The Japan Magazine, 1915 *Blowout* Xingu Fawcett, 2018-01-05 The discovery of tens of billions of barrels of oil in fields far off the coast of Rio de Janeiro was billed as one of the biggest finds of this century when it was announced in 2006. Many hoped it would deliver a bonanza for education and health and make Brazil one of the world's major economies. What happened? On February 14, 2014, at 5:30 AM, during the final phases of drilling the exploratory well at Foz do Amazonas Mouth of Amazon River, Poseidon, a 400-million-oil-rig, suffered a catastrophic blowout: a geyser of seawater erupted from the marine riser onto the rig, shooting 480 ft into the air. This was soon followed by the eruption of a slushy combination of drilling mud, methane gas, and water. All 110 workers were presumed killed in the initial explosion. After approximately 5 hours, Poseidon sank. Was it a sabotage? Or an accident? What began as an investigation into the causes of the destruction of Poseidon quickly turned into something much greater: bribery, kickbacks, and money laundering involving staggering sums of money, uncovering a vast and intricate web of political

and corporate racketeering The case would go on to discover illegal payments of more than 20bn to company executives and political parties put billionaires in jail drag a president into court and cause irreparable damage to the finances and reputations of some of the worlds biggest companies It would also expose a culture of systemic graft in Brazilian politics and provoke a backlash from the establishment fierce enough to impeach one president and convict another for organized crime At the center of the bribery kickbacks and money laundering criminal is a cartel operated by two passionate uninhibited Brazilian women a Wall Street High Frequency Trader an Environment Protection Agency Administrator and a reckless thrill seeker young American offshore oil rig engineer in a torrid love triangle Action filled romance intrigue and betrayal of two women by a thrill seeking man Sex does not happen in a tranquil world Love sex money and betrayal make for excellent storytelling Who won On September 6 Its 5 AM in Rio de Janeiro A salmon pink dawn draped the horizon and the police helicopter hovered under patches of pale blue sky There appeared to be police activity bear a villa in Avenida Visconde de Albuquerque Leblon Rio de Janeiro Motorcycle officers followed by police cars with sirens blaring and lights flashing rushed to a big villa in Leblon where they found a mans body floating face down in an infinity edge swimming pool Who killed him and why A murder has been reported from one of those big houses in the three hundred blocks A financial superstar master of the universe is involved one of the biggest The body of a young man was found floating in the pool of his mansion with bullet holes in his back and one in his stomach Close to the swimming pool there is the dried carcass of an exotic multicolored lizard No one has explained what the lizard was seeking at that pool deck The multi colored lesbian lizard is a native of Sonora Desert in Mexico The story reveals all eventually The story will eventually end with us getting all answers to why this guy ended up dead in the pool and what the lizard was looking for at the pool deck *The Falcon* Roxanne

The Secret in Medieval Literature
Albrecht Classen,2022-10-17 The Secret in Medieval Literature Alternative Worlds in the Middle Ages explores the many strange phenomena both in the Middle Ages and today that do not find any good rational explanations Those do not pertain to magic or to religion in the traditional sense of the word they are secrets of an epistemological kind and tend to defy human rationality without being marginal or irrelevant At first sight we might believe that we face elements from fairy tales but the medieval cases discussed here go far beyond such a simplistic approach to the mysterious dimension of secrets In fact as this book argues medieval poets commonly engaged with alternative forces and described their workings within the human context both in the Latin West and in the East without being able to come to terms with them critically Those mysteries appear both in heroic epics and courtly romances among other genres and they figure more frequently than we might have assumed On the one hand we could conceive of those secrets as the product of literary liberties and imagination on the other those secrets prove to be rather serious agents intervening in the lives of the fictional protagonists By the same token our modern world is not all rationality and material conditions either The study of secrets in the Middle Ages thus opens the pathway toward a new epistemology both for the people in the pre modern age and us today
