Simon Robertson

Facts Values And Norms Essays Toward A Morality Of Consequence:

Facts, Values, and Norms Peter Albert Railton, 2003 We struggle daily with the notions of why we do what we do and of assigning values to our actions although it seems possible through experience to gain knowledge and understanding of such matters In contrast to the world of facts values and morality seem insecure easily influenced by illusion or ideology How can objectivity and accuracy be applied to values and morality Peter Railton's study reveals how a naturalistically informed view of the world might incorporate objective values and moral knowledge Facts, Values, and Norms Peter Railton, 2003-03-17 In our everyday lives we struggle with the notions of why we do what we do and the need to assign values to our actions Somehow it seems possible through experience and life to gain knowledge and understanding of such matters Yet once we start delving deeper into the concepts that underwrite these domains of thought and actions we face a philosophical disappointment In contrast to the world of facts values and morality seem insecure uncomfortably situated easily influenced by illusion or ideology How can we apply this same objectivity and accuracy to the spheres of value and morality In the essays included in this collection Peter Railton shows how a fairly sober naturalistically informed view of the world might nonetheless incorporate objective values and moral knowledge This book will be of interest to professionals and students working in philosophy and ethics The Oxford Handbook of Nietzsche Ken Gemes, John Richardson, 2013-09-05 The diversity of Nietzsche's books and the sheer range of his philosophical interests have posed daunting challenges to his interpreters This Oxford Handbook addresses this multiplicity by devoting each of its 32 essays to a focused topic picked out by the book's systematic plan The aim is to treat each topic at the best current level of philosophical scholarship on Nietzsche The first group of papers treat selected biographical issues his family relations his relations to women and his ill health and eventual insanity In Part 2 the papers treat Nietzsche in historical context his relations back to other philosophers the Greeks Kant and Schopenhauer and to the cultural movement of Romanticism as well as his own later influence in an unlikely place on analytic philosophy The papers in Part 3 treat a variety of Nietzsche's works from early to late and in styles ranging from the aphoristic *The Gay Science* and *Beyond Good and Evil* through the poetic mythic *Thus Spoke Zarathustra* to the florid autobiography *Ecce Homo* This focus on individual works their internal unity and the way issues are handled within them is an important complement to the final three groups of papers which divide up Nietzsche's philosophical thought topically The papers in Part 4 treat issues in Nietzsche's value theory ranging from his metaethical views as to what values are to his own values of freedom and the overman to his insistence on order of rank and his social political views The fifth group of papers treat Nietzsche's epistemology and metaphysics including such well known ideas as his perspectivism his *INSERT* Included in Starkmann 40% promotion September October 2014 being and his thought of eternal recurrence Finally Part 6 treats another famous idea the will to power as well as two linked ideas that he uses will to power to explain the drives and life This Handbook will be a key resource for all scholars and advanced students who work on Nietzsche The Oxford Handbook of

The History of Analytic Philosophy Michael Beaney, 2013-06-20 The main stream of academic philosophy in Anglophone countries and increasingly worldwide is identified by the name analytic The study of its history from the 19th century to the late 20th has boomed in recent years These specially commissioned essays by forty leading scholars constitute the most comprehensive book on the subject

The Bloomsbury Companion to Analytic Philosophy Barry Dainton, Howard Robinson, 2015-10-22 Featuring chapters on the latest developments in fifteen core subjects in analytic philosophy The Bloomsbury Companion to Analytic Philosophy is an essential guide for all those working in the field today Introducing its history and looking ahead to new research directions this companion brings together a team of internationally renowned philosophers to explore the major concepts thinkers and areas of inquiry in the analytic tradition With an extensive glossary an annotated bibliography a timeline of major events and publications and a guide to further resources this comprehensive companion is ideal for use on courses Broken down into three parts it covers The history of analytic philosophy from Frege Moore and Russell to Wittgenstein the Vienna Circle and beyond the more recent work of four influential American philosophers Quine Davidson Putnam and Kripke Current analytic philosophy in action in subjects such as philosophy of mind and language moral and political philosophy metaphysics epistemology and the philosophy of science mathematics perception free will and personal identity Recent trends and developments such as the rise of specialisation and science self consciousness and analytic metaphysics Broaching the controversial question of what analytical philosophy is explaining how it differs from Continental Philosophy and exploring the extent to which it is in a state of crisis The Bloomsbury Companion to Analytic Philosophy presents an authoritative introduction to the origins and future of Anglo America s dominant philosophical tradition Now available in paperback this edition includes updated references and a chapter on Ethics and the problem of overdemandingness

The Quality of Life Richard Kraut, 2018-08-23 The Quality of Life Aristotle Revised presents a philosophical theory about the constituents of human well being The principal idea is that what Aristotle calls external goods wealth reputation power have at most an indirect bearing on the quality of our lives Starting with Aristotle s thoughts about this topic Kraut increasingly modifies and occasionally rejects that stance He argues that the way in which we experience the world is what well being consists in A good internal life comprises in part pleasure but far more valuable is the quality of our emotional intellectual social and perceptual experiences These offer the potential for a richer and deeper quality of life than that which is available to many other animals A good human life is immeasurably better than that of a simple creature that feels only the pleasures of nourishment even if it felt pleasure for millions of years human life would be superior In opposition to contemporary discussions of well being which often appeal to a thought experiment devised by Robert Nozick Kraut concludes that the quality of our lives consists entirely in the quality of our experiences While others hold that we must live in the real world to live well and that one s interior life has little or no value on its own Kraut s interpretation of this thought experiment supports the opposite conclusion

International Bibliography Of Sociology

2003/Bibliographie Internationale Des Sciences Sociales Compiled by the British Library of Political and Economic Science, Jean Sykes, 2004-12 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world's most expert librarians and academics breadth today the IBSS covers over 2000 journals more than any other comparable resource The latest monograph publications are also included international Coverage the IBSS reviews scholarship published in over 30 languages including publications from Eastern Europe and the developing world User friendly organization all non English titles are word sections Extensive author subject and place name indexes are provided in both English and French

Contemporary Debates in Epistemology Blake Roeber, Ernest Sosa, Matthias Steup, John Turri, 2024-04-02 The perfect introduction to contemporary epistemology completely overhauled for its third edition In Contemporary Debates in Epistemology pairs of specially commissioned essays defend opposing views on some of today's most compelling epistemological issues and problems Offering a unique blend of accessibility and originality this timely volume brings together fresh debates on hotly contested issues to provide readers with the opportunity to engage in comparative analysis of constantly changing and developing epistemological concepts Now in its third edition Contemporary Debates in Epistemology features up to date coverage of the latest developments in the field Entirely new essays examine questions of epistemic normativity and knowledge the relationship between belief and credence the possibility of internalist epistemology epistemic instrumentalism norms of assertion the use of thought experiments in epistemology and more Presents a rigorous yet accessible introduction to the major topics in contemporary epistemology Contains head to head chapters offering forceful advocacy of opposing philosophical stances Focuses on core areas of epistemology Uses a lively debate format that sharply defines the issues and encourages further discussion All new chapters provide fully updated coverage of new and emerging topics in epistemology Part of the Wiley Blackwell Contemporary Debates in Philosophy series Contemporary Debates in Epistemology Third Edition remains an essential resource for advanced undergraduate philosophy majors graduate students in philosophy and epistemologists who want to keep current with contemporary epistemological debates Re-Thinking the Cogito Christopher Norris, 2010-08-12 Re Thinking the Cogito seeks to combine a strongly naturalistic with a distinctively rationalist perspective on some nowadays much discussed issues in philosophy of mind Against the common view that they involve downright incompatible conceptions of mind knowledge and ethics it seeks to unite a naturalism that draws on recent advances in neurophysiology and cognitive science with an outlook that gives full weight to those normative values at the heart of rationalist thought True to the book's constructive spirit Norris offers various detailed proposals for bringing the two approaches into a mutually enhancing though also mutually provocative relationship He finds that claim strikingly prefigured

in Spinoza's working out of a non reductive yet metaphysically uncompromising mind body monism Moreover he suggests how a thoroughly naturalised approach might yet become a locus of productive engagement with the work of an ultra rationalist thinker such as Alain Badiou Thus Norris puts the case that physically embodied human thought has cognitive intellectual and creative powers that cannot and need not be accounted for in terms of conscious let alone self conscious reflection

Conceptual Engineering and Conceptual Ethics Alexis Burgess, Herman Cappelen, David Plunkett, 2020 Conceptual engineering is a newly flourishing branch of philosophy which investigates problems with our concepts and considers how they might be ameliorated truth for instance is susceptible to paradox and it's not clear what race stands for This is the first collective exploration of possibilities and problems of conceptual engineering Epistemology Futures Stephen Hetherington, 2006-03-16 How might epistemology build upon its past and present so as to be better in the future Epistemology Futures takes bold steps towards answering that question What methods will best serve epistemology Which phenomena and concepts deserve more attention from it Are there approaches and assumptions that have impeded its progress until now This volume contains provocative essays by prominent epistemologists presenting many new ideas for possible improvements in how to do epistemology Doubt is cast upon the powers of conceptual analysis and of epistemological intuition Surprising aspects of knowledge are noticed What is it What is it not Scepticism's limits are traced What threatens us as potential knowers What does not The nature and special significance of inquiry of normative virtues of understanding and of disagreement are elucidated all with an eye on sharpening epistemology's future focus There is definite insight and potential foresight How might real epistemological progress occur in the future Epistemology Futures offers some intriguing clues

Ethics and the Quest for Wisdom Robert Kane, 2010-08-12 Modernity has challenged the ancient ideal of a universal quest for wisdom and today's world of conflicting cultures and values has raised further doubts regarding the possibility of objective ethical standards Robert Kane refocuses the debate on the philosophical quest for wisdom and argues that ethical principles about right action and the good life can be seen to emerge from that very quest itself This book contends that the search for wisdom involves a persistent striving to overcome narrowness of vision that comes from the inevitable limitations of finite points of view When applied to questions of value and the good life this striving has ethical implications about the way we should treat ourselves and others This study argues for the merits of this central thesis against alternative theories in contemporary normative ethics and discusses its practical applications for social ethics political philosophy law and moral education

Verses Against the Darkness Greg Dawes, 2006 Verses Against the Darkness offers a new assessment of Pablo Neruda's poetry by looking at the intersection of his aesthetic method and political radicalism from 1925 to 1954 It challenges the canonical view that Neruda was a gifted verse maker who in 1936 let himself be carried away by the excesses of communist politics Instead by focusing primarily on Tercera residencia 1935-1945 Greg Dawes argues for an uneven yet steady evolution and continuity in Neruda's work politics and morality Dawes relies on

historical accounts biographies literary history and criticism and on Neruda's political and aesthetic theory to prove that his poetry became contrary to received critical opinion more sophisticated literarily and politically as he became more radicalized during the Spanish Civil War and World War II and as he developed his dialectical realism or guided spontaneity

Greg Dawes is Associate Professor of Latin American and World Literatures at North Carolina State University and is the editor of the on line journal *A contracorriente*

In Praise of Desire Nomy Arpaly, Timothy Schroeder, 2014

Joining the ancient debate over the roles of reason and appetite in the moral mind *In Praise of Desire* takes the side of appetite The book makes the claim that acting for moral reasons acting in a praiseworthy manner and acting out of virtue amount to nothing more than acting out of intrinsic desires for the right or the good correctly conceived *In Praise of Desire* shows that a desire centered moral psychology can be richer than philosophers commonly think accommodating the full complexity of moral life

Empirical Research and Normative Theory Alexander Max Bauer, Malte Meyerhuber, 2020-04-20

Two questions often shape our view of the world On the one hand we ask what there is on the other hand we ask what there ought to be Empirical research and normative theory the methodological traditions concerned with these questions entered a difficult relationship from at least as early as around the time of the advent of modern sciences To this day there remains a strong separation between the two domains with both tending to neglect discourses and results from the other Contrary to a verdict of strict segregation between is and ought there are nowadays various attempts to integrate both theoretical approaches This calls for a discourse on the relation between empirical research and normative theory In this volume scholars from different disciplines including psychology sociology economics and philosophy discuss the possible desired or undesired influences on and limits of the integration of these two approaches

Cognitive Warfare Adam Henschke, 2024-08-13

This book explores the conceptual historical and ethical issues of information conflict to present a detailed analysis of cognitive warfare Is it possible for liberal democracies to deliberately use information on civilian populations to impact political and social institutions While information conflict has been a part of political conflict warfare and international relations for as long as there has been political competition given that our modern political and social lives are saturated by information we are now faced with a pressing set of reasons to understand cognitive warfare and to place it in a wider historical and technological context This book identifies a series of conceptual and ethical challenges facing liberal democracies around modern information conflict Drawing from historical practices it suggests that two values human dignity and political autonomy can explain why some acts of cognitive warfare might be judged to be good while other acts are judged to be bad This book will be of much interest to students and researchers of intelligence studies ethics security studies and International Relations

Chapters 7 and 9 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution CC BY 4.0 license

The Oxford Handbook of Moral Realism Paul Bloomfield, David Copp, 2023

Morality seems to play a special role in human life distinct from conventional norms like those of etiquette or

simple preferences based on subjective tastes There are various theories of the foundations of morality some of which treat morality as subjective in an important way Moral realism is however a family of theories that take morality to have an objective factual basis such that morality is not up to us and is not under our control The contributions in this Oxford Handbook explore the central ideas and themes constituting moral realism and defend particular views about it

Spheres of Reason Simon Robertson,2009-10-01 Spheres of Reason comprises nine original essays on the philosophy of normativity written by a combination of internationally renowned and up and coming philosophers working at the forefront of the topic On one broad construal the normative sphere concerns norms requirements oughts reasons reasoning rationality justification value These notions play a central role in both everyday thought and philosophical enquiry but there remains considerable disagreement about how to understand normativity its nature metaphysical and epistemological bases and how different aspects of normative thought connect to one another As well as exploring traditional and ongoing issues central to our understanding of normativity especially those concerning reasons reasoning and rationality the volume s essays develop new approaches to and perspectives in the field Notably they make a timely and distinctive contribution to normativity as it features across each of the practical epistemic and affective regions of thought including the important issue of how normativity as it applies to action belief and feeling may or may not be connected In doing so the essays engage topics within the philosophy of mind and action epistemology normative ethics and metaethics With an editor s introduction providing a comprehensive and accessible background to the subject Spheres of Reason is essential reading to anyone interested in the nature of normativity and the bearing it has on human thought

Worth and Welfare in the Controversy over Abortion C. Coope,2006-05-31 This book addresses the controversy over abortion Covering interesting topics including the claim that certain items paintings people have intrinsic value and should not be destroyed the thought that young human beings do not have a good of their own and the question whether the objection to murder turns on the violation of right to life

Confucianism and the Philosophy of Well-Being Richard Kim,2020-01-21 Well being is topic of perennial concern It has been of significant interest to scholars across disciplines culture and time But like morality conceptions of well being are deeply shaped and influenced by one s particular social and cultural context We ought to pursue therefore a cross cultural understanding of well being and moral psychology by taking seriously reflections from a variety of moral traditions This book develops a Confucian account of well being considering contemporary accounts of ethics and virtue in light of early Confucian thought and philosophy Its distinctive approach lies in the integration of Confucian moral philosophy contemporary empirical psychology and contemporary philosophical accounts of well being Richard Kim organizes the book around four main areas the conception of virtues in early Confucianism and the way that they advance both individual and communal well being the role of Confucian ritual practices in familial and communal ties the developmental structure of human life and its culmination in the achievement of sagehood and the sense of joy that the early Confucians believed was

central to the virtuous and happy life

As recognized, adventure as with ease as experience not quite lesson, amusement, as with ease as union can be gotten by just checking out a book **Facts Values And Norms Essays Toward A Morality Of Consequence** moreover it is not directly done, you could consent even more all but this life, in this area the world.

We pay for you this proper as skillfully as easy showing off to get those all. Facts Values And Norms Essays Toward A Morality Of Consequence Introduction

In today's digital age, the availability of Facts Values And Norms Essays Toward A Morality Of Consequence books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Facts Values And Norms Essays Toward A Morality Of Consequence books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Facts Values And Norms Essays Toward A Morality Of Consequence books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Facts Values And Norms Essays Toward A Morality Of Consequence versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Facts Values And Norms Essays Toward A Morality Of Consequence books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Facts Values And Norms Essays Toward A Morality Of Consequence books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Facts Values And Norms Essays Toward A Morality Of Consequence books and manuals is Open Library.

Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Facts Values And Norms Essays Toward A Morality Of Consequence books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Facts Values And Norms Essays Toward A Morality Of Consequence books and manuals for download and embark on your journey of knowledge?

FAQs About Facts Values And Norms Essays Toward A Morality Of Consequence Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Facts Values And Norms Essays Toward A Morality Of Consequence is one of the best book in our library for free trial. We provide copy of Facts Values And Norms Essays Toward A Morality Of Consequence in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Facts Values And Norms Essays Toward A Morality Of Consequence. Where to download Facts
