Faith In Paradise:

The Faith ,1911 *Behind The Faith* Tony Mariot,2018-10-17 We should not base our beliefs on some emotional experience we had which we cannot really explain with any substance other than to attribute the experience to something we want to believe was spiritual or God inspired This choice belief and faith should not be an unexplainable gut feeling or some thought shrouded in a cosmic concept of God that is neither specific nor explainable Neither should we hide behind peer pressure that makes us feel guilty if we denied having any real belief in the existence of God at all None of these aspects are the basis to knowing anything let alone foundations of a faith The question then becomes how do we know what is true and what to believe on the ground where we live What are the facts and what is folklore How can we know for certain This writing is intended to discuss what is biblically spoken of behind the faith of what Christians believe It is not however about conspiracies in the church or an attempt to air any dirty laundry The book of Revelation was chosen as the principle text of this discourse because it is intermingled throughout Scripture like no other It provides seamless segues that will open up opportunities to address other related questions in Scripture as we examine what is behind the faith *Virtuosos of Faith* LIT Verlag,2020-01-01 For over a thousand years monks nuns canons friars and others under religious vows stood at the pinnacle of Western European society For their ascetic sacrifices their learning piety and expertise they were accorded positions of power and influence and a wide range of legal financial and social privileges As such they present an important opportunity to consider the nature and dynamics of an elite in medieval culture Using medieval religious life as their interpretive lens the essays of this volume seek to uncover the essential markers of elite status They explore how those under vows claimed and manifested elite status in complex spiritual temporal and social combinations They explore the workings of elite status from day to day across region and locale who earned recognition and how whether through specific achievements or the deployment of specific capacities who recognized conferred or helped maintain elite status how and why how elite status could be redefined contested or rejected The essays also seek to understand how medieval European religious elites compared to those found in other cultures and settings from Syria and South Asia to the early modern transatlantic world

Hansard,2025-07-29 From The Original Series of the 1960s to Strange New Worlds today Star Trek has always explored philosophical and religious ideas pushing the boundaries of thought and entertaining us along the way While full of secular concepts the franchise has interacted with Christian beliefs for decades In Star Trek and Faith Mark S Hansard examines the intersection of Star Trek and Christianity utilizing logic and critical thinking to investigate the ideas in both new and old Trek series to compare them with a Christian worldview Is Christianity manipulative Is God capricious angry and insecure Is it

rational to believe in the resurrection of Jesus Does predestination contradict our free will Join Hansard in a thrilling ride through the galaxy exploring Christian ideas through the lens of Star Trek **Faith Always Works** David

Meseg,2021-10-18 In early 2016 I found myself laying in a hospital bed at the Royal Marsden in Fulham diagnosed with terminal cancer I decided to write about my faith in Christ what it is and how it has been shaped and tested by a life that is lived out in the unpredictability of a world that can be so harsh and cruel My starting point is to examine what sin is and what it does paving the way for me to explain the necessity of salvation and what it does I have made this my starting point because this is where faith begins The fundamental message of the book is to acknowledge that as a Christian life can be filled with extreme pain confusion and disillusionment and begs for meaningful answers to some very serious questions The book takes an honest look at faith under the examination of someone who has experienced the safety of Christianity from childhood yet along the way became one of the biggest sceptics of the Christianity that I saw around me It was a scepticism that led me to the point of considering abandoning whatever faith I thought I had This is a dilemma that I know a lot of Christians are tempted by and I hope that this book will give to them the encouragement support and determination to press on In this matter I attempt to examine what genuine faith is and what it is not what it will do and what it will not do I seek to highlight that the person with genuine faith must expect and be prepared for their faith to be tried and tested by God Himself and what His purpose in doing so is The conclusion that the book as a whole alludes to is that whilst there are times when faith does not seem to work the faithfulness of what God has accomplished through Jesus Christ determines that faith always works *Faith and Doubt* R. L. Brett,1997 This major new work from a leading authority touches on issues that are

increasingly pertinent to the world today Pairing great writers from each generation who typify the contrasts and concerns of their age Professor Brett explores the complex interplay between faith and doubt in English literature since the Enlightenment Not confining himself to a biographical and historical approach he deploys his understanding of contemporary philosophy and ideology to throw a new light on often neglected areas BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **The Faith of Islam** Edward Sell,2013-11-05 First Published in 2000

This title is Volume 3 in the 8 volume series titled Islam one of the Tr ber s Oriental Series This edition is the result of another fifteen years study of Islam and of further intercourse with Musalmans It deals with certain phases of modern Muslim thought in India and in Persia which found no place in the first edition The result is that a considerable amount of fresh matter has been added though the general form of the book has not been altered All who are engaged in this enterprise will find help in this volume it may also throw light on the political questions of the day **An Unorthodox Faith** Kurt Struckmeyer,2017-02-14 The time is ripe for a new Christian reformation a profound transformation of theological substance not just liturgical style Jesus never intended to create a new religion of rites creeds and dogma that offered an eternal reward in heaven Instead he announced the subversive arrival of the kingdom of God a social and economic revolution of the heart

based on a lifestyle of radical love lavish generosity extravagant forgiveness inclusive hospitality compassionate action selfless service a passion for justice creative nonviolence and simple living He invited his followers to transform their lives and change the world A postmodern Christianity will call people to engage in the Jesus revolution a conspiracy of love that rises up against the unjust systems of the world through everyday acts of kindness compassion and resistance An Unorthodox Faith provides a framework for a faithful life based on the Way of Jesus a way of living authentically and humanely for the sake of others It offers countless people those who remain in the church those who have left and those who have never ventured near with a life of faith that is meaningful intelligent and passionate *Understanding Your Neighbor's Faith* Philip Lazowski,2004 *Understanding Your Neighbor's Faith* What Christians and Jews Should Know About Each Other was the brainchild of Rabbi Philip Lazowski of Hartford Connecticut The idea was born several years back after he invited a group of non Jewish clergymen to visit the Holy Land with him Priests ministers and some members of their congregations who wanted a better understanding of Israel and Judaism enthusiastically accepted his gesture of good will Rabbi Lazowski's unique perspective as a Holocaust survivor made him ideally poised to teach others about the historical and philosophical context of Judaism as well as its rich tradition of practice Rabbi Lazowski also learned much from his colleagues of other faith traditions This unprecedented volume gives Rabbi Lazowski and the other clergy the opportunity to explicate their religion using their own language and concepts in responding to the questions of people of goodwill outside their faith Difficult even uncomfortable questions are asked and answered No question is too simple or too complex Every chapter each by an author belonging to a different Christian faith tradition will prove as informative to the co religionist as to the outsider The concise straightforward question and answer style allows the book to be studied in full read casually or consulted for reference

The Faith of the Reformers Edwin Stanton Hodgkin,1914 *The Fundamental Doctrines of the Christian Faith* Reuben Archer Torrey,1918 The author of these sermons has had a feeling for a long time that the great need in our churches in this day is systematic indoctrination He put his theory into practice last winter in his own church and these sermons are the result We were having a great many accessions to our church In the two years of the church s history we had had something like six hundred accessions to the church and every month considerable numbers of new members were being added While many of these came by letter from other churches many of them were new converts and had had practically no systematic instruction in the fundamental truths of the Christian faith so we announced a series of sermons on The Fundamental Doctrines of the Christian Faith There was immediately a large increase in the attendance at the services where these addresses were given and this increase has kept up until on the last Lord s Day we had much the largest attendance we have ever had excepting on Easter Sunday Many have testified to the blessing received from these sermons and there has been a great demand that the sermons be printed for general circulation This request has come from ministers of various denominations Episcopalians Presbyterians Methodists Baptists and others It is hoped that this volume will be useful to other pastors in suggesting lines of teaching in their regular pastoral work and also that it may be used widely by pastors and others for circulation among Christians We live in a day in which many of our church members are all at sea as to what they believe on the fundamental doctrines of the Christian faith These sermons have already helped many through their delivery It is hoped they will reach and help far more in the printed form *Muhammad and the Empires of Faith* Dr. Sean W.

Anthony,2020-04-21 In *Muhammad and the Empires of Faith* Sean W Anthony demonstrates how critical readings of non Muslim and Muslim sources in tandem can breathe new life into the historical study of Muhammad and how his message transformed the world By placing these sources within the intellectual and cultural world of Late Antiquity Anthony offers a fresh assessment of the earliest sources for Muhammad s life taking readers on a grand tour of the available evidence and suggests what new insights stand to be gained from the techniques and methods pioneered by countless scholars over the decades in a variety of fields *Muhammad and the Empires of Faith* offers both an authoritative introduction to the multilayered traditions surrounding the life of Muhammad and a compelling exploration of how these traditions interacted with the broader landscape of Late Antiquity
