Facing Change Strategies For Problem Solving In The Congregation:

Facing Change Joseph S. Zaccaria, 1984 Leading Change in the Congregation Gilbert R. Rendle, 2007-12-01 Many books have been written about leadership and change but until now none has focused on the kind of change that tears at a community's very fabric. Alban senior consultant Gil Rendle provides a respectful context for understanding change especially the experiences and resistances that people feel. Rendle pulls together theory, research and his work with churches facing change to provide leaders with practical diagnostic models and tools. In a time when change is the norm, this book helps to lead change in a spiritual and healthy way.

Fasting for Spiritual Breakthrough Elmer L. Towns, 2017-11-07 This time-tested book will strengthen your faith, drawing you closer to God. This comprehensive book is for you if you seek a closer walk with God, whether you wonder how to fast or you've been practicing this spiritual discipline for years. As you learn the clear biblical reasons for fasting, you'll also be introduced to nine biblical fasts that God can use for specific physical and spiritual outcomes. These include The Disciple's Fast to free yourself and others from addictions to sin; The Ezra Fast to solve problems, inviting the Holy Spirit's aid; The Saint Paul Fast to bring clearer perspective and insight in critical decision making; The Daniel Fast to gain a healthier life or healing. Each fast includes its purpose and biblical basis, why or when to practice this fast, and a practical step-by-step guide as you prepare for it. Now included in the book are new stories from people who have found spiritual breakthroughs in fasting, study questions for individuals or groups, biblical references to fasting, a fasting glossary, and more.

Changing the Conversation Anthony B. Robinson, 2008-08-20 A sequel to his best-selling *Transforming Congregational Culture* (2003), *Changing the*

Conversation offers Anthony Robinson's latest work and thinking on congregational renewal and leadership. Robinson here invites church leaders and members into ten crucial conversations that will change their congregation's culture and help them respond with greater vitality, effectiveness, and faithfulness to our postmodern culture and its challenges. **The**

Pastor As Church Leader and Educator Herbert W. Byrne, 2006-10 **From Stuck to Unstuck** Kenneth A.

Halstead, 1998-12-31 This book seeks to provide a way for pastors and other leaders to work together to get themselves emotionally unstuck and to help their congregations as systems get unstuck. Because many of our smaller problems are a product of the current paradigm shift, this book strives also to use ideas about problem solving from Brief Systemic Therapy to shed light on the implications of this paradigm shift for our communities of faith. It urges our leaders to anticipate the birth of churches and synagogues that reflect the new paradigm and to guide us to learn the role of midwife. This book first asks: What is the nature of systemic problems in which we get stuck? And then: What is the nature of the solutions that get us unstuck? The other key question: What is the nature of leadership for our times that can best help us get our churches unstuck while keeping leaders emotionally healthy. **The Living Church**, 1963 The Megachurch and the Mainline Stephen

Ellingson, 2008-09-15 Religious traditions provide the stories and rituals that define the core values of church members. Yet modern life in America can make those customs seem undesirable, even impractical. As a result, many congregations refashion church traditions so they may remain powerful and salient. How do these transformations occur? How do clergy and worshipers negotiate which aspects should be preserved or discarded? Focusing on the innovations of several mainline Protestant churches in the San Francisco Bay Area, Stephen Ellingson's The Megachurch and the Mainline provides new understandings of the transformation of spiritual traditions. For Ellingson, these particular congregations typify a new type of Lutheranism, one which combines the evangelical approaches that are embodied in the growing legion of megachurches with American society's emphasis on pragmatism and consumerism. Here Ellingson provides vivid descriptions of congregations as they sacrifice hymns in favor of rock music and scrap traditional white robes and stoles for Hawaiian shirts while also making readers aware of the long history of similar attempts to Americanize the Lutheran tradition. This is an important examination of a religion in flux, one that speaks to the growing popularity of evangelicalism in America. **Religion Index One**, 1999

Death of the Church Mike Regele, Mark Schulz, 1995 Our culture is changing at a dizzying rate. But the church seems to be left behind, caught in subcultural backwaters that have little or no impact on mainstream society. Based on the quantitative research of his group, Percept Regele analyzes the forces in our culture and discusses how the church can fulfill its mission in the face of them. *Transforming Congregational Culture* Anthony B. Robinson, 2003-01-21 Argues in behalf of transforming main line congregations into missional communities which will give hope to declining churches in the twenty first century.
