Lete Rouge Chronique De La Revolte Popul:

L'été rouge Jean-Claude Caron,2002 *State-Making in an Age of Revolution, 1830-1880* Christos Aliprantis,Anna Ross,2025-07-02 How did states expand in the mid nineteenth century While scholars now associate the period after the 1848 revolutions with a striking increase in state activity few have demonstrated how new state building measures were put into practice From France to Hungary and Scandinavia to Spain *State Making in An Age of Revolution* shows how officials went about implementing reform With original contributions grounded in extensive archival research this volume casts light on the scale at which officials relied on elites professionals and technical experts both inside and outside of government and even from outside their own states to carry out their expanding work Together these findings help us to re think the reach and nature of growing states during these pivotal decades of change

The Second French Republic 1848-1852 Christopher Guyver,2016-06-09 This book follows the story of the Second French Republic from its idealistic beginnings in February 1848 to its formal replacement in December 1852 by the Second Empire Based on original archival research *The Second French Republic* gives a detailed account of the internal tensions that irrevocably weakened France s shortest republic During this short period French political life was buffeted by strong and often contrary forces universal manhood suffrage fear of socialism the President Louis Napoleon Bonaparte and the political ambitions of the military high command for the restoration of the monarchy

The Pride of Place Stephane Gerson,2018-08-06 Nineteenth century France grew fascinated with the local past Thousands of citizens embraced local archaeology penned historical vignettes and monographs staged historical pageants and created museums and pantheons of celebrities St phane Gerson s rich elegantly written and timely book provides the first cultural and political history of what contemporaries called the cult of local memories an unprecedented effort to resuscitate the past instill affection for one s locality and hence create a sense of place A wide range of archival and printed sources some of them untapped until now inform the author s engaging portrait of a little known realm of Parisian entrepreneurs and middling provincials of obscure historians and intellectual luminaries Arguing that the local and modernity were interlaced rather than inimical between the 1820s and 1890s Gerson explores the diverse uses of local memories in modern France from their theatricality and commercialization to their political and pedagogical applications *The Pride of Place* shows that contrary to our received ideas about French nationhood and centralism the local buttressed the nation while seducing Parisian and local officials The state cautiously supported the cult of local memories even as it sought to co opt them and grappled with their cultural and political implications The current enthusiasm for local memories Gerson thus finds is neither new nor a threat to Republican unity More broadly yet this book illuminates the predicament of countries that like France are now caught between supranational forces and a revival of local sentiments

The Letter in Flora Tristan's Politics, 1835-1844

Máire Fedelma Cross,2004-04-19 This innovative study analyzes Flora Tristan s correspondence with militant republicans socialists and democrats active in the July Monarchy It examines the role of the letter in fostering links at a time of a significant growth of literacy and search for citizenship by the disenfranchised Combining a gendered analysis of socialist movements with a textual analysis of letters it illustrates the vitality of political tensions in Tristan s communications and the sophistication of political networks on the eve of the 1848 revolution

The Saint-Napoleon Sudhir

Hazareesingh,2009-07-01 In 1852 President Louis Napoleon of France declared that August 15 Napoleon Bonaparte s birthday would be celebrated as France s national day Leading up to the creation of the Second Empire this was the first in a series of attempts to Bonapartize his regime and strengthen its popular legitimacy Across France public institutions sought to draw local citizens together to celebrate civic ideals of unity order and patriotism But the new sense of French togetherness was fraught with tensions Drawing on a wealth of archival evidence Sudhir Hazareesingh vividly reconstructs the symbolic richness and political complexity of the Saint Napoleon festivities in a work that opens up broader questions about the nature of the French state unity and lines of fracture in society changing boundaries between public and private spheres and the role of myth and memory in constructing nationhood The state s Bonapartist identity was at times vigorously contested by local social political and religious groups In various regions people used the national day to celebrate their own communities and to honor their hometown veterans but elsewhere the revival of republican sentiment clashed sharply with imperial attitudes Sophisticated and gracefully written this book offers rich insights into modern French history and culture

Rumor Mills Veronique Campion-Vincent,2017-07-05 The goal of this volume is to explore the social and political dynamics of rumor and the related concept of urban or contemporary legend These forms of communication often appear in tandem with social problems including riots racial or political violence and social and economic upheavals The volume emphasizes the connection of rumor to a set of social concerns from government corruption and corporate scandal to racial religious and other prejudices Central to the dialogue are issues of truth belief history public policy and evidence Rumor has been recognized as one of the most important contributing factors to violence and discrimination Yet despite its significance in exacerbating social discord and mistrust little systematic scholarly attention has been paid to the political origins and consequences of rumor Rumor is defined as a proposition for belief that is not backed by secure standards of evidence Rumor can be traditional or not and can be expressed as a simple claim of fact In both instances groups of claim makers operating out of their own interests and with a set of resources attempt to depict reality and if possible impact the future The need for this book is underscored by changing patterns of technology What in the past was grounded in face to face interaction is now

often found on the Internet which is a major source of rumor An appreciation of how new electronic forms of communication affect communal belief is essential for explicating rumor dynamics The volume is comprehensive Essays cover race and ethnicity migration and globalization corporate malfeasance and state and government corruption While editors and contributors well appreciate the dynamic nature of rumors and legends the high quality of the effort make it evident that the issues that are raised and reoccur will serve to channel and inspire research in this major field of communications research for years to come

Les feux de la discorde Jean-Claude Caron, 2006-06-14 Le recours au feu loin d'être une nouveauté s'ancre dans l'histoire La France d'avant 1914 est claire de flammes qui ne s'éteignent qu'épisodiquement le monde rural est familier des incendies de granges ou de fermes signes de conflits économiques et sociaux entre possédants et pauvres L'incendie est galement manifestation politique Paris en 1871 le feu signe la chute de la Commune La ville brûle et mettra des décennies à reconstruire les ruines Utilisées par les militaires lors des guerres qui rythment le XIX^e siècle l'incendie est une arme redoutable et redoutée la politique de la terre brûlée hante l'imaginaire des populations civiles Derrière l'incendie perce la figure de l'incendiaire un être malade un criminel un désespéré autant d'images qui angoissent les esprits du siècle et les criminologues Jean-Claude Caron met ici en lumière un mode de protestation radical une expression de la colère et du désespoir qui atteignit son paroxysme au XIX^e siècle mais ne s'est jamais éteinte depuis

The Insurgent Barricade Mark Traugott, 2010 A case study in how techniques of protest originate and evolve this book tells how the French perfected a repertoire of revolution over three centuries and how students exiles and itinerant workers helped it spread across Europe

The Making of a Fiscal-Military State in Post-Revolutionary France Jerome Greenfield, 2022-09 Explains how the French state and its fiscal system were transformed in the aftermath of the French Revolution of 1789

Revolutionary Republicanism Samuel Hayat, 2023-12-22 Revolutionary Republicanism provides a history of French republicanism seen through a seminal episode of its creation the 1848 revolution The process of reinventing republicanism in 1848 gave rise to two opposite understandings of republicanism a moderate one that merely adapted the institutions of representative government to popular sovereignty and a more radical social democratic notion of republicanism based on inclusive forms of representation and aiming at the emancipation of the proletariat These two notions of republicanism unfolded over the course of the few critical months between the revolution of February 1848 and the uprising of June 1848 which saw the victory of the moderate one Playing devil's advocate to the traditional republican history that casts 1848 as a mere step in the continuous history of French republicanism the book demonstrates that the events of the revolution amounted to a repression of all that the Republic had meant up until that point particularly the forms of participation and popular representation hitherto seen as constituting a republican regime The text also sets out to chart the history of the democratic and social Republic as the socialist and worker revolutionaries of 1848 called the radical republicanism they dreamed of founding and believed would fulfil the republican promise of emancipation This book will appeal to all those with an interest

Le commissaire de police au XIX^e siècle Dominique Kalifa, Pierre Karila-Cohen, 2008 On connaît bien le commissaire de police du XX^e siècle devenu une figure familière grâce à la fiction dans la littérature d'abord au cinéma et à la télévision ensuite On connaît beaucoup moins bien son devancier du XIX^e siècle mal vu par ses contemporains et négligé par les historiens Il ne correspond pourtant que peu à l'image du froid bureaucrate laquelle on l'a souvent réduit Si contrairement à l'inspecteur ou au limier de la Sûreté il n'a alors guère sollicité l'imaginaire ce fonctionnaire moderne a constitué à partir de la célèbre loi de février 1800 un rouage essentiel de la construction de l'État Au contact de citoyens de plus en plus nombreux il a été un agent décisif de l'acculturation la norme et l'autorité grignotant au jour le jour les transgressions ordinaires contribuant à la construction d'un ordre quotidien Homme de l'entre-deux entre pouvoir central et pouvoir local entre État et sociétés civiles sociales et petit peuple urbain politisation et professionnalisation il résume et accompagne bien des contradictions du siècle Cet

ouvrage collectif dirigé par Dominique Kalifa Paris 1 et Pierre Karila Cohen Rennes 2 est le premier livre entièrement consacré à ce personnage moins connu qu'il l'étudie en un long XIX^e siècle de la Révolution la Grande Guerre Aussi attentif aux origines sociales des commissaires qu'à leurs itinéraires leurs pratiques professionnelles ou leurs conditions de vie il offre aussi une ample sélection de documents pour partie inédits qui témoignent de l'activité quotidienne de ces policiers appelés à devenir une des figures majeures de notre contemporain

La France de 1799 à 1848 David Delpech, 2014-06-18 Dix ans après le début de la Révolution de 1789 et tandis que la France est devenue une République les Français restent en quête d'un régime stable capable de donner une réalité aux grands acquis révolutionnaires C'est ainsi que le pays renoue pendant près de cinq siècles avec des régimes de type monarchique avant que ne revienne la République en 1848 Pourquoi la France ne parvient-elle pas alors à concilier le droit dynastique avec l'héritage révolutionnaire Ce demi-siècle voit l'entrée de la France dans l'ère industrielle l'essor économique qui en résulte bouleverse les structures sociales creuse les inégalités et impose la nécessité de repenser la société De nouvelles revendications apparaissent En outre le renouvellement des techniques et des savoirs s'accompagne d'une évolution des sensibilités dont témoigne le succès du Romantisme Tout concourt à la remise en cause de l'ordre établi La chute de la Monarchie en 1848 le démontre la dynamique révolutionnaire était encore l'œuvre dans la France du premier XIX^e siècle
