Faith And Uncertainty:

Room for Doubt Ben Young, 2017-09-01 Many people have questions about faith Ben Young knows what it s like to feel as if you re alone in your doubts In Room for Doubt Ben offers An honest look at hard questions about God the Bible and faith Examples of spiritual giants in Scripture and history who doubted Insight into how to process uncertainty suffering and disappointment with God Clarity on the difference between uncertainty and mystery Encouragement about how doubt and faith go together Ben invites you to let doubt become your ally rather than your enemy Discover how your questions can lead Know Doubt John Ortberg, 2010-05 What if the most important word is the one in the middle We to a deeper richer faith often think of doubt as the opposite of faith but could it actually strengthen our relationship with God According to John Orthogo best selling author and pastor the very nature of faith requires the presence of uncertainty In this refreshingly Faith and Uncertainty John Habgood, 1997 Former Archbishop of York John Habgood candid look at a life of faith he t takes the question of faith as a starting point for the exploration of a wide variety of topics from science to the common good from education to the media and to modern moral dilemmas Faith he points out is not synonymous with certainty Christianity does not proved an infallible source of right answers However faith at its best can provide enough inner security through reliance on the grace of God to enable explorers to cope with the inevitable uncertainties of moving into unfamiliar intellectual political or moral territories A questioning faith is in the end stronger than one which relies too heavily on some external authority As a former scientist himself John Habgood shows how science and theology can learn from each other he shows why evolution should not be regarded as the enemy of faith Faith and Uncertainty is a statement of belief by one of the most influential an important thinkers in the Church It shows how one man constantly exposed to public scrutiny and the weight of popular opinion has held faith with both Christian tradition and the actual complexities of modern life Doubt John Ortberg, 2014-11-04 In this refreshingly candid look at what it takes to live a life of faith John Ortberg takes an honest look at the misgivings and uncertainties that often shake our beliefs as we navigate through the highs and lows of life Reflecting on his own bouts with doubt and uncertainty Ortberg shares with readers his discovery that rather than being a contradiction in terms doubt and faith may be very much a part of each other He challenges readers to consider how doubt can motivate us to study and learn how questioning expands our understanding and how uncertainty can lead to trust These challenges point us toward the relief of being totally honest The right kind of doubt can be a gift an action generating truth that actually allows us to deepen our faith and intimacy with God Written to challenge comfort and inspire readers Know Doubt reveals uncertainty as a cause for celebration Overcoming Worry Margaret Feinberg, Women of Faith, 2014-01-07 What are you worried about right now Chances are something comes to mind We all face failing health job loss family tragedy and other situations that are uncertain How do we not only manage our worry but also over come it This valuable study guides participants past the low level view of the waves of uncertainty crashing all around us and narrows our focus on

Jesus Through this study participants will look at passages of Scripture showing God as a trustworthy friend savior and guide When we learn to trust Jesus with our uncertain situations relationships and future we will find him to truly be the Prince of Peace Features include Twelve weeks of interactive Bible study Questions for discussion Tips for leading a great group Women of Faith Study Guides have sold more than 2 million copies to date

A Gift of Doubt Robert H. Pope,1971

Faith in the Age of Uncertainty Sima Sharma, 2002 This anthology of essays on the theme of Faith is a tribute to the spirit that lives in humanity As the editor writes in her introduction Believer non believer or iconoclast no one living in this kaliyuga can be indifferent to this issue This anthology is an offering that comes with a plea that it be read slowly a little at a time for it is not ten easy steps to a better millennium. In fact it has no agenda whatever on the faith question except to clear a space wide enough for various shades of insights which might be received and reflected upon Where is God? Juli?n Carr?n,2020 In an extended interview with Vatican expert Andrea Tornielli Juli n Carr n examines our current place in time to revive the essential core of Christian faith Where Is God discovers and rediscovers the contents of Christianity asking how they can be witnessed again in a society that is not yet post Christian but potentially headed there **Navigating Doubt** William Vincent, 2024-06-14 In Navigating Doubt William Vincent delves into the profound and often perplexing nature of faith guiding readers through the labyrinth of uncertainty that can accompany a wavering belief Drawing parallels between the logical precision of science and the enigmatic power of faith Vincent explores how faith can both illuminate our path and lead us astray He addresses the internal turmoil that arises when our faith falters questioning whether our instincts mentors and choices can still be trusted Through a compassionate and insightful narrative this book offers solace and practical wisdom for those grappling with doubt empowering them to reclaim their spiritual strength and rediscover the purpose behind their journey Perfect for anyone seeking to bolster their faith amidst life's challenges Navigating Doubt is a beacon of hope and a guide to finding steadfastness in an ever changing world Trusting God Earl F. Palmer, 2005 Can we really know that Christianity is true Is there a place for doubt in the Christian life Pastor Earl Palmer tackles these and other crucial questions in this helpful book showing that authentic Christian faith is not a blind leap into the dark but rather personal trust in the God who reveals himself in the Bible Faith is putting our weight upon the faithfulness of God It is our response to the evidence of God's self evidence Through numerous biblical examples Earl Palmer shows the many ways that we can be assured that our faith is well placed and yet be open to honest inquiry and deep self questioning Anyone who has ever been paralyzed in their faith by the forces of internal doubt will benefit from prayerfully reading this book Each chapter includes Scripture readings and discussions questions for individual or group study Earl F Palmer is pastor of University Presbyterian Church in Seattle Washington He is the author of numerous books and commentaries on the New Testament including The 24 Hour Christian The Humor of Jesus and The Book that James Wrote The Antagada-dasão and Anuttarovavāiya-dasāo ,1907 The Certainty of Uncertainty Mark Schaefer, 2018-08-23 The world is full of people

who are very certain in politics in religion in all manner of things In addition political religious and social organizations are marketing certainty as a cure all to all life s problems But is such certainty possible Or even good The Certainty of Uncertainty explores the question of certainty by looking at the reasons human beings crave certainty and the religious responses we frequently fashion to help meet that need The book takes an in depth view of religion language our senses our science and our world to explore the inescapable uncertainties they reveal We find that the certainty we crave does not exist As we reflect on the unavoidable uncertainties in our world we come to understand that letting go of certainty is not only necessary it s beneficial For in embracing doubt and uncertainty we find a more meaningful and courageous religious faith a deeper encounter with mystery and a way to build strong relationships across religious and philosophical lines In The Certainty of Uncertainty we see that embracing our belief systems with humility and uncertainty can be transformative for ourselves and for our world

Faith and Doubt John Ortberg, 2008 Ortberg demonstrates how doubt is very much a part of faith and how uncertainty can lead to trust The beliefs that really matter he writes are the ones that guide our behavior

The Way to Faith David A. Pailin, 2016-01-28 Contemporary uncertainty about faith finds its roots in the nineteenth century The first chapter of this book indicates how philosophical ethical scientific literary historical and democratic developments during that century brought about a fundamental crisis for faith This crisis was reflected in Newman s attempts both as an Anglican and as a Roman Catholic to understand the nature of faith and of its certainty A survey of Newman's intellectual background and of his discussions of the problem of faith in unpublished as well as published writings up to 1870 is followed by a searching analysis of his definitive study of faith The Grammar of Assent This analysis shows that in spite of certain criticisms Newman provides a way of understanding the assent of faith that is of major importance today This study of Newman which is fully annotated is both a historical study and a contribution to the contemporary theological A PRESERVATIVE AGAINST POPERY, IN SEVERAL SELECT DISCOURSES UPON THE Principal debate about faith Heads of Controversy BETWEEN PROTESTANTS AND PAPISTS. ,1738 The Revolt of Unreason Michael Candelaria, 2012-01-01 This book examines solutions to the crisis of modernity proposed by the Spanish philosopher Miguel de Unamuno and the Mexican philosopher Antonio Caso Acceptance of the objective claims of modern scientific rationality and the consequent rejection of the objective validity of artistic moral and religious claims generates the crisis of modernity The problem is that of justifying artistic moral and religious claims Miguel de Unamuno in his classic work The Tragic Sense of Life addresses the conflict between the belief in personal immortality and modern scientific rationality Holding that there is no rational justification for the belief in immortality Unamuno finds a solution in a saving scepticism to act as if he deserved immortality In his book Existence as Economy as Art and Charity Caso attempts to create an aposteriori metaphysics based on the current results of science supplemented by the intuitions of art and morality In doing so Caso believes that he has enlarged the scope of the knowable to include objects of art morality and religion Unamuno by accepting

the strict line of demarcation between faith and reason has no other recourse but to turn to decisionism By turning to intuitionism Caso believes that he has blurred the line of demarcation Decisionism and intuitionism therefore are worthy of Vigilant Faith Daniel Boscaljon, 2013-10-10 In Vigilant Faith Passionate Agnosticism in a Secular further exploration World Daniel Boscaljon takes up the contemporary challenges to faith by skepticism and secularism He proposes a model of faith for believers and unbelievers alike a passionate agnosticism that is rooted in a skeptical consciousness Skepticism and faith are structurally similar he writes in that they share an unknowing quality The author argues that vigilance the act of keeping watch a spiritual practice in its own right is as necessary a precondition for the structure of faith as it is for the structure of skepticism A suspension in uncertainty and an openness to possibility require vigilance he attests if faith and skepticism are to avoid the often dogmatic tendencies of both theism and atheism to cling to their own brands of certainty and knowledge Boscaljon has three aims to expand the current post theistic definitions of God for greater relevance to human beings on an individual and existential level to integrate skepticism into faith so that it will restore the importance of faith to current theology and recover it from anti intellectual bias and to conceptualize the vigilance of faith in such a way that can provide a vocabulary for distinguishing good faith from bad faith He offers a variety of cultural examples ranging from film to poetry to represent a life of faith and to show how its components come together in practice As an alternative to the prevailing fundamentalisms in today s world his book proposes a paradigmatic understanding of faith in which theism atheism and agnosticism refuse to differ A Preservative Against Popery, in Several Select Discourses Upon the Principal After the Science Wars Keith Ashman, Phillip Heads of Controversy Getween Protestans and Papists Gibson, 1738 Barringer, 2005-09-01 The War in science is largely the discussion between those who believe that science is above criticism and those who do not After the Science Wars is a collection of essays by leading philosophers and scientists all attempting to bridge interdisciplinary gulfs in this discussion Pondering Things: About the Bible, Christianity, and Other Stuff. Daniel Mitchell, 2014-09-21 This is a book of essays pondering the meanings of the Bible Christianity and various related subjects These essays were written during the period from November 2003 through June 2009 and posted to forums and blogs on the Internet The essays were written because of a felt need to answer questions about the Christian message for myself and others Sometimes irreverent the essays cover a variety of topics but always with the intent to inform and entertain the reader without getting too involved with specific denominational viewpoints
