[Lincoln and the War's End](#) John C. Waugh,2014-09-15 On the night of his reelection on November 8 1864 President Abraham Lincoln called on the nation to reunite in a common effort to save our common country By April 9 of the following year the Union had achieved this goal with the surrender of the Army of Northern Virginia to General Ulysses S Grant at Appomattox Court House In this lively volume John C Waugh chronicles in detail Lincoln s role in the final five months of the war revealing how Lincoln and Grant worked together to bring the war to an end Beginning with Lincoln s reelection Waugh highlights the key military and political events of those tumultuous months He recounts the dramatic final military campaigns and battles of the war including William T Sherman s march through Georgia to the sea the Confederate army s attempt to take Nashville and its loss at the battle of Franklin and the Union victory at Fort Fisher that closed off the Confederacy s last open port Other events also receive

attention including Sherman's march through the Carolinas and the burning of Columbia Grant's defeat of the Army of Northern Virginia at the Battle of Five Forks and Lincoln's presence at the seat of war during that campaign the Confederate retreat from Petersburg and Richmond and Lee's surrender at Appomattox Weaving the stories together chronologically Waugh also presents the key political events of the time particularly Lincoln's final annual message to Congress passage of the Thirteenth Amendment the Second Inaugural Lincoln's visit to Richmond the day after it fell and Lincoln's final days and speeches in Washington after the Confederate surrender An epilogue recounts the farewell march of all the Union armies through Washington D C in May 1865 Throughout Waugh enlivens his narrative with illuminating quotes from a wide variety of Civil War participants and personalities including New Yorker George Templeton Strong southerner Mary Boykin Chesnut Lincoln's secretary John Hay writer Noah Brooks and many others **Lincoln, the War President** Gabor S.

Boritt,1994-05-19 Americans interested in history need to make the pilgrimage to Gettysburg writes Gabor Boritt in the Acknowledgments In this book seven historians make that journey five of them Pulitzer laureates looking for Lincoln Kenneth Stampp explores the issue of national self determination comparing the South's struggle for independence to others in history including the post Soviets in eastern Europe Arthur Schlesinger Jr offers a provocative comparison of how Lincoln and our other outstanding war president FDR went beyond the limits of the Constitution and why David Brion Davis focuses on the moment of emancipation Boritt traces Lincoln's transition from a strident war opponent as a young man to resolute war leader as president Carl Degler compares the American attempt at national unification with the unifications of Italy Germany and other nations Robert Bruce contrasts premonitions of civil war with Lincoln's reluctance to accept war as a possibility And James McPherson establishes once and for all the war president's brilliance as a national strategist These outstanding essays all but one published here for the first time offer a new understanding of a revolutionary epoch in American history and of the role of the leader who helped transform the nation forever *RIBA Journal* Royal Institute of British Architects,1912

Cincinnati in the Civil War: The Union's Queen City David L. Mowery,2021 During the Civil War Cincinnati played a crucial role in preserving the United States Not only was the city the North's most populous in the west but it was also the nation's third most productive manufacturing center Instrumental in the Underground Railroad prior to the conflict the city became a focal point for curbing Southern incursion into Union territory and nearby Camp Dennison was Ohio's largest camp in the Civil War and one of the largest in the United States Cincinnati historian David L Mowery examines the many different facets of the Queen City during the war from the enlistment of the city's area residents in more than 590 Federal regiments and artillery units to the city's production of seventy eight U S Navy gunboats for the nation's rivers As the Union's Queen City Cincinnati lived up to its name Back cover **Journal of the Royal Institute of British Architects** ,1923 **This Great Struggle** Steven E. Woodworth,2011-04-16 Referring to the war that was raging across

parts of the American landscape Abraham Lincoln told Congress in 1862 We shall nobly save or meanly lose the last best

hope on earth Lincoln recognized what was at stake in the American Civil War not only freedom for 3 5 million slaves but also survival of self government in the last place on earth where it could have the opportunity of developing freely Noted historian Steven E Woodworth tells the story of what many regard as the defining event in United States history While covering all theaters of war he emphasizes the importance of action in the region between the Appalachians and the Mississippi River in determining its outcome Woodworth argues that the Civil War had a distinct purpose that was understood by most of its participants it was primarily a conflict over the issue of slavery The soldiers who filled the ranks of the armies on both sides knew what they were fighting for The outcome of the war after its beginnings at Fort Sumter to the Confederate surrender four years later was the result of the actions and decisions made by those soldiers and millions of other Americans Written in clear and compelling fashion This Great Struggle is their story and ours

Judge David Davis, Abraham Lincoln's Favorite Raymond J. McKoski, 2025-07-22 One of Abraham Lincoln's staunchest and most effective allies Judge David Davis masterminded the floor fight that gave Lincoln the presidential nomination at the 1860 Republican National Convention This history changing event emerged from a long friendship between the two men It also altered the course of Davis's career as Lincoln named him to the U S Supreme Court in 1862 Raymond J McKoski offers a biography of Davis's public life his impact on the presidency and judiciary and his personal professional and political relationships with Lincoln Davis lent his vast network of connections organizational and leadership abilities and personal persuasiveness to help Lincoln's political rise When Davis became a judge he honed an ability to hear each case with complete impartiality a practice that endeared him to Lincoln but one day put him at odds with the president over important Civil War era rulings McKoski details these cases while providing an in depth account of Davis's role in Lincoln's two unsuccessful campaigns for U S Senate and the fateful run for the presidency

Lincoln and McClellan John C. Waugh, 2010-05-11 There was no more remarkable pair in the Civil War than Abraham Lincoln and George McClellan At only 35 years old McClellan commanded the Ohio troops early in the war and won skirmishes for the Union in western Virginia After the disastrous Union defeat at Bull Run in the summer of 1861 Lincoln sent word for McClellan to come to Washington and soon elevated him to commander in chief of the Union army But in the late summer and fall of 1861 things took a turn for the worst Meticulous in his planning and preparations McClellan began to delay attacking the enemy and developed a penchant for vastly overestimating the Confederate forces he faced All of this hampered his ability to lead an aggressive force in a fast moving battlefield environment Finally losing his patience Lincoln was famously quoted as saying If General McClellan does not want to use the army I would like to borrow it for a time Lincoln and McClellan takes an in depth look at this fascinating relationship from the early days of the Civil War to the 1864 presidential election when McClellan ran against Lincoln on an anti war platform and lost Here award winning author John C Waugh weaves a tale of hubris paranoia failure and triumph illuminating as never before this unique and complicated alliance

Shortsighted: Partisan Politics and the

Road to Civil War Pasquale De Marco,2025-07-17 In *Shortsighted Partisan Politics and the Road to Civil War* historian Pasquale De Marco offers a fresh perspective on the events leading to the American Civil War Pasquale De Marco argues that partisan politics played a significant role in fueling the conflict and that shortsighted decisions by politicians on both sides made compromise and reconciliation impossible The book begins by examining the political landscape of the 1840s and 1850s a time of intense sectional rivalry between the North and South The issue of slavery was at the heart of this conflict with the North increasingly opposed to the expansion of slavery into new territories Political parties eager to gain and maintain power exploited these divisions using inflammatory rhetoric and tactics to rally their supporters Pasquale De Marco delves into the key events that brought the nation to the brink of civil war including the Compromise of 1850 the Kansas Nebraska Act and the Dred Scott decision These events further polarized the country and made compromise seem impossible The election of Abraham Lincoln in 1860 was the final straw for many Southerners who saw it as a threat to their way of life The book also explores the motivations and actions of key figures on both sides of the conflict including Abraham Lincoln Jefferson Davis and Robert E Lee Pasquale De Marco argues that these individuals while possessing some admirable qualities were also flawed and made decisions that contributed to the outbreak of war *Shortsighted* is a thought provoking and timely examination of the causes of the American Civil War Pasquale De Marco provides a fresh perspective on this pivotal event in American history demonstrating how partisan politics can lead to disastrous consequences The book is a must read for anyone interested in American history politics or the complex factors that can lead to conflict If you like this book write a review
