Mirroring the social and political upheaval following the fall of Nazism Koeppen offers the story of four members of a German family reunited by chance in the decaying beauty of postwar Rome **The Trials of Laura Fair** Carole Haber,2013-08-01

On November 3 1870 on a San Francisco ferry Laura Fair shot a bullet into the heart of her married lover A P Crittenden Throughout her two murder trials Fair s lawyers supported by expert testimony from physicians claimed that the shooting was the result of temporary insanity caused by a severely painful menstrual cycle The first jury disregarded such testimony choosing instead to focus on Fair s disreputable character In the second trial however an effective defense built on contemporary medical beliefs and gendered stereotypes led to a verdict that shocked Americans across the country In this rousing history Carole Haber probes changing ideas about morality and immorality masculinity and femininity love and marriage health and disease and mental illness to show that all these concepts were reinvented in the Victorian West Haber s book examines the era s most controversial issues including suffrage the gendered courts women s physiology and free love This notorious story enriches our understanding of Victorian society opening the door to a discussion about the ways in which reputation especially female reputation is shaped *Fair Practices in Automotive Products Act* United States.
