Lets Leave God Out Of It:

Surviving in an Angry World Charles F. Stanley, 2010-10-05 The premise of this book is that learning to let go of anger and ultimately forgiving the offender will transform the foundation of every kind of relationship we have Stanley defines anger as a strong feeling of intense displeasure hostility or indignation as a result of a real or an imagined threat or insult frustration or injustice toward yourself or towards someone who s very important to you Building on this definition Stanley 1 Helps readers identify the signs of anger so they can identify anger in themselves 2 Reveals the far reaching consequences of anger which encompass the spiritual emotional and physical 3 Teaches readers how to handle anger through thirteen concrete steps 4 Walks readers through the steps to true forgiveness and the healing power it brings With compassion and a wealth of biblical understanding Stanley explains that the measure of a person is the size of thing that makes them angry He goes on to distinguish between healthy and harmful anger and reminds us that righteous indignation is a divine emotion However he skillfully explains that misguided anger eats away at ourselves our relationships with others and our relationship with God By helping readers look honestly at the source of their anger he gently leads them to the ability to truly forgive and find the peace they seek *Facing the Other* Seán Hand, 1996 Study of one of the key philosophers in the post Heideggerian field and an increasingly central presence in contemporary debates about identity and responsibility God Created This Mess Let Him Fix It Moses A. Out of the Darkness of Academics Into the Light of Jesus Christ- Glenn W. Martin, 2009-05 This book is about the nuances of college life as viewed from a Christian perspective Dr Martin came to the conclusion that the quest for human knowledge is endless in its own seductive way Our educational bastions are an arms length from the church yet it appears the church is being neglected by many who labor in the halls of academics by their lack of participation in church It is durable and manageable for one to participate in both the educational process and the church however these individuals are becoming a rare breed and that is why Dr Martin challenges the educator to return to his her spiritual roots Dr Martin asserts spiritual values are a reality and to be negligent here is without excuse **Let Go and Let**
