Fadlallah The Making Of A Radical Shiite Leader:

Radical Islam in the West Brian R. Farmer, 2014-01-10 This book explores the challenge posed by the immersion of 15 million Muslims in Western democracies and the few but volatile terrorists present within the larger body of believers The fact that immersion in Western culture is insufficient to stem the tide of extremism is discussed along with the factors that contribute to the growth of radical Islam such as the presence of charismatic authoritarian leadership educational options that downplay critical thinking and colonialism Hope that radical Islam can be kept to a minimum in Western societies is provided by the Islamic concept of Ijtihad through which Muslims reinterpret their own religion Just as mainstream Mormons have dispensed with polygamy and Christians with witch hunting Muslims in Western societies have the potential to minimize the growth of radicalism Instructors considering this book for use in a course may request an examination copy here

Fadlallah Jamal Sankari, 2005 This unique book traces the trajectory of the enigmatic multi faceted sometimes contradictory personality of Sayyid Fadlallah against a background of cultural political and economic upheaval in Iran Iraq and Lebanon

The SAGE Encyclopedia of Terrorism, Second Edition Gus Martin, 2011-06-15 Six years after publication of the first edition of the best selling Encyclopedia of Terrorism much has changed on the national security scene Despite the dark promises of Osama bin Laden following the 9 11 attacks the United States has not experienced any major domestic terror incidents Al Qaeda itself is believed to be a severely crippled organization But while U S wars in Afghanistan and Iraq not to mention the arrival of the Obama administration a new balance of power within Congress and an increasingly fragile economic picture have significantly affected the national security picture the threat of economic chaos and massive loss of life due to terror attacks has not abated Indeed in July 2008 analysts pointed out that even a relatively small terrorist organization could present a dire threat with some experts arguing that a biological chemical or even nuclear attack on a major U S city is all but inevitable In this highly charged rapidly shifting environment we are pleased to present the The SAGE Encyclopedia of Terrorism Second Edition a thoroughly updated and expanded edition of the original highly regarded reference work Nearly 100 000 words of new material will be added along with fully updated original entries and expanded coverage New introductory essays will explore the impact of terrorism on economics public health religion and even pop culture Ethical issues such as the role of torture in interrogations competing notions of security versus liberty and the debates over FISA legislation and Guantanamo Bay will also be covered Two dozen entries on significant recent events such as the London bombings Chechen attacks on Russian interests and the rescue of Ingrid Bettancourt and some 60 additional new entries will restore the work as an up to the minute natural first stop for researchers

The Princeton Encyclopedia of Islamic Political Thought Gerhard Bowering, Patricia Crone, Mahan Mirza, 2013 In 2012 the year 1433 of the Muslim calendar the Islamic population throughout the world was estimated at approximately a billion and a half representing about one fifth of humanity In geographical terms Islam occupies the center of the world stretching like a big belt across the globe

from east to west P vii *The Hizbullah Phenomenon* Lina Khatib, Dina Matar, Atef Alshaer, 2014 Hizbullah's management of its image and identity are scrutinised by the authors alongside analysis of the movement's communication strategy political behaviour and performance Provided by publisher *Terrorist Groups and the New Tribalism* Jeffrey Kaplan, 2010-02-25 The central focus of this book is a small but vitally important group of movements that constitute a distinct fifth wave of modern terrorism here called the New Tribalism *Terrorist Groups and the New Tribalism* examines a collection of terrorist or insurgent movements whose similarity in tactics strategic vision and desire to radically reshape their worlds to conform with a Golden Age dream of perfection which is to be achieved through a genocidal or ethnic cleansing process to make way for the emergence of a new radically perfected tribal utopia in a single generation These shared strategic and tactical factors allow them to be examined through a comparative lens as a distinct fifth wave of modern terrorism Structured around the theoretical framework of David Rapoport's Four Waves thesis the book examines anomalous movements that began within a distinct wave of international terrorism but following a crisis model has turned inwards toward radical localism tribalism and xenophobia The text is divided between theory and in depth case studies of the Ugandan Lord's Resistance Army and the Sudanese Janjaweed It concludes with a design for further field work based research This book will be of interest to students of Terrorism and Political Violence Genocide Conflict Studies African politics and Political Science in general Jeffrey Kaplan is an Associate Professor of Religion and the Director of the Institute for the Study of Religion Violence and Memory at the University of Wisconsin Oshkosh He is the author of 11 books on terrorism and political violence Covering the Shi'a Robert W. Tomlinson, 2018-11-15 Often demonized by the Western media and press Hezbollah's origins are rooted in activities of the Lebanese Shi'a in the late 1970s and early 80s *Covering the Shi'a* English Press Representation of the Lebanese Shi'a 1975-1985 chronicles how the English language press and media represented the most consequential group in Lebanon to Western audiences during the critical period of 1975-1985 Focusing on three of the most prominent English language newspapers at that time the book outlines how the Western media frequently disregarded the Shi'i civil rights movement in Lebanon Conflating that movement with other Arab independence campaigns the Western media missed key aspects and the dynamics at work in the Lebanese Shi'i community Additionally in failing to understand and report the nature of the transnational networks that supported the Shi'i community in Lebanon the resultant news narrative reported in the English language media was at odds with the narratives harbored by the Lebanese Shi'a themselves In order to gain an understanding of the operations of Lebanese Hezbollah today and the current media coverage of the organization this book offers insights on the origins of Shi'a resistance and how one can evaluate the group today *Political Thought in Contemporary Shi'a Islam* Farah W. Kawtharani, 2019-11-11 This book offers an intellectual history of one of the leading Shi'i thinkers and religious leaders of the 20th century in Lebanon Shaykh Muhammad Mahdi Shams al Din The author examines his role as the foremost figure of Shi'i intellectual life a key associate of Musa al Sadr and president of the Islamic Shi'i

Supreme Council of Lebanon having maintained the independence of this institution until his death from the domination of Shi'i political parties The core of the book consists of three interrelated main themes that constitute the major threads of Shams al Din's intellectual legacy a discussion of Islamic government involving a critique of Khomeini's theory of *wilayat al faqih* the role of Islam within civil government and the necessity for political integration of the Shi'a in their Arab nation states to protect them from policies that raise doubts over their political allegiance to their respective countries The project will appeal to scholars students academics and researchers in Middle Eastern politics and history

Intellectual dynamics in the Middle East and North Africa Ewan Stein, 2017-10-02 More than three years after the beginning of the wave of Arab uprisings an understanding of the role of intellectuals in political change across the region has never been more important This timely volume on Intellectuals in the Modern Middle East combines geographical and chronological breadth and draws on a diverse range of approaches including intellectual history political science art history social policy and political philosophy Together the chapters provide a window into the diversity in intellectual trends across the Middle East from the early decades of the 20th century until the present day While they do not and cannot provide a complete or even representative picture of intellectual dynamics in the modern Middle East they collectively address a range of analytical and normative issues that bear on the role of the intellectual in contemporary Middle Eastern politics and society This book was published as a special issue of the British Journal of Middle Eastern Studies

Shiism and Politics in the Middle East Laurence Louer, 2021-12-01 In this timely book completed before the current outbreak of unrest in Bahrain that has formed part of the Arab Spring Laurence Louer explains the background of the Bahraini conflict in the context of the wider issue of Shiism as a political force in the Arab Middle East amongst other issues relating to the role of Shiite Islamist movements in regional politics Her study shows how Bahrain's troubles are a phenomenon based on local perceptions of injustice rather than on the foreign policy of Shiite Iran More generally the book shows that though Iran's Islamic Revolution had an electrifying effect on Shiite movements in Lebanon Iraq the Gulf and Saudi Arabia local political imperatives have in the end been the crucial factor in the direction they have taken In addition the overwhelming influence of the Shiite clerical institution has been diminished by the rise to prominence of lay activists within the Shiite movements across the Middle East and the emergence of Shiite anti-clericalism This book contributes to dispelling the myth of the determining power of Iran in the politics of Iraq Bahrain and other Arab states with significant Shiite populations

Iranian Strategic Influence W.A. Rivera, 2021-11-26 Since the 1979 Islamic Revolution the strategic culture of resistance has dominated Iran's strategic objective and foreign policy preference formation Iran is a revisionist state that lacks overwhelming military and economic dominance in its near abroad as such two pillars have emerged to support and export their strategic culture of resistance These are Adaptive Resistance pragmatism and Designed Redundancy deniability and insulation These two themes of resistance provide content and structure to their strategic Influence campaigns where strategic Influence is the use of the

elements of national power diplomatic military economic with and through information to shape the information and operational environment in order to erode the will of the enemy This new way of war is predicated on building narratives activating identities mobilizing proxies and disorienting targets through the use of information in service of strategic goals Strategic influence is the way in which elements of the strategic culture of resistance are executed in Iran s near abroad To combat and defeat strategic influence campaigns it is necessary to understand both the strategic cultural factors at play and the strategic influence campaigns that Iran deploys

Hizbullah and the Politics of Remembrance Bashir Saade,2016-08-16 This book explores Hizbullah s understanding of being Lebanese to meet evolving political challenges and gain influence within Lebanon and the wider region

Islam as Power Bianka Speidl,2020-12-03 Providing an in depth and extensive analysis of the concept of power as articulated by Muhammad Husayn Fadlallah 1935 2010 this case study analyses the systemic conceptualisation of power and his argumentation of sacralising Islamised power The volume also offers a quick overview of how the concept was understood and articulated by other Shi ite jurists such as Ayatollah Khomeini Examining Fadlallah s oeuvre in particular his seminal book *Islam and the Logic of Power* al Islam wa mantiq al quwwa this book focuses on the narrative itself which played a central role in the radical transformation that occurred in the Shi te concept of empowerment and its recognition as a necessity The analysis of Fadlallah s conceptualisation and argumentation illustrates the mechanism of sacralising righteous power as well as the means of gaining it Fadlallah reinterpreted Shi sm as a project of empowerment to initiate and sustain an impulse of power amongst the Lebanese Shi tes in the most critical moment of modern Lebanese history Dealing with the concept of power in Shi te political thought from a theoretical perspective the study has an innovative approach that offers an insight into how the transformative narrative is constructed and what makes it convincing Shedding light on the content and logical structure of Fadlallah s argumentation this volume will be of interest to scholars and students researching contemporary politics Islam and the Middle East

Voice of Hezbollah Sayyed Hassan Nasrallah,2020-05-05 In July 2006 with the commencement of hostilities between Israel and Hezbollah Sayyed Hassan Nasrallah the longstanding secretary general of the Party of God burst into the spotlight of the Western media cast almost inevitably as an even more dangerous incarnation of Osama bin Laden Yet well before the start of the war Nasrallah had acquired an almost unrivalled credibility in the Arab world among admirers and detractors alike a profile that soared in May 2000 when he became the first leader to push Israel out of Arab land Voice of Hezbollah brings to

an English speaking readership for the first time Nasrallah's speeches and interviews the intricate deeply populist arguments and promises that he has made from the mid 1980s to the present day Newly translated from the Arabic and with an introduction by one of the foremost writers on Lebanon Voice of Hezbollah is critical to the understanding of the man and the movement

Female Personalities in the Qur'an and Sunna Rawand Osman,2014-10-03 This book investigates the manner in which the Qur'an and sunna depict female personalities in their narrative literature Providing a comprehensive study of all the female personalities mentioned in the Qur'an the book is selective in the personalities of the sunna examining the three prominent women of ahl al bayt Khadija Fatima and Zaynab Analysing the major sources of Imami Shi'i Islam including the exegetical compilations of the eminent Shi'i religious authorities of the classical and modern periods as well as the authoritative books of Shi'i traditions this book finds that the varieties of female personalities are portrayed as human beings on different stages of the spiritual spectrum They display feminine qualities which are often viewed positively and are sometimes commendable traits for men at least as far as the spiritual domain is concerned The theory particularly regarding women's humanity is then tested against the depiction of womanhood in the hadith literature with special emphasis on Nahj al Balagha Contributing a fresh perspective on classical materials this book will be of interest to students and scholars of Islamic Studies Women's Studies and Shi'i Studies

Religion, National Identity, and Confessional Politics in Lebanon R. Rabil,2011-09-12 Against a background of weak and contested national identity and capricious interaction between religious affiliation and confessional politics this book illustrates in detailed analysis this comprehensive project of Islamism according to its ideological and practical evolutionary change

Iraq after America Joel Rayburn,2014-08-01 More than a decade after the U.S. led invasion of Iraq most studies of the Iraq conflict focus on the twin questions of whether the United States should have entered Iraq in 2003 and whether it should have exited in 2011 but few have examined the new Iraqi state and society on its own merits Iraq after America examines the government and the sectarian and secular factions that have emerged in Iraq since the U.S. invasion of 2003 presenting the interrelations among the various elements in the Iraqi political scene The book traces the origins of key trends in recent Iraqi history to explain the political and social forces that produced them particularly during the intense period of civil war between 2003 and 2009 Along the way the author looks at some of the most significant players in the new Iraq explaining how they have risen to prominence and what their aims are The author identifies the three trends that dominate Iraq's post U.S. political order authoritarianism sectarianism and Islamist resistance tracing their origins and showing how they have created a toxic political and social brew preventing Iraq's political elite from resolving the fundamental roots of conflict that have wracked that country since 2003 and before He concludes by examining some aspects of the U.S. legacy in Iraq analyzing what it means for the United States and others that after more than a decade of conflict Iraq's communities and its political class in particular have not yet found a way to live together in peace

Faith in Numbers Michael Hoffman,2021-01-18 Why does religion sometimes increase support for

democracy and sometimes do just the opposite In Faith in Numbers political scientist Michael Hoffman presents a theory of religion group interest and democracy Focusing on communal religion he demonstrates that the effect of communal prayer on support for democracy depends on the interests of the religious group in question For members of groups who would benefit from democracy communal prayer increases support for democratic institutions for citizens whose groups would lose privileges in the event of democratic reforms the opposite effect is present Using a variety of data sources Hoffman illustrates these claims in multiple contexts He places particular emphasis on his study of Lebanon and Iraq two countries in which sectarian divisions have played a major role in political development by utilizing both existing and original surveys By examining religious and political preferences among both Muslims and non Muslims in several religiously diverse settings Faith in Numbers shows that theological explanations of religion and democracy are inadequate Rather it demonstrates that religious identities and sectarian interests play a major part in determining regime preferences and illustrates how Islam in particular can be mobilized for both pro and anti democratic purposes It finds that Muslim religious practice is not necessarily anti democratic in fact in a number of settings practicing Muslims are considerably more supportive of democracy than their secular counterparts Theological differences alone do not determine whether members of religious groups tend to support or oppose democracy rather their participation in communal worship motivates them to view democracy through a sectarian lens
