions Why are such conflicts occurring now How do analysts explain these developments The essays in Race and Ethnicity in Comparative Perspective lucidly explore some of the complexities of the persistence and re emergence of race and ethnicity as major lines of divisiveness around the world Contributors analyze manifestations of race based movements for political empowerment in Europe and Latin America as well as racial intolerance in these same settings Attention is also given to the conceptual complexi ties of multidimensional and shared cultural roots of the overlapping phenomena of ethnicity nationalism identity and ideology The book greatly informs discussions of race and ethnicity in the international context and provides an interesting perspective against which to view America's changing problem of race Race and Ethnicity in Com parative Perspective is a timely thought provoking volume that will be of immense value to ethnic studies specialists African American studies scholars political scientists his torians and sociologists

Insiders and Outsiders in Seventeenth-Century Philosophy G.A.J. Rogers, Tom Sorell, Jill Kraye, 2009-10-28

Seventeenth century philosophy scholars come together in this volume to address the Insiders Descartes Spinoza Leibniz

Locke and Hobbes and Outsiders Gassendi Digby Gale Cudworth and Malebranche of the philosocial canon Contrasting the

Insiders receptions with those of the Outsiders this collection gives new insight into the history of philosophy Jus Cogens

Thomas Weatherall, 2015-07-16 One of the most complex doctrines in contemporary international law jus cogens is the

immediate product of the socialization of the international community following the Second World War However the doctrine

resonates in a centuries old legal tradition which constrains the dynamics of voluntarism that characterize conventional

international law To reconcile this modern iteration of individual oriented public order norms with the traditionally state

based form of international law Thomas Weatherall applies the idea of a social contract to structure the analysis of jus cogens into four areas authority sources content and enforcement The legal and political implications of this analysis give form to jus cogens as the product of interrelation across an individual oriented normative framework a state based legal order and values common to the international community as a whole **Interpreting Hobbes's Political Philosophy** S. A. Lloyd, 2019-02-07 The essays in this volume provide a state of the art overview of the central elements of Hobbes's political philosophy and the ways in which they can be interpreted The volume s contributors offer their own interpretations of Hobbes's philosophical method his materialism his psychological theory and moral theory and his views on benevolence law and civil liberties religion and women Hobbes s ideas of authorization and representation his use of the state of nature and his reply to the unjust Foole are also critically analyzed The essays will help readers to orient themselves in the complex scholarly literature while also offering groundbreaking arguments and innovative interpretations. The volume as a whole will facilitate new insights into Hobbes's political theory enabling readers to consider key elements of his thought from multiple perspectives and to select and combine them to form their own interpretations of his political philosophy Modern American Philosophers John R. Shook, 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas abibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be anindispensable reference work for scholars working on almost any aspect of modern American thought The Moral Wager Malcolm Murray, 2007-05-05 In the following chapters I offer an evolutionary account of morality and from that extrapolate a version of contractarianism I call consent theory Game theory helps to highlight the evolution of morality as a resolution of interpersonal conflicts under strategic negotiation It is this emphasis on strategic negotiation that underwrites the idea of consent Consent theory differs from other contractarian models by abandoning reliance on rational self interest in favour of evolutionary adaptation From this more emphasis will be placed on consent as natural convergence rather than consent as an idealization My picture of contractarianism then ends up looking more like the relativist model offered by Harman rather than the rational or pseudo rational model offered by Gauthier let alone the Kantian brands of Rawls or Scanlon So at least some of my discussion will dwell on why it is no loss to abandon hope for the universal categorical morality that rational models promise In the

introduction I offer the betting analogy that underwrites the remaining picture There are some bets where the expected utility is positive though the odds of winning on this particular occasion are exceedingly low In such cases we cannot hope to give an argument that taking the bet is rational The only thing we can say is that those predisposed to take this kind of bet on these kinds of occasions will do better than those with other dispositions so long as such games occur often enough

Handbook of Political Theory Gerald F Gaus, Chandran Kukathas, 2004-08-21 The Handbook of Political Theory is a latest addition to the SAGE Handbook collection As with all of our handbooks this is a definitive and benchmark publication that covers all aspects of a given subject This handbook is an essential purchase for everyone interested in Political Theory

Contractualism and the Foundations of Morality Nicholas Southwood, 2013-11-07 Contractualism has a venerable history and considerable appeal Yet as an account of the foundations or ultimate grounds of morality it has been thought by many philosophers to be subject to fatal objections In this book Nicholas Southwood argues otherwise Beginning by detailing and diagnosing the shortcomings of the existing Hobbesian and Kantian models of contractualism he then proposes a novel deliberative model based on an interpersonal deliberative conception of practical reason. He argues that the deliberative model of contractualism represents an attractive alternative to its more familiar rivals and that it has the resources to offer a more compelling account of morality s foundations one that does justice to the twin demands of moral accuracy and explanatory adequacy Causation and Modern Philosophy Keith Allen, Tom Stoneham, 2011-02 This volume brings together a collection of new essays by leading scholars on the subject of causation in the early modern period from Descartes to Lady Mary Shepherd Aimed at researchers graduate students and advanced undergraduates the volume advances the understanding of early modern discussions of causation and situates these discussions in the wider context of early modern philosophy and science Specifically the volume contains essays on key early modern thinkers such as Descartes Hobbes Spinoza Leibniz Hume Kant It also contains essays that examine the important contributions to the causation debate of less widely discussed figures including Louis la Forge Thomas Brown and Lady Mary Shepherd The Opinion of Mankind Paul Sagar, 2019-06-04 How David Hume and Adam Smith forged a new way of thinking about the modern state What is the modern state Conspicuously undertheorized in recent political theory this question persistently animated the best minds of the Enlightenment Recovering David Hume and Adam Smith's long underappreciated contributions to the history of political thought The Opinion of Mankind considers how following Thomas Hobbes s epochal intervention in the mid seventeenth century subsequent thinkers grappled with explaining how the state came into being what it fundamentally might be and how it could claim rightful authority over those subject to its power Hobbes has cast a long shadow over Western political thought particularly regarding the theory of the state This book shows how Hume and Smith the two leading lights of the Scottish Enlightenment forged an alternative way of thinking about the organization of modern politics They did this in part by going back to the foundations rejecting Hobbes's vision of human nature and his arguments about our capacity to form stable

societies over time In turn this was harnessed to a deep reconceptualization of how to think philosophically about politics in a secular world The result was an emphasis on the opinion of mankind the necessary psychological basis of all political organization Demonstrating how Hume and Smith broke away from Hobbesian state theory The Opinion of Mankind also suggests ways in which these thinkers might shape how we think about politics today and in turn how we might construct better political theory Reassessing Political Ideologies Michael Freeden, 2004-08-02 This book is a high level examination of each of the major ideologies that have shaped political thinking action and conflict Each chapter provides a critical overview of the current state of the major ideologies and a retrospective assessment of the strengths weaknesses developments and transformations of these ideologies over the past century. The volume poses a strong challenge to those who have loudly proclaimed the end of ideology by demonstrating that it is impossible to understand current political developments without an appreciation of their ideological context It features internationally respected contributors who are authorities in their fields and will be an invaluable resource for both students and specialists in areas including Politics and **International Relations Made with Words** Philip Pettit, 2009-07-06 Hobbes s extreme political views have commanded so much attention that they have eclipsed his work on language and mind and on reasoning personhood and group formation But this work is of immense interest in itself as Philip Pettit shows in Made with Words and it critically shapes Hobbes s political philosophy Pettit argues that it was Hobbes not later thinkers like Rousseau who invented the invention of language thesis the idea that language is a cultural innovation that transformed the human mind The invention in Hobbes s story is a double edged sword It enables human beings to reason commit themselves as persons and incorporate in groups But it also allows them to agonize about the future and about their standing relative to one another it takes them out of the Eden of animal silence and into a life of inescapable conflict the state of nature Still if language leads into this wasteland according to Hobbes it can also lead out It can enable people to establish a commonwealth where the words of law and morality have a common enforceable sense and where people can invoke the sanctions of an absolute sovereign to give their words to one another in credible commitment and contract Written by one of today's leading philosophers Made with Words is both an original reinterpretation and a clear and lively introduction to Hobbes s thought Moral Philosophy Through the Ages James Fieser, 2000 Takes a middle ground between the topical and historical approaches to Western ethics This book explains the historical development of the topic under consideration and most chapters focus on a specific famous philosopher who championed a particular tradition such as Aristotle Locke or Kant and the chapters are chronologically ordered

This is likewise one of the factors by obtaining the soft documents of this **Limits Of Hobbesian Contractarianism** by online. You might not require more become old to spend to go to the ebook instigation as competently as search for them. In some cases, you likewise do not discover the message Limits Of Hobbesian Contractarianism that you are looking for. It will categorically squander the time.

However below, in imitation of you visit this web page, it will be therefore unconditionally easy to get as competently as download lead Limits Of Hobbesian Contractarianism

It will not resign yourself to many period as we run by before. You can do it even though operate something else at home and even in your workplace. hence easy! So, are you question? Just exercise just what we provide below as with ease as evaluation **Limits Of Hobbesian Contractarianism** what you with to read!

Limits Of Hobbesian Contractarianism Introduction

In the digital age, access to information has become easier than ever before. The ability to download Limits Of Hobbesian Contractarianism has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Limits Of Hobbesian Contractarianism has opened up a world of possibilities. Downloading Limits Of Hobbesian Contractarianism provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Limits Of Hobbesian Contractarianism has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Limits Of Hobbesian Contractarianism. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Limits Of Hobbesian Contractarianism. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize

reputable websites that prioritize the legal distribution of content. When downloading Limits Of Hobbesian Contractarianism, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Limits Of Hobbesian Contractarianism has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Limits Of Hobbesian Contractarianism Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Limits Of Hobbesian Contractarianism is one of the best book in our library for free trial. We provide copy of Limits Of Hobbesian Contractarianism. Where to download Limits Of Hobbesian Contractarianism online for free? Are you looking for Limits Of Hobbesian Contractarianism PDF? This is definitely going to save you time and cash in something you should think about.
