Quietus Leonor was a typical French provincial woman very beautiful in her early twenties with golden hair ice blue eyes and lovely pale skin as white as snow Her svelte body would soon swing by the neck in the scaffold guaranteed to be a site for the eye of the beholder Her principal crime was being the daughter of a Protestant and having a Catholic lover who left her Aside from her intoxicating physical attributes she loved to travel especially to the big cities and more specifically Paris Where the splendor of spring was fitted for enamors during that time of the year Even so the stench of death and the bloody stains still perfumed the air and permeated the streets by the tens of thousands of cadavers that were further being cleared This massacre of historical proportions had been the product of the great Huguenot slaughter during Saint Bartholomew s holidays King Charles IX and his more culpable mother Catherine of Medici had thus cannily planned and conceived it On occasions new butchered Protestant bodies were found strewn on the side streets Like on one morning as she was strolling near Our Lady Cathedral one of the sites of the massacre she spotted a bishop wearing his full official garments going inside the church with the faithful where he was going to officiate mass in Latin it was Sunday mid morning in May He was a tall virile man of handsome features with raven black hair but his peculiar eyes appeared familiar to Leonor and not only the eyes but his masculinity his gait in essence the entire package That something about him woke up her curiosity and even though being a Protestant she had never gone to Our Lady or any church for that matter she chose to follow him inside To her dismay she discovered that the bishop at the altar officiating mass indeed was John the lover who had abandoned her The ringing of the small bells signaling the elevation ritual when John the bishop raised the consecrated elements of bread and wine during the celebration of the Eucharist allowed her to see the features of his full face Immediately she launched in anger toward him without realizing the importance of the sacredness of the moment and went up the steps of the altar to expose the bishop s adulterous behavior in front of the community of Catholics The faithful people shocked and angry rushed to seize her and hauled her off to the bottom of a wet and dark jail cell at a nearby prison The tribunal took six months to find her guilt of heresy blasphemy and spreading publicly slanderous calumnies against the reverend bishop and sentenced her to death by hanging In the scaffold the executioner placed the noose around her neck and the trap door opened As she fell to the void of her death she began to spookily shout while swinging in the hangman s rope However those shouts were not of dying but

were from labor pains An innocent and scared creature had dropped still connected to the umbilical cord of the mother s placenta fallen on the scaffold s hardwood begun crying and extended the arms as begging for the mercy of innocence while seeking the comfort warmth and love that only a mother could give Edited and Translated by Eduardo Berdugo **Let's Go California 10th Edition** Let's Go Inc.,2004-12-13 Completely revised and updated Let s Go California is your insider s guide to the Golden State Let s Go s forty five years of travel savvy deliver the practical facts you ll need from navigating L A s freeways to finding the hottest nightlife Expanded coverage of national parks beaches hiking and skiing get you out of the city while listings in the alternatives to tourism chapter show you how to make a difference or become a movie star Whether you d rather trek Yosemite s backcountry trails or sample California cuisine in Berkeley s gourmet ghetto Let s Go can lead the way **Matter and Interactions, Volume 1** Ruth W.
