Blood Theology Eugene F. Rogers, Jr,2021-03-25 The unsettling language of blood has been invoked throughout the history of Christianity But until now there has been no truly sustained treatment of how Christians use blood to think with Eugene F Rogers Jr discusses in his much anticipated new book the sheer surprising strangeness of Christian blood talk exploring the many and varied ways in which it offers a language where Christians cooperate sacrifice grow and disagree He asks too how it is that blood talk dominates when other explanations would do and how blood seeps into places where it seems hardly to belong Reaching beyond academic disputes to consider how religious debates fuel civil ones he shows that it is not only theologians or clergy who engage in blood talk but also lawmakers judges generals doctors and voters at large Religious arguments have significant societal consequences Rogers contends and for that reason secular citizens must do their best to understand them
