Faith And Revolution In Nicaragua Convergence And Contradictions:

Faith and Revolution in Nicaragua Giulio Girardi, 1989 Contradiction and Conflict Debra Sabia, 2014-02-28 Sabia examines the complex interaction of religious belief and political inspiration among internal divisions of Nicaragua's popular church *Nicaragua* Thomas W. Walker, 2018-05-04 *Nicaragua Emerging from the Shadow of the Eagle* details the country's unique history culture economics politics and foreign relations Its historical coverage considers Nicaragua from pre-Columbian and colonial times as well as during the nationalist liberal era the U S Marine occupation the Somoza dictatorship the Sandinista revolution and government the conservative restoration after 1990 and consolidation of the FSLN's power since the return of Daniel Ortega to the presidency in 2006 The thoroughly revised and updated sixth edition features new material covering political economic and social developments since 2011 This includes expanded discussions on economic diversification women and gender and social programs Students of Latin American politics and history will learn the how the interventions by the United States the eagle to the north have shaped Nicaraguan political economic and cultural life but also the extent to which Nicaragua is increasingly emerging from the eagle's shadow Gustavo Gutierrez Robert McAfee Brown, 2013-03-01 Here is a definitive introduction to liberation theology through the life and work of its most significant proponent Gustavo Gutierrez Robert McAfee Brown draws extensively on Gutierrez's own writings some never published in English and on personal conversations with him Brown clearly and compellingly presents the basics of liberation theology and the differences between North American and Latin American theologies The form of Gustavo Gutierrez is that of a drama Brown's initial program notes introduce and situate the author the actors the critics He sets the stage with a history of church and state in Latin America and introduces its definitive figures themes and milestones A collective biography of Gutierrez's spiritual predecessors is followed by a biography of Gutierrez himself which takes critical account of his works Then we are ready dramatically and theologically to move to the first act that of commitment to the poor The second act in two scenes explores first liberation theology's method of critical reflection on praxis and also its content nothing less than the Word of God Brown delves next into the controversies and criticisms Gutierrez faces especially the challenges from authorities in Rome Finally in act three readers discover that in this particular drama they too are on stage and must take part by reflecting on what this drama really means for them **Religion and Politics in the Developing World** Rolin Mainuddin, 2018-01-12 This title was first published in 2002 What is the relationship between religion and politics How are they associated in the developing world When does the interface between them result in violence This volume attempts to answer these questions In particular the objective is to understand the circumstances that lead to explosive interactions between religion and politics in the developing world However this focus does not imply a perpetual tension between the religious and political spheres Rather it explores those historical moments when the relationship does break down and often ends in violent conflicts The contributors have expertise in fields such as anthropology history and political science *Latin*

American Theology Bingemer, Maria Clara ,2016-06-08 *A Common Journey* George C. L. Cummings,2010-01-01 A Common Journey provides the first comprehensive critical comparison of two of theology s most influential movements Black theology in the United States BTUSA and Latin American liberation theology LALT The near simultaneous emergence and growth of these two movements is only the most obvious of the similarities between them More importantly both have fostered a new theology from the perspective of the disenfranchised the powerless and the oppressed **Encyclopedia of Conflicts Since World War II** James Ciment,2015-03-27 Thoroughly revised to include 25 conflicts not covered in the previous edition as well as expanded and updated information on previous coverage this illustrated reference presents descriptions and analyses of more than 170 significant post World War II conflicts around the globe Organized by region for ease of access Encyclopedia of Conflicts Since World War II Second Edition provides clear in depth explanations of events not covered in such detail in any other reference source Including more than 180 detailed maps and 150 photos the set highlights the conflicts that dominate today s headlines and the events that changed the course of late twentieth century history The Nicaraguan Church and the Revolution Joseph Mulligan,1991 *Convictions of the Soul* Sharon Erickson Nepstad,2004-07-22 Culture agency and religion in social movements The origins of Central America s civil wars Leadership and the formation of solidarity Biography and recruitment receptivity Martyr stories Making politics personal Rituals and emotional rejuvenation Agency and transnational movements *Icons of Dissent* Jeremy Prestholdt,2019-07-01 The global icon is an omnipresent but poorly understood element of mass culture This book asks why audiences around the world have embraced particular iconic figures how perceptions of these figures have changed and what this tells us about transnational relations since the Cold War era Prestholdt addresses these questions by examining one type of icon the anti establishment figure As symbols that represent sentiments ideals or something else recognizable to a wide audience icons of dissent have been integrated into diverse political and consumer cultures and global audiences have reinterpreted them over time To illustrate these points the book examines four of the most evocative and controversial figures of the past fifty years Che Guevara Bob Marley Tupac Shakur and Osama bin Laden Each has embodied a convergence of dissent cultural politics and consumerism yet popular perceptions of each reveal the dissonance between shared global references and locally contingent interpretations By examining four very different figures Icons of Dissent offers new insights into global symbolic idioms the mutability of common references and the commodification of political sentiment in the contemporary world **Liberation Theology and Its Critics** Arthur F. McGovern,2009-08-01 From its beginnings liberation theology has provoked a wide and diverse range of responses from a multitude of critics theological methodological political ecclesiastical Liberation Theology and Its Critics is a comprehensive and systematic explication of these diverse criticisms as well as a reasoned and rigorous defense of liberation theology McGovern states his aim thus to understand better the world of Latin America and the culture and conditions which prompt a liberation theology while at the same time giving expression to some of the misgivings that

many US Americans experience when reading about liberation theology Liberation Theology and Its Critics begins by discussing the place of theology itself in liberation theology The book offers an historical overview shows us what liberation theologians see as most distinctive in their work addresses the biblical interpretations and major areas of theology stressed by liberation theologians and discusses other theologians critiques Next McGovern explicates the use of social and political analysis in liberation theology which has been one of the areas of particular controversy He focuses on such issues as dependency theory Marxism class struggle socialism and the Nicaraguan revolution addressing throughout the concerns raised by a range of critics from the Vatican to Michael Novak Finally McGovern explores the role of the church and how liberation theology is lived out in practice He examines base communities ecclesiology current political trends in Latin America the varying status of liberation theology as well as its most recent developments McGovern demonstrates that liberation theology encompasses a wide spectrum of theologians with different styles and emphases It requires careful study non polemical debate and an honest effort to present the views of both liberation theologians and their critics fairly McGovern s book will be the benchmark against which subsequent work is measured **Latin American Liberation**

Theology David Tombs,2021-11-08 David Tombs offers an accessible introduction to the theological challenges raised by Latin American Liberation and a new contribution to how these challenges might be understood as a chronological sequence Liberation theology emerged in the 1960s in Latin America and thrived until it reached a crisis in the 1990s This work traces the distinct developments in thought through the decades thus presenting a contextual theology The book is divided into five main sections the historical role of the church from Columbus s arrival in 1492 until the Cuban revolution of 1959 the reform and renewal decade of the 1960s the transitional decade of the 1970s the revision and redirection of liberation theology in the 1980s and a crisis of relevance in the 1990s This book offers insights into liberation theology s profound contributions for any socially engaged theology of the future and is crucial to understanding liberation theology and its legacies This publication has also been published in paperback please click here for details *Spirituality beyond Borders* Kathleen McCallie,2024-06-18 How do international encounters in Nicaragua connect spiritual formation and liberation theology to transform communities Seekers of justice from around the world found inspiration in the Nicaraguan revolution and struggle for freedom After recognizing the patronizing neocolonial structure of missionary models of aid pastor Leslie Penrose founded a nonprofit organization JustHope with core values of solidarity mutuality collaboration and sustainability in partnership Hundreds of participants have joined this quest to enact the compassionate and just ethics of the Hebrew prophets and the liberating power of Jesus Inspiring stories of Nicaraguan led creativity exploring a new future with volunteers from the U S are told by pastoral theologian and ethicist Kathleen McCallie Framed as an interdisciplinary case study of seminary students traveling for solidarity to explore social justice with JustHope the book offers glimpses of one group s journey Readers explore possibilities for an international partnership between U S volunteers and Nicaraguan

community organizers The Nicaraguan base community model offers critiques of and alternatives to the church in the U S and neoliberal development McCallie contributes to academic and activist discourses about dismantling abusive theology racism sexism and U S hegemony Political Grace Wes Rehberg, Wes Rehberg Ph D, 2012-03-05 Philosophy and theology have increasingly turned to the problem of the rising numbers of people who live in severe conditions of oppression people who are surplus to global economic and political orders which the oppressed define as neoliberal and neocolonial This work Political Grace The Gift of Resistance is part of that turning through conversations with those who were and still are living under oppressive conditions especially in Central America and Mexico and through conversations with phenomenology feminist theology feminist jurisprudence ethics and liberation theology There is an assertion that grace and the organization of the lifeworld which phenomenologists discuss act in concert to seek to empower the flourishing of humans to understand and resist the abasing conditions they confront What frequently occurs when people living under oppressive conditions try to change their circumstances is a backlash by those who control their political social and economic conditions In response the spirit of grace as part of the human effort to flourish aids in the resistance against the denial of this flourishing Wes Rehberg

Reason, Revelation, and Human Affairs James V. Schall, 2001-01-01 This book is intended to serve as an introduction to the thought of James V Schall arguably one of the best perhaps even the only authentically Thomistic political scientist writing today In contrast to main currents in contemporary Thomism Schall remains conversant with the great tradition of political philosophy and therefore appreciates the complex and relatively imprecise nature of political reflection In this book the distinguished theorist addresses a wide range of subjects including the question of overpopulation the thought of Charles McCoy and Leo Strauss the role of Christianity in political philosophy and the challenges that the democratic project pose to human beings perception of the truth As a meditation on practical and theoretical political questions self consciously proceeding from the perspectives of both nature and grace the book provides a unique picture of what a genuine Thomistic political science might look like

Domestic and Regional Uncertainties in the New Turkey Alessio Chiriatti, Ozgur Tufekci, 2017-06-20 Turkey has faced in the last two decades a number of critical events like wars conflicts and frictions in the Balkans the Caucasus and the Middle East that have represented a huge challenge for its foreign policy and civil and economic interventions Turkish multi directionality and multidimensionality have been tested by these occurrences demonstrating that what some scholars and experts had defined as a model contained failures as well as success This book examines these dynamics through case studies of the humanitarian cultural economic and political dimensions of Turkey s role in a diffuse neighbourhood in which the country has tried to exert its power in recent decades Starting from the questions that the Cold War and the arrival of the AKP in government have opened for Ankara the volume illustrates two of the most important sides of the Turkish strategic repositioning in the international system The first part is focused on the main humanitarian and political struggles in contemporary Turkish society while the second explores the main fault lines in

Turkey's regional policy and the development of the country's foreign policy. As such, the book represents a valuable resource for both graduate and undergraduate students, academics, and researchers in the areas of Turkish studies, foreign policy, regional politics, Middle Eastern studies, security, political economy, and European studies, as well as for the general public.

Sociology of Religion Susanne C. Monahan, William Andrew Mirola, Michael O. Emerson, 2001. This collection of articles explores the relationship between the structure and culture of religion and various aspects of social life in the United States. Based on both classic and contemporary research in the sociology of religion, it highlights a variety of research methods and theoretical approaches in exploring the ways in which religious values, beliefs, and practices shape the world outside of church, synagogue, or mosque walls while simultaneously being shaped by the non-religious forces operating in that world. Many readings are drawn from popular sources, e.g., newspapers and magazines, and although many of the readings are about religion in the Christian tradition, there are also readings about religion outside the American context, e.g., Poland, England, El Salvador, Nicaragua, and beyond the Christian tradition, e.g., Judaism, alternative religions, Hindu traditions. Classic Sociological Definitions Of Religion, Belief And Ritual, Religious Experience, Race, Ethnicity And Religion, Gender And Religion, Social Class And Religion, Sexual Identity And Religion, The Secularization Debate, Religious Organizations, Institutions And Authority, Alternative Religions, Media And Religion, Politics And Religion, Science And Religion, Social Movements And Religion. For anyone interested in the sociology of religion or religious perspectives on social issues.
