Lets Chat In Arabic A Practical Introduction To The Spoken Arabic Of Cairo:

Yalla-Ndardish Bi-learabi Ahmed Hassanein,1990 Egypt Mona L. Russell Ph.D.,2013-01-11 This handbook provides an overview of the society culture geography history and politics of contemporary Egypt While such historic monuments as the pyramids at Giza the Karnak Temple and the Valley of the Kings draw visitors to Egypt each year the country is today a large and varied collection of some 79 million people An important political and cultural force in the Middle East and home to one of Africa s most advanced economies Egypt is rapidly becoming a major player in the 21st century world This comprehensive text examines all facets of life in Egypt including its land history politics and culture It is written in a manner that makes the subject accessible and engaging for readers with little prior knowledge about the country but also provides a critical analysis of the latest research for students and scholars familiar with Egypt and its people Special attention is given to the historical period following the rise of Islam to enable a greater understanding of Egypt s contemporary government religious practices popular culture and current events Constructing the Social Context of Communication Dilworth B. Parkinson,2015-03-10 No detailed description available for Constructing the Social Context of Communication **'Brothers' Or Others?** Anita H. Fábos,2008 Muslim Arab Sudanese in Cairo have played a fundamental role in Egyptian history and society during many centuries of close relations between Egypt and Sudan Although the government and official press describes them as brothers in a united Nile Valley recent political developments in Egypt have underscored the precarious legal status of Sudanese in Cairo Neither citizens nor foreigners they are in an uncertain position created in part through an unusual ethnic discourse which does not draw principally on obvious characteristics of difference This rich ethnographic study shows instead that Sudanese ethnic identity is created from deeply held social values especially those concerning gender and propriety shared by Sudanese and Egyptian communities The resulting ethnic identity is ambiguous and flexible allowing Sudanese to voice their frustrations and make claims for their own uniqueness while acknowledging the identity that they share with the dominant Egyptian community Acta Orientalia ,2004 **Accessions List, Middle East** Library of Congress.
