The Faithful Tribe Ruth Dudley Edwards,1999 **Bulletin** ,1901 **The Catholic Scripturist, ... A New Edition** James Mumford,1863 **The Orange Order** Eric P. Kaufmann,2009-04-17 Based on unprecedented access to the Order's internal documents this book provides the first systematic social history of the Orange Order the Protestant association dedicated to maintaining the British connection in Northern Ireland Kaufmann charts the Order's path from the peak of its influence in the early 1960s to its present day crisis Along the way he sketches a portrait of many of Orangeism's leading figures from ex Prime Minister John Andrews to Ulster Unionist Party politicians like Martin Smyth James Molyneux and David McNarry and also includes the highly revealing correspondence with adversaries such as Ian Paisley and David Trimble Packed with analyses of mass membership trends and attitudes the book also takes care to tell the story of the Order from below as well as from above In the process it argues that the traditional Unionism of West Ulster is giving way to the more militant Unionism of Antrim and Belfast which is winning the hearts of the younger generation in cities and towns throughout the province **History and Memory in Modern Ireland** Ian McBride,2001-11-08 Discussing the relationship between the past and the present in Irish society this 2001 title outlines the ways in which Irish identities have been shaped by oral tradition icons and images rituals and re enactments It examines pivotal moments in Irish history such as the 1798 rebellion the Famine the Great War and the Northern Ireland troubles investigating the ways in which they have been recalled commemorated and mythologised Beginning with the conviction that commemoration has its own history the essays address questions concerning the workings of communal memory How have particular political and social groups interpreted appropriated and distorted the past for their own purposes How are collective memories transmitted from one generation to the next Why does collective amnesia work in some situations and not in others What is the relationship between academic history and popular memory *Luke's People* Thomas J. F. Stanford,2014-05-27 *Luke's People* seeks to understand the men and women who met Jesus and the apostles as they are described in the Gospel of Luke and in the Acts of the Apostles in the way that Luke who wrote these works intended This socio historical literary study seeks to interpret Luke's writings in the light of the time when they were written on the basis that Luke was a skilled writer who wrote what he meant and meant what he wrote It argues that Luke's depiction of women has been grossly misunderstood and finds that this misunderstanding may be due to a widespread attempt around the end of the first century to impose a patriarchal system of governance upon the church *Luke's People* shows that Luke did not share such a patriarchal viewpoint but instead always presents Christian women as autonomous and agentic It also finds that this patriarchal interpretation both distorts Luke's presentation of the rich and powerful who are shown to receive their authority from the devil and obscures the way in which the love of money corrupts men in his story Ferragus ,2020-09-28 **Rituals of Islamic Monarchy** Andrew Marsham,2009-05-31 This fascinating history explores the ceremony of the oath of allegiance to the caliph from the time of

the Prophet Muhammad until the fragmentation of the caliphate in the late ninth and tenth centuries The study of royal rituals of accession and succession in Christian Rome Byzantium and the early Medieval West has generated an extensive literature This has however remained unexplored in scholarship on the Islamic world This book redresses that by examining the ceremonial of accession to the caliphate in early Islam covering the following aspects of the subject The place of ritual in political practice Changes and continuities in that practice The problem of how best to understand accounts of ritual It also offers a contribution to major current debates in Islamic history the development of Arab Muslim identity and the formation of the Islamic state It presents an accessible discussion of royal ritual in early Islam which situates developments in the Islamic world in a late antique and early medieval context adding an important comparative context to the book Calcutta Review ,1897 *British India, Its Races and Its History Considered with Reference to the Mutinies of 1857* John Malcolm Forbes Ludlow,1858 British India its races, and its history, considered with reference to the mutinies of 1857, lects John Malcolm F. Ludlow,1858 *Who or What Is It All About?: A Worshipping Musician's Guide to Theology* Lawrence Cooke,2012-11-04 This book is a comprehensive and detailed overview of the main aspects of the Christian faith and lifestyle treated in a style which is simple to understand without being simplistic In more than 95 essays Lawrence ranges across the breadth and depth of Christian theology Using the questions Who Is It or What Is It the author proceeds to analyse across a spectrum of topics Included amongst the 95 essays are answers to the following questions Who is God Who is Jesus Christ Who is The Trinity Who is The Messiah Who is a Human Being Who is a Male Who is Satan Who is The Son of Man Who is God the Father Who is the Word Who is a Female Who is the Antichrist What is Revelation What is Creation What is the Truth What is The Law What is Praise What is Glory What is Prophecy What is Healthy Living What is Love What is Holiness What is the Tongue What is Fear *The Gospel magazine, and theological review.
