Let The Devil Take The Hindmost:

From Catastrophe to Chaos: A General Theory of Economic Discontinuities J. Barkley Rosser, 2000-06-30 From Catastrophe to Chaos A General Theory of Economic Discontinuities presents an unusual perspective on economics and economic analysis Current economic theory largely depends upon assuming that the world is fundamentally continuous However an increasing amount of economic research has been done using approaches that allow for discontinuities such as catastrophe theory chaos theory synergetics and fractal geometry The spread of such approaches across a variety of disciplines of thought has constituted a virtual intellectual revolution in recent years This book reviews the applications of these approaches in various subdisciplines of economics and draws upon past economic thinkers to develop an integrated view of economics as a whole from the perspective of inherent discontinuity *The Oxford Dictionary of Proverbs* Jennifer Speake, 2015 This unique and thoroughly revised collection contains over 1 100 of the most widely used proverbs in English drawing on the resources of the Oxford Languages team for the most up to date research Lively and compelling it is filled with favourites old and new with a strong emphasis on meanings of proverbs catalogued The Bertrams Anthony Trollope, 1859 *The Bertrams, Etc* Anthony Trollope, 1871 **Victorian Poetry: An Anthology** Erik Gray, Veronica Alfano, 2025-04-23 The first new anthology of its kind in twenty years Victorian Poetry provides generous selections of poetry both by well known Victorian poets Alfred Tennyson Robert Browning Christina Rossetti and by writers who have received less critical attention Constance Naden Toru Dutt Grace Aguilar Detailed annotations substantial biographies and an introduction outlining major literary and historical trends of the Victorian period ensure that the anthology will be useful both for specialists and for students encountering these poems for the first time A companion website features additional poetry selections of critical prose and four appendices that group together poems related by genre geography or subject The Bertrams Anthony Trollope, 2022-05-28 In *The Bertrams* Anthony Trollope explores the intricacies of ambition morality and social expectations during the Victorian era This novel tells the story of a young man surrounded by the lethargic respectability of his family juxtaposing his personal aspirations against the weight of societal norms Trollope's signature style marked by sharp wit and keen psychological insight invites readers to reflect on the moral dilemmas faced by his characters The novel stands out within the literary context of the time grappling with the conflicts between individual desires and familial obligations ultimately questioning the authenticity of social values in a rapidly changing world Anthony Trollope a prolific author and notable critic of Victorian society drew from his own experiences in examining the nuances of human relationships and ambition His background as a postal worker and his extensive travels in England and abroad informed his views on the various strata of society which he deftly interweaves in his narratives *The Bertrams* reflects Trollope's mastery in portraying character complexity and his preoccupation with the ethical challenges posed by social advancement This book is highly recommended for readers seeking a profound exploration of character and moral conflict
