The Marginal as a concept has become an integral part of the British novel as it stands at the turn of the century Both popular and literary fiction since the mid 1970s has seen an increasing emphasis on the marginal subject This study offers readings of a wide range of contemporary British novels that represent characters or communities at the margin of society Nicola Allen analyses three conceptual categories representing the marginal subject in the contemporary British novel the character of the misfit or outsider the emergence of the grotesque and the rediscovery of previously marginalized narratives such as myth and fantasy This innovative and original monograph focuses on the contention that the contemporary novel of marginality conveys a belief in the socially transformative powers of narrative and suggests that narrative has played a central role in bringing marginal politics and marginal issues to the fore in contemporary Britain *The Promise of Welfare in the Postwar British and Anglophone Novel* Kelly M. Death and the Body in the Eighteenth-Century Novel Jolene Zigarovich, 2023-01-10 Death and the Body in the Eighteenth Century Novel demonstrates that archives continually speak to the period's rising funeral and mourning culture as well as the increasing commodification of death and mourning typically associated with nineteenth century practices Drawing on a variety of historical discourses such as wills undertaking histories medical treatises and textbooks anatomical studies philosophical treatises and religious tracts and sermons the book contributes to a fuller understanding of the history of death in the Enlightenment and its narrative transformation Death and the Body in the Eighteenth Century Novel not only offers new insights about the effect of a growing secularization and commodification of death on the culture and its productions but also fills critical gaps in the history of death using narrative as a distinct literary marker As anatomists dissected undertakers preserved jewelers encased and artists figured the corpse so too the novelist portrayed bodily artifacts Why are these morbid forms of materiality entombed in the novel Jolene Zigarovich addresses this complex question by claiming that the body itself its parts or its preserved representation functioned as secular memento suggesting that preserved remains became symbols of individuality and subjectivity To support the conception that in this period notions of self and knowing center upon theories of the tactile and material the chapters are organized around sensory conceptions and bodily materials such as touch preserved flesh bowel heart wax hair and bone Including numerous visual examples the book also argues that the relic represents the slippage between corpse and treasure sentimentality and materialism and corporeal fetish and aesthetic accessory Zigarovich's analysis compels us to reassess the eighteenth century response to and representation of the dead and dead like body and its material purpose and use in fiction In a broader framework Death and the Body in the Eighteenth Century Novel also narrates a history of the novel that speaks to the cultural formation of modern individualism

Without the Novel Scott Black,2019-08-23 No genre manifests the pleasure of reading and its power to consume and enchant more than romance In suspending the category of the novel to rethink the way prose fiction works Without the Novel demonstrates what literary history looks like from the perspective of such readerly excesses and adventures Rejecting the assumption that novelistic realism is the most significant tendency in the history of prose fiction Black asks three intertwined questions What is fiction without the novel What is literary history without the novel What is reading without the novel In answer this study draws on the neglected genre of romance to reintegrate eighteenth century British fiction with its classical and Continental counterparts Black addresses works of prose fiction that self consciously experiment with the formal structures and readerly affordances of romance Heliodorus s Ethiopian Story Cervantes s Don Quixote Fielding s Tom Jones Sterne s Tristram Shandy and Burney s The Wanderer Each text presents itself as a secondary satiric adaptation of anachronistic and alien narratives but in revising foreign stories each text also relays them The recursive reading that these works portray and demand makes each a self reflexive parable of romance itself Ultimately Without the Novel writes a wider weirder history of fiction organized by the recurrences of romance and informed by the pleasures of reading that define the genre

Jesse Molesworth,2010-07-08 A study of the relationship between realism probability and chance in eighteenth century fiction **When Fiction Feels Real** Elaine Auyoung,2018-10-24 Why do readers claim that fictional worlds feel real How

can certain literary characters seem capable of leading lives of their own outside the stories in which they appear What makes the experience of reading a novel uniquely pleasurable and what do readers lose when this experience comes to an end Since their first publication nineteenth century realist novels like *Pride and Prejudice* and *Anna Karenina* have inspired readers to describe literary experience as gaining access to vibrant fictional worlds and becoming friends with fictional characters While this effect continues to be central to the experience of reading realist fiction and later works in this tradition the capacity for novels to evoke persons and places in a reader s mind has often been taken for granted and even dismissed as a naive phenomenon unworthy of critical attention *When Fiction Feels Real* provides literary studies with new tools for thinking about the phenomenology of reading by bringing narrative techniques into conversation with psychological research on reading and cognition Through close readings of classic novels by Jane Austen Charles Dickens George Eliot and Leo Tolstoy and the elegies of Thomas Hardy Elaine Auyoung reveals what nineteenth century writers know about how reading works Building on well established research on the mind Auyoung exposes the underpinnings of the seemingly impossible achievement of realist fiction introducing new perspectives on narrative theory mimesis and fictionality *When Fiction Feels Real* changes the way we think about literary language realist aesthetics and the reading process opening up a new field of inquiry centered on the relationship between fictional representation and comprehension [Sir Walter Scott on](#)

Howe,1998-10-13 This book provides a fresh look at Twain s major novels such as *Life on the Mississippi* *Huckleberry Finn* and *A Connecticut Yankee in King Arthur s Court* **The Sense of the Sacred in the Early Novels of Quebec** Lisa M.

Gasbarrone,2024-10-15 Quebec s early novels are full of sacred themes and motifs devotional objects and practices parables and scripture priests and nuns transcendence divinity and eternity Yet the critical gaze of the past fifty years has seldom engaged the idea of the sacred in a sustained way Indeed the presence of the sacred has alienated modern and postmodern readers who ignore or downplay its significance leading to misguided assessments of these works as mediocre and even unreadable for contemporary audiences *The Sense of the Sacred in the Early Novels of Quebec* reexamines seven classic novels at the foundations of Quebec s national literature Patrice Lacombe s *La Terre paternelle* 1846 P J O Chauveau s *Charles Gu rin* 1853 Antoine G rin Lajoie s *Jean Rivard* 1874 Philippe Aubert de Gasp s *Les Anciens Canadiens* 1863 Laure

Conan's Angeline de Montbrun 1884 Louis Hémon's Maria Chapdelaine 1916 and Félix Antoine Savard's Menaud maître draveur 1937 Through chapters that focus on sacred themes character analysis narrative temporalities and the hermeneutics of the sacred Lisa Gasbarrone demonstrates that these novels are more nuanced and innovative than their reputation has allowed The Sense of the Sacred in the Early Novels of Quebec reintroduces readers to classic works of French Canadian literature that ironically and provocatively cast their quarrel with modernity in that essentially modern form the novel
